Sage 50 Accounts with
Sage Drive Using the
power of Sage Drive,
Sage 50 Accounts
users can benefit from
real time, remote
access to their
accounts data stored
on the main PC. Sage
50 Accounts has one

Connected User and
one Connected
Accountant included as
standard and allows up
to 25 Connected users.

Sage Accounts Connected Users | Add-Ons | Sage Store

In Sage Line 50
Accounts, there is a
menu tab under "View
-> User List ->
Requests" that should
enable a user with
administration rights to
terminate a "Request"
(i.e. Sage's name for
an application process)
by clicking on
"Remove" which should
terminate the
application process.
However, I have
encountered a rogue
process that seems to
be immune to being
"Removed".

Can't remove Request from User

List - Sage 50 Accounts and ...

This happens when you force to close down Line 50 i.e. by pressing control + Alt + delet then close down the application. Even though sage is closed donw still thinks that operator x is logged on. To remove this operator, simple solution is sign on as operator x and then sign off.

Problem with Sage - user still logged on | AccountingWEB

Use the User Activity option to view who is currently logged in to Sage Job Costing and what area of the software they're accessing. This is particularly useful if you have a multi-user, network version and need everyone else to log out before

performing certain tasks, for example, taking a backup.

Ask Sage - To view user activity and end a user session

Sage 50 User's Guide

Manage users. If you
 want to have more
 than one person
 processing your
 accounts, consider
 adding multiple users
 to your Accounting
 service. Use Roles to

choose what options
 each user can access,
 from read-only to full
 access.

Manage users - Accounting

Open Sage 50 and
 select File > Sage
 Drive > Manage User
 Access (Management
 Center). If prompted,
 enter your Sage ID
 credentials. Click the
 radio button By user on
 the right side to display
 a list of users who
 currently have access
 to Sage Drive. Select
 the desired user and
 click the edit user
 button.

Manage users for Sage Drive

Once in the
 C:\Documents and
 Settings\All
 Users\Application Data\
 folder scroll down and
 then double click on
 \Sage\ folder; Double

click to go into the
 \Accounts\ folder

Sage Error:

 ...

Setting up Multiple Users "Sysadmin" is the system administrator profile that is created when you install Sage 50 Accounting. The sysadmin profile has full accounting rights for all of the company records and is able to create, remove, or modify other users. Before you can begin working in multi-user mode, the sysadmin user needs to:

Multi-User Mode

Open your shared company and select File > Sage Drive > Manage User Access (Management Center). The Sage Drive

Management Center opens in a web browser. If prompted, enter your Sage ID credentials. Click the add user button in the upper left to open the Add user screen. Enter the user's name, email address, and access level. (User or Accountant -currently there are no differences in access level rights).

Adding users - Sage

This is when a supplier invoice is matched to the purchase order to determine if it should be paid or queried before any payment is made. All purchase order items regardless of type (stock, miscellaneous, service/labour and free text) are displayed when entering invoices or credit notes.

Record a purchase invoice (POP) - Sage

If the user has a setup in the previous version of Sage 50. The username has limit of up to 16 characters and the password is limited to 9 characters, enter credentials to the

full characters as it takes and then press enter. Open Notepad or Microsoft Word, type your password and check whether all the key strokes are entered properly or not.
