Asking others what we need or want is natural and desirable, and is an important part of interpersonal communication. In this book we will refer to different types of requests such as: asking for favors, information or help, asking for defective merchandise to be changed, proposing activities, etc. Being assertive when making requests means asking for what we want, properly, while respecting the rights and feelings of others. This includes: Asking for things frequently, as this increases the chances of other people accepting our requests and getting what we want. Request information on issues that interest us or that we do not understand (e.g., in class or at the doctor's office). Expose what we want clearly, to facilitate the other to understand us and to reduce the

chances of our message being ignored or distorted. Make requests persuasively, to make it easier for the other to access them. Consider how the other feels so as not to bother him unnecessarily. Respect the right of others to reject our requests. Non-assertive ways of making requests: inhibition and aggressiveness This book will help you understand how you can effectively communicate with others and how to avoid being misunderstood.

Bring on the Books for Everybody

How Literary Culture Became Popular Culture *Duke University Press*

Bring on the Books for Everybody is an engaging assessment of the robust popular literary culture that has developed in the United States during the past two decades. Jim Collins describes how a once solitary and print-based experience has become an exuberantly social activity, enjoyed as much on the screen as on the page. Fueled by Oprah's Book Club, Miramax film adaptations, superstore bookshops, and new technologies such as the Kindle digital reader, literary fiction has been transformed into best-selling, high-concept entertainment. Collins highlights the infrastructural and cultural changes that have given rise to a flourishing reading public at a time when the future of the book has been called into question. Book reading, he claims, has not become obsolete; it has become integrated into popular visual media. Collins explores how digital technologies and the convergence of literary, visual, and consumer cultures have changed what counts as a "literary experience" in phenomena ranging from lush film adaptations such as *The English Patient* and *Shakespeare in Love* to the customer communities at Amazon. Central to Collins's analysis and, he argues, to contemporary literary culture, is the notion that refined taste is now easily acquired; it is just a matter of knowing where to access it and whose advice to trust. Using recent novels, he shows that the redefined literary landscape has affected not just how books are being read, but also what sort of novels are being written for these passionate readers. Collins connects literary bestsellers from *The Jane Austen Book Club* and *Literacy and Longing in L.A.* to *Saturday* and *The Line of Beauty*, highlighting their depictions of fictional worlds filled with avid readers and their equations of reading with cultivated consumer taste.

Master Small Talk, Avoid Awkwardness, Hold Attention, and Improve Your Social Skills

Do you struggle to communicate? Are you having a hard time connecting with new friends, acquaintances, or coworkers? Does the idea of small-talk feel daunting, or even impossible? If this sounds like you, then keep reading! No matter what anyone says, good communication as a skill is difficult to learn - and seems impossible to master. To even begin, you need to have the right attitude and approach - something you wouldn't have without the right tools. Being told to simply "talk" can seem easier said than done, because not everyone is born that way. Some people are born with the natural charisma and skills to hold a conversation with anyone, and some people aren't. However, that doesn't mean you can't learn! If you're not given the right tools to learn any skill, you'll be hard-pressed to figure it out on your own. Why would you? You wouldn't learn blacksmithing without a forge, you wouldn't learn to tailor clothes without being taught to sew - how is this any different? It may not be difficult to speak to someone, but the difference between simply speaking and being able to actually "talk" is leagues between them. It's the body language, it's knowing how to approach topics, it's knowing which topics to cover and why your conversations have felt so flat in the past. Without all of these 'moving pieces' of conversation, it's impossible... but that's why we ask for help. In this book, you'll learn the following: How to speak to anyone with the same confidence as an expert; The differences between small talk, and a full-on conversation; Dumb small talk mistakes that are all-too easy to make as a beginner; Conversation non-starters, and other topics to avoid; How to recognize where your small talk skills need work, and how to address them; 5 powerful, unusual small talk tips that work every single time; How to fake it till you make it--being confident even when you really aren't; AND SO MUCH MORE! This book aims to give you the power to hold a conversation with anyone - to see where you've been going wrong, and correct mistakes you may not have realized you were making in the first place. Without help, or a guiding hand, how would anyone learn anything? Everyone has to start somewhere! It doesn't matter where in your journey you are, or how long it took you to get here - wanting it enough can be the first step

to mastering it. If you're tired of struggling, and you're ready to really learn how easy conversations and small talk can be, then this book was written for you! Don't waste another minute, scroll up and hit "BUY NOW" to start today!

The Jetsetters

A Novel

"When seventy-year-old Charlotte Perkins submits a sexy essay to the "Become a Jetsetter" contest, she dreams of reuniting her estranged children: Lee, an almost-famous actress; Cord, a handsome Manhattan venture capitalist who can't seem to find a bride; and Regan, a harried mother who took it all wrong when Charlotte bought her a Weight Watchers gift certificate for her birthday. Charlotte yearns for the years when her children were young and she was a single mother who meant everything to them. When she wins the cruise, the family packs all their baggage--literal and figurative--and spends ten days traveling from sun-drenched Athens through glorious Rome to tapas-laden Barcelona on an over-the-top cruise ship, the *Splendido Marveloso*. As lovers new and old join the adventure, long-buried secrets are revealed, and the Perkins family is forced to confront the defining choices in their lives. Can four lost adults find the peace they've been seeking by

reconciling their childhood aches and coming back to each other? In the vein of *The Nest* and *The Vacationers*, Ward has created a delicious and intelligent novel about the courage it takes to reveal our true selves, the pleasures and perils of family, and how we navigate the seas of adulthood to cruise--we can only hope--toward joy"--

Last Call at the Hotel Imperial

The Reporters Who Took On a World at War *Random House*

A prize-winning historian's revelatory account of a close-knit band of wildly famous American reporters who, in the run-up to World War II, took on dictators and rewrote the rules of modern journalism "As intimate and gripping as a novel, this brilliant book vividly conveys what it felt like to live through the shocking crises of the thirties and forties."—Larissa MacFarquhar, author of *Strangers Drowning* They were an astonishing group: glamorous, gutsy, and irreverent to the bone. As cub reporters in the 1920s, they roamed across a war-ravaged world, sometimes perched atop mules on wooden saddles, sometimes gliding through countries in the splendor of a first-class sleeper car. While empires collapsed and fledgling democracies faltered, they chased deposed empresses, international financiers, and Balkan gun-runners, and then knocked back doubles late into the night. *Last Call at the Hotel Imperial* is the extraordinary story of John Gunther, H. R. Knickerbocker, Vincent Sheean, and Dorothy Thompson. In those tumultuous years, they landed exclusive interviews with Hitler and Mussolini, Nehru and Gandhi, and helped shape what Americans knew about the world. Alongside these backstage glimpses into the halls of power, they left another equally incredible set of records. Living in the heady afterglow of Freud, they subjected themselves to frank, critical scrutiny and argued about love, war, sex, death, and everything in between. Plunged into successive global crises, Gunther, Knickerbocker, Sheean, and Thompson could no longer separate themselves from the turmoil that surrounded them. To tell that story, they broke long-standing taboos. From their circle came not just the first modern account of illness in Gunther's *Death Be Not Proud*—a memoir about his son's death from cancer—but the first no-holds-barred chronicle of a marriage: Sheean's Dorothy and Red, about Thompson's fractious relationship with Sinclair Lewis. Told with the immediacy of a conversation overheard, this revelatory book captures how the global upheavals of the twentieth century felt up close.

I Am a Girl from Africa *Simon and Schuster*

The inspiring journey of a girl from Africa whose near-death experience sparked a dream that changed the world. When severe draught hit her village in Zimbabwe, Elizabeth, then eight, had no idea that this moment of utter devastation would come to define her life purpose. Unable to move from hunger, she encountered a United Nations aid worker who gave her a bowl of warm porridge and saved her life. This transformative moment inspired Elizabeth to become a humanitarian, and she vowed to dedicate her life to giving back to her community, her continent, and the world. Grounded by the African concept of ubuntu—"I am because we are"—*I Am a Girl from Africa* charts Elizabeth's quest in pursuit of her dream from the small village of Goromonzi to Harare, London, New York, and beyond, where she eventually became a Senior Advisor at the United Nations and

launched HeForShe, one of the world's largest global solidarity movements for gender equality. For over two decades, Elizabeth has been instrumental in creating change in communities all around the world; uplifting the lives of others, just as her life was once uplifted. The memoir brings to vivid life one extraordinary woman's story of persevering through incredible odds and finding her true calling—while delivering an important message of hope and empowerment in a time when we need it most.

One Friday in April: A Story of Suicide and Survival *W. W. Norton & Company*

Named one of the Most Anticipated of Books of 2021 by the Los Angeles Times, Literary Hub, and The Millions A searing and brave memoir that offers a new understanding of suicide as a distinct mental illness. As the sun lowered in the sky one Friday afternoon in April 2006, acclaimed author Donald Antrim found himself on the roof of his Brooklyn apartment building, afraid for his life. In this moving memoir, Antrim vividly recounts what led him to the roof and what happened after he came back down: two hospitalizations, weeks of fruitless clinical trials, the terror of submitting to ECT—and the saving call from David Foster Wallace that convinced him to try it—as well as years of fitful recovery and setback. *One Friday in April* reframes suicide—whether in thought or action—as an illness in its own right, a unique consequence of trauma and personal isolation, rather than the choice of a depressed person. A necessary companion to William Styron's classic *Darkness Visible*, this profound, insightful work sheds light on the tragedy and mystery of suicide, offering solace that may save lives.
