Introduction to Critical Ethnography

Ethnography is a field-based research method – not unique to anthropology – employing observation and interviewing to investigate social practices and the meanings behind social interaction. Ethnology involves the systematic comparison of different cultures using ethnographic research methods to

Research Ethics in Ethnography/Anthro

pology

Critical ethnography applies a critical theory based approach to ethnography. It focuses on the implicit values expressed within ethnographic studies and, therefore, on the unacknowledged biases that may result from such implicit values. It has been called critical theory in practice. of critical theory, this approach seeks to determine symbolic mechanisms, to extract ideology from action, and to understand the cognition and behaviour of research subjects within historical, cultural, and social
