Cataloging or Cataloguing or Library Cataloging is the process of creating and maintaining bibliographic and authority records in the library catalog, the database of books, serials, sound recordings, moving images, cartographic materials, computer

files, e-resources etc. that are owned by a library. The catalog may be in tangible form, such as a card catalog or in electronic form, such as online public access catalog (OPAC).

Cataloging - Librarianship Studies

A cataloger is an individual responsible for the processes of description, subject analysis, classification, and authority control of library materials. Catalogers serve as the "foundation of all library service, as they are the ones who organize information in such a way as to make it easily accessible".
