The British Empire And Its

The British Empire is a term used to describe all the places around the world that were once ruled by Britain. Built over many years, it grew to include large areas of North America, Australia, New Zealand, Asia and Africa, as well as small parts of Central and South America, too.

British Empire facts! | National Geographic Kids

British Empire, a worldwide system of dependencies—colonies, protectorates, and other territories—that over a span of some three centuries was brought under the sovereignty of the crown of Great Britain and the administration of the British government. The policy of granting or recognizing significant degrees of self-government by dependencies, which was favoured by the far-flung nature of the empire, led to the development by the 20th century of the notion of a “British Commonwealth

British Empire | Countries, Map, At Its Height, & Facts

...

The British Empire comprised the dominions, colonies, protectorates, mandates, and other territories ruled or administered by the United Kingdom and its predecessor states. It originated with the overseas possessions and trading posts established by England between the late 16th and early 18th centuries. At its height, it was the largest empire in history and, for over a century, was the ...

British Empire - Wikipedia

The British Empire is remembered for its extensive, long-lasting and far-reaching imperial activities that ushered in an era of globalisation and connectivity. The

British Empire began in its formative years in the sixteenth century and flourished and grew dramatically, lasting until the twentieth century. Key Events:

Timeline of the British Empire - Historic UK

An empire is a group of countries ruled over by a single monarch or ruling power. An empire doesn't need an 'emperor'. The British Empire comprised of Britain, the 'mother country', and the...
