Whether in an office, on a date, or on a family outing, the simple technique of reading body language is a unique skill that offers real and important benefits.

Emotional Freedom

Liberate Yourself from Negative Emotions and Transform Your Life Harmony

A New York Times bestseller, Emotional Freedom is a road map for those who are stressed out, discouraged, or overwhelmed as well as for those who are in a good emotional place but want to feel even better. Picture yourself trapped in a traffic jam feeling

utterly calm. Imagine being unflappable and relaxed when your supervisor loses her temper. What if you were peaceful instead of anxious? What if your life were filled with nurturing relationships and a warm sense of belonging? This is what it feels like when you've achieved emotional freedom. Bestselling author Dr. Judith Orloff invites you to take a remarkable journey, one that leads to happiness and serenity, and a place where you can gain mastery over the negativity that pervades daily life. No matter how stressed you currently feel, the time for positive change is now. You possess the ability to liberate yourself from depression, anger, and fear. Synthesizing neuroscience, intuitive medicine, psychology, and subtle energy techniques, Dr. Orloff maps the elegant relationships between our minds, bodies, spirits, and environments. With humor and compassion, she shows you how to identify the most powerful negative emotions and how to transform them into hope, kindness, and courage. Compelling patient case studies and stories from her online community, her workshop participants, and her own private life illustrate the simple, easy-to-follow action steps that you can take to cope with emotional vampires, disappointments, and rejection. As Dr. Orloff shows, each day presents opportunities for us to be heroes in our own lives: to turn away from negativity, react constructively, and seize command of any situation. Complete emotional freedom is within your grasp.

EQ, Applied

The Real-World Guide to Emotional Intelligence

In this age of social media attacks, broken commitments, and rampant corruption, a high emotional intelligence quotient, or EQ, is more important than ever. Justin Bariso brings the concept of emotional intelligence up to date and into the real world, combining scientific research with high-profile examples and personal stories. EQ, Applied teaches you how to channel your strongest feelings in a way that helps, not harms you--or others--enabling you to break down barriers and improve the quality of your relationships. You'll learn how thoughts and habits affect emotions, and how to replace bad habits with healthier ones. You'll see why even negative feedback is a gift, and when being empathetic can actually get you into trouble. Finally, you'll learn how people can use your emotions to manipulate you, and how you can guard yourself against such attempts, leading to greater mental and emotional strength. EQ, Applied gives you a set of practical tools and exercises that inspire you to be more helpful, move past resentment, and develop your more authentic self. By increasing your knowledge about emotions, you'll better understand yourself and make wiser decisions. It's time to put your emotions to work.

The Silent Language of Leaders

How Body Language Can Help--or Hurt--How You Lead *John Wiley & Sons*

A guide for using body language to lead more effectively Aspiring and seasoned leaders have been trained to manage their leadership communication in many important ways. And yet, all their efforts to communicate effectively can be derailed by even the smallest nonverbal gestures such as the way they sit in a business meeting, or stand at the podium at a speaking engagement. In *The Silent Language of Leaders*, Goman explains that personal space, physical gestures, posture, facial expressions, and eye contact communicate louder than words and, thus, can be used strategically to help leaders manage, motivate, lead global teams, and communicate clearly in the digital age. Draws on compelling psychological and neuroscience research to show leaders how to adjust their body language for maximum effect. Stands out as the only book to address specifically how leaders can use body language to increase their effectiveness Goman, a respected management coach, is widely considered as the expert in body language issues in the workplace *The Silent Language of Leaders* will show readers how to take advantage of the most underused skills in the leadership toolkit—nonverbal skills—to improve their credibility and stay ahead of the curve.

SHAN HAI JING—A BOOK COVERED WITH BLOOD

The Story Of Developers Of The Catalog Of Human Population *HPA Press*

In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book, which turned out to be the source, from which it is possible to obtain absolutely any kind of information about

absolutely any person. Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more. And, it does not matter, if the subject is some person, who lived in the distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves. Since from the standpoint of the Catalog of human population—technogenic civilization without a human, which they lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"—maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they are the main deceivers, while in reality they were fooled, and fooled majorly.

Fahrenheit 451

A Novel *Simon and Schuster*

A totalitarian regime has ordered all books to be destroyed, but one of the book burners suddenly realizes their merit.

How Should a Person Be?

A Novel from Life *Henry Holt and Company*

Chosen as one of fifteen remarkable books by women that are shaping the way we read and write in the 21st century by the book critics of The New York Times "Funny...odd, original, and nearly unclassifiable...unlike any novel I can think of."—David Haglund, The New York Times Book Review "Brutally honest and stylistically inventive, cerebral, and sexy."—San Francisco Chronicle Named a Book of the Year by The New York Times Book Review, The New Yorker, San Francisco Chronicle, Salon, Flavorpill, The New Republic, The New York Observer, The Huffington Post A raw, startling, genre-defying novel of friendship, sex, and love in the new millennium—a compulsive read that's like "spending a day with your new best friend" (Bookforum) Reeling from a failed marriage, Sheila, a twentysomething playwright, finds herself unsure of how to live and create. When Margaux, a talented painter and free spirit, and Israel, a sexy and depraved artist, enter her life, Sheila hopes that through close—sometimes too close—observation of her new friend, her new lover, and herself, she might regain her footing in art and life. Using transcribed conversations, real emails, plus heavy doses of fiction, the brilliant and always innovative Sheila Heti crafts a work that is part literary novel, part self-help manual, and part bawdy confessional. It's a totally shameless and dynamic exploration into the way we live now, which breathes fresh wisdom into the eternal questions: What is the sincerest way to love? What kind of person should you be?

The Curious Incident of the Dog in the Night-Time

A Novel *Vintage*

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

Eichmann in Jerusalem

A Report on the Banality of Evil *Penguin*

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of The Origins of Totalitarianism Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in The New Yorker in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, Eichmann in Jerusalem is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

The People You Meet and the Books You Read

Business ed

The Better Business Book

What Every BODY is Saying

An Ex-FBI Agent's Guide to Speed-Reading People *Harper Collins*

Joe Navarro, a former FBI counterintelligence officer and a recognized expert on nonverbal behavior, explains how to "speed-read" people: decode sentiments and behaviors, avoid hidden pitfalls, and look for deceptive behaviors. You'll also learn how your body language can influence what your boss, family, friends, and strangers think of you. Read this book and send your nonverbal intelligence soaring. You will discover: The ancient survival instincts that drive body language Why the face is the least likely place to gauge a person's true feelings What thumbs, feet, and eyelids reveal about moods and motives The most powerful behaviors that reveal our confidence and true sentiments Simple nonverbals that instantly establish trust Simple nonverbals that instantly communicate authority Filled with examples from Navarro's professional experience, this definitive book offers a powerful new way to navigate your world.

Design Justice

Community-Led Practices to Build the Worlds We Need *MIT Press*

An exploration of how design might be led by marginalized communities, dismantle structural inequality, and advance collective liberation and ecological survival. What is the relationship between design, power, and social justice? "Design justice" is an approach to design that is led by marginalized communities and that aims explicitly to challenge, rather than reproduce, structural inequalities. It has emerged from a growing community of designers in various fields who work closely with social movements and community-based organizations around the world. This book explores the theory and practice of design justice, demonstrates how universalist design principles and practices erase certain groups of people—specifically, those who are intersectionally disadvantaged or multiply burdened under the matrix of domination (white supremacist heteropatriarchy, ableism, capitalism, and settler colonialism)—and invites readers to "build a better world, a world where many worlds fit; linked worlds of collective liberation and ecological sustainability." Along the way, the book documents a multitude of real-world community-led design practices, each grounded in a particular

social movement. Design Justice goes beyond recent calls for design for good, user-centered design, and employment diversity in the technology and design professions; it connects design to larger struggles for collective liberation and ecological survival.

Future Shock *Bantam*

NEW YORK TIMES BESTSELLER • The classic work that predicted the anxieties of a world upended by rapidly emerging technologies—and now provides a road map to solving many of our most pressing crises. "Explosive . . . brilliantly formulated." —The Wall Street Journal *Future Shock* is the classic that changed our view of tomorrow. Its startling insights into accelerating change led a president to ask his advisers for a special report, inspired composers to write symphonies and rock music, gave a powerful new concept to social science, and added a phrase to our language. Published in over fifty countries, *Future Shock* is the most important study of change and adaptation in our time. In many ways, *Future Shock* is about the present. It is about what is happening today to people and groups who are overwhelmed by change. Change affects our products, communities, organizations—even our patterns of friendship and love. But *Future Shock* also illuminates the world of tomorrow by exploding countless clichés about today. It vividly describes the emerging global civilization: the rise of new businesses, subcultures, lifestyles, and human relationships—all of them temporary. *Future Shock* will intrigue, provoke, frighten, encourage, and, above all, change everyone who reads it.

A Mind to Mind Conversation *Createspace Independent Publishing Platform*

Do you ever feel like you could do more with your life, but you don't know where to start? Do great ideas keep going through your mind, barely changing from year to year? Do you need the tools to get you going in the right direction? This book has one purpose: To help you make your dream come true, no matter how big that dream might be. To change your life you need the desire to change and the commitment to make that change possible through action. *Mind to Mind Conversations* will help start you on the path to a new life.

The Daily Show (The Book)

An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests *Grand Central Publishing*

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily Show*'s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through

years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

Dancers Between Realms

Empath Energy, Beyond Empathy *Createspace Independent Pub*

The Empath. The word has found its way into our consciousness accompanied by ideas of healing, sharing emotion and pain. Empaths are sensitive, caring, responsive people who have at the core of their nature an innate ability to receive energy, information and awareness from others with a depth and intensity that is beyond our customary understanding of empathy. Yet, this very receptivity and permeability brings its own challenges. It is vital for empaths to recognize themselves as such and to consciously explore, understand and address this energetic flow in their life. Self-inquiry is the essential tool to understanding all that motivates and colors your experience of the world. The book explores in depth this receptivity, as well as tools, concepts and approaches to support understanding and how to flourish with this heightened sensitivity. This book is a shared journey, edited from years of workshops and sessions with Elisabeth Fitzhugh and the Orion group.

On Second Thought

Outsmarting Your Mind's Hard-wired Habits *Broadway Books*

Reveals the evolutionary science behind how and why the human brain makes snap decisions, explaining how biological programming helps and hinders modern lives and how to avoid common mistakes by understanding the factors that prompt biased choices.

The Wisdom of Crowds *Anchor*

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

In the Darkroom *Macmillan*

Journalist Susan Faludi's inquiry into the meaning of identity in the modern world and in her own haunted family saga, involving her 76-year-old father--long estranged and living in Hungary--who underwent sex reassignment surgery.

Brainspotting

The Revolutionary New Therapy for Rapid and Effective Change *Sounds True*

Brain-based therapy is the fastest-growing area in the field of psychological health because it has proven that it can

immediately address issues that talk therapy can take years to heal. Now Dr. David Grand presents the next leap forward in psychological care—combining the strengths of brain-based and talk therapies into a powerful technique he calls Brainspotting. In Brainspotting, Dr. Grand reveals the key insight that allowed him to develop this revolutionary therapeutic tool: that where we look reveals critical information about what's going on in our brain. Join him to learn about: The history of Brainspotting—how it evolved from EMDR practice as a more versatile tool for brain-based therapy Brainspotting in action—case studies and evidence for the effectiveness of the technique An overview of the different aspects of Brainspotting and how to use them Between sessions—how clients can use Brainspotting on their own to reinforce and accelerate healing Why working simultaneously with the right and left brain can lead to expanded creativity and athletic performance How Brainspotting can be used to treat PTSD, anxiety, depression, addiction, physical pain, chronic illness, and much more “Brainspotting lets the therapist and client participate together in the healing process,” explains Dr. Grand. “It allows us to harness the brain's natural ability for self-scanning, so we can activate, locate, and process the sources of trauma and distress in the body.” With Brainspotting, this pioneering researcher introduces an invaluable tool that can support virtually any form of therapeutic practice—and greatly accelerate our ability to heal. “David Grand is one of the most important and effective psychological trauma therapists now practicing, and his development of Brainspotting is a very important leap forward in helping people resolve trauma. Brainspotting is a remarkable, sophisticated, flexible addition to the therapeutic toolkit of any psychotherapist. I know because I use it regularly, and find that, combined with the psychoanalytic approaches I normally practice, the results are astonishingly helpful. Using it, one becomes amazed at the extent to which our traumas can be detected in our ordinary facial and eye reflexes, and how, by using these windows to inner mental states, many traumas and symptoms can be rapidly relieved. Grand writes clearly, and the cases, dramatic as they are, are not exaggerated.” —Norman Doidge, MD, FRCPC, author of *The Brain That Changes Itself*; faculty, University of Toronto, Department of Psychiatry, and Columbia University Department of Psychiatry Center for Psychoanalytic Training and Research

Nicomachean Ethics *Courier Corporation*

Enduringly profound treatise, whose lasting effect on Western philosophy continues to resonate. Aristotle identifies the goal of life as happiness and discusses its attainment through the contemplation of philosophic truth.

How to Win Friends and Influence People *Manjul Publishing*

The Charisma Myth

How Anyone Can Master the Art and Science of Personal Magnetism *Penguin*

What if charisma could be taught? For the first time, science and technology have taken charisma apart, figured it out and turned it into an applied science: In controlled laboratory experiments, researchers could raise or lower people's level of charisma as if they were turning a dial. What you'll find here is practical magic: unique knowledge, drawn from a variety of sciences, revealing what charisma really is and how it works. You'll get both the insights and the techniques you need to apply this knowledge. The world will become your lab, and every person you meet, a chance to experiment. *The Charisma Myth* is a mix of fun stories, sound science, and practical tools. Cabane takes a hard scientific

approach to a heretofore mystical topic, covering what charisma actually is, how it is learned, what its side effects are, and how to handle them.

A Hole in the Bottom of the Sea *Barefoot Books*

Swim with 5 sea creatures in this colorful, tongue-twisting singalong! Based on the traditional cumulative song, each verse introduces a new animal and its place in the marine food chain, from the snail to the shark. Chosen as the BookTrust National Bookstart Week book in 2016, *A Hole in the Bottom of the Sea* offers a delightful dip into multi-sensory science learning sure to inspire young marine biologists. A QR code on the book provides access to video animation and audio.

Triggers

Creating Behavior that Lasts-- Becoming the Person You Want to be *Currency*

A renowned executive coach and psychologist shows readers how to recognize and overcome the emotional and psychological triggers that set off a reaction or a behavior that often is detrimental so that they can achieve meaningful and sustained change.

It's Better to Be Feared: The New England Patriots Dynasty and the Pursuit of Greatness *Liveright Publishing*

"Seth Wickersham has managed to do the impossible: he has pulled off the definitive document of the Belichick/Brady dynasty." —Bill Simmons, *The Ringer* The explosive, long-awaited account of the making of the greatest dynasty in football history—from the acclaimed ESPN reporter who has been there from the very beginning. Over two unbelievable decades, the New England Patriots were not only the NFL's most dominant team, but also—and by far—the most secretive. How did they achieve and sustain greatness—and what were the costs? In *It's Better to Be Feared*, Seth Wickersham, one of the country's finest long form and investigative sportswriters, tells the full, behind-the-scenes story of the Patriots, capturing the brilliance, ambition, and vanity that powered and ultimately unraveled them. Based on hundreds of interviews conducted since 2001, Wickersham's chronicle is packed with revelations, taking us deep into Bill Belichick's tactical ingenuity and Tom Brady's unique mentality while also reporting on their divergent paths in 2020, including Brady's run to the Super Bowl with the Tampa Bay Buccaneers. Raucous, unvarnished, and definitive, *It's Better to Be Feared* is an instant classic of American sportswriting in the tradition of Michael Lewis, David Maraniss, and David Halberstam.

How to Analyze People

Reading People 101: a Guide with 25+ Tricks to Read the Person You Are Talking to - Why You Must Learn to Understand Human Mind Psychology and How You Can Improve Your Life with That Skill *Createspace Independent Publishing Platform*

We live in a world filled with people that we interact with on a daily basis. There are many different reasons for these interactions, and different outcomes based on these interactions. You are able to influence people with your words and body language, and by reading them, you are able to get what you want. There are many different ways being skilled in the art of reading people will help you in life. No matter what your position is at work, how much confidence you have when you are asking someone out, or how good you are at interacting with people, the

ability to read people puts you way ahead of the rest. This book is going to help you read people... well... like a book. You are going to know what to look for, when to push, when to back down, and what to do in all kinds of situations. There are so many ways you can benefit from this skill, giving you an edge up in all aspects of life. Skeptical? Consider this... Knowing how to read people can: * Help you land that job offer you want * Give you an edge when you are inviting that girl out on a date * Send you warnings that someone is getting offended, and help you change what you are doing to avoid conflict * Keep harmony in the workplace or in the home * Encourage others to do their best or try harder * Motivate people * And more

13 Things Mentally Strong People Don't Do

Take Back Your Power, Embrace Change, Face Your Fears, and Train Your Brain for Happiness and Success *Harper Collins*

"Kick bad mental habits and toughen yourself up." —Inc. Master your mental strength—revolutionary new strategies that work for everyone from homemakers to soldiers and teachers to CEOs. Don't waste time feeling sorry for yourself Don't give away your power Don't shy away from change Don't focus on things you can't control Don't worry about pleasing everyone Don't fear taking calculated risks Don't dwell on the past Don't make the same mistakes over and over Don't resent other people's success Don't give up after the first failure Don't fear alone time Don't feel the world owes you anything Don't expect immediate results

Atomic Habits

An Easy & Proven Way to Build Good Habits & Break Bad Ones *Penguin*

The #1 New York Times bestseller. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving—every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to:

- make time for new habits (even when life gets crazy);
- overcome a lack of motivation and willpower;
- design your environment to make success easier;
- get back on track when you fall off course; ...and much more.

Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits—whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.

Person of Interest

Why Jesus Still Matters in a World that Rejects the Bible *Zondervan*

Can the truth about Jesus be uncovered—even without a body or a crime scene? Join cold-case detective and bestselling author J. Warner Wallace as he investigates Jesus using an innovative and unique approach he employs to solve real missing person murder cases. In *Person of Interest*, Wallace carefully sifts through the evidence from history alone, without relying on the New Testament. You'll understand like never before how Jesus, the most significant person in history, changed the world. Features: Join a cold-case detective as he uncovers the truth about Jesus using the same approach he employs to solve real murder cases Marvel at the way Jesus changed the world as you investigate why Jesus still matters today Learn how to use an innovative and unique "fuse and fallout" investigative strategy that you can also use to examine other claims of history Explore and learn how to respond to common objections to Christianity Detective J. Warner Wallace listened to a pastor talk about Jesus and wondered why anyone would think Jesus was a person of interest. Wallace was skeptical of the Bible, but he'd investigated several no-body homicide cases in which there was no crime scene, no physical evidence, and no victim's body. Could the historical life and actions of Jesus be investigated in the same way? In *Person of Interest*, Wallace describes his own personal investigative journey from atheism to Christianity as he carefully considers the evidence. Creative, compelling, and fully illustrated, *Person of Interest* will strengthen the faith of believers while engaging those who are skeptical and distrusting of the New Testament. "Wallace has an uncanny ability to discover clues where no one else sees them. Now he tackles perhaps his toughest case ever: solving a deeply personal mystery involving his own religious faith." —ROBERT DEAN, producer of NBC News Dateline "A creative and eye-opening work. You'll be captivated as Wallace takes you on a thrilling journey of discovery." —LEE STROBEL, bestselling author of *The Case for Christ* "If you read this book, you will have to reckon with Jesus, not just as a historical person but as Lord and Savior. This is not your typical apologetics book!" —ALISA CHILDERS, author of *Another Gospel* "Bring your doubts, bring your skepticism—but if you bring them in open-minded honesty . . . be prepared to render a shocking verdict." —SCOTT HANSON, host of NFL RedZone

Barking Up the Wrong Tree

The Surprising Science Behind Why Everything You Know About Success Is (Mostly) Wrong *HarperCollins*

Wall Street Journal Bestseller Much of the advice we've been told about achievement is logical, earnest...and downright wrong. In *Barking Up the Wrong Tree*, Eric Barker reveals the extraordinary science behind what actually determines success and most importantly, how anyone can achieve it. You'll learn: • Why valedictorians rarely become millionaires, and how your biggest weakness might actually be your greatest strength • Whether nice guys finish last and why the best lessons about cooperation come from gang members, pirates, and serial killers • Why trying to increase confidence fails and how Buddhist philosophy holds a superior solution • The secret ingredient to "grit" that Navy SEALs and disaster survivors leverage to keep going • How to find work-life balance using the strategy of Genghis Khan, the errors of Albert Einstein, and a little lesson from Spider-Man By looking at what separates the extremely successful from the rest of us, we learn what we can do to be more like them—and find out in some cases why it's good that we aren't. *Barking Up the*

Wrong Tree draws on startling statistics and surprising anecdotes to help you understand what works and what doesn't so you can stop guessing at success and start living the life you want.

How to Analyze People

Persuasion, and Dark Psychology - 3 Books in 1 - How to Recognize The Signs Of a Toxic Person Manipulating You, and The Best Defense Against It

Dark Psychology Series Complete 3 Book Compilation This book includes: *How to Analyze People* *Dark Psychology - Dark Secrets to Analyze and Influence Anyone Using Body Language, Human Psychology, Subliminal Persuasion and NLP Persuasion* *Dark Psychology - How People are Influencing You to Do What They Want Using Manipulation, NLP, and Subliminal Persuasion* *Dark Psychology The Practical Uses and Best Defenses of Psychological Warfare in Everyday Life - How to Detect and Defend Against Manipulation, Deception, Dark Persuasion, and Covert NLP* If you're tired of being manipulated, whether you're being tricked into doing things you don't want, or others are taking advantage of you, there are ways to stop manipulation and persuasion in its tracks. In this book, you will get a groundwork for what different types of persuasion and manipulation might be. You will learn the process of how people use these tactics to their advantage. The first half of the book will discuss what makes up an individual. The way you use your body, the words that you choose to speak, and the way that they were raised all play important roles in what makes an individual. You will also have to look at your own self and pick out all of these unique things that make them different from everyone else as well. There are psychological studies that back up the idea of certain methods of persuasion, such as NLP tactics, that prove that anyone has the power to persuade others. Inside this book, you will discover: What Dark Psychology is and how it's used to control people. How to plant different emotional seeds that will grow in people's minds How to use words to steer people however you like How to identify and work with different types of people like contrarians and control freaks. The jobs/roles in society that you are most likely to be manipulated in The language of the subconscious The dirty tricks lovers and family members use to control their victims. How to analyze different personality types Mind-blowing tricks for manipulation Magic words for influencing others A step-by-step guide on influencing others with NLP Forbidden secrets of dark psychology Case studies showcasing how much damage a master manipulator can do. And much more... Although there are many differences among people, there are also many things that make us the same. In order to better analyze and understand those around you, it's crucial to find those things that we do connect on, and the things that bring us together rather than the things that tear us apart. It's important when reading this book to remember that not all manipulation is bad. In the first book of this boxset, it is emphasized that those who might be manipulating you might also be taking advantage of you. When reading this book, you should remember that manipulation is a tool, much like a hammer. You can either use that hammer to destroy everything around you, or you could alternatively use that hammer to create something organic, something new. This book will take you first through the discovery and analyzation of those around you, and then it will provide different ways that you can persuade them. The only thing you need before starting this book is the willingness to change. You might have to confront some of your darkest issues, and you might have to put yourself through future scenarios that elicit a feeling of discomfort. In the end, however, you'll find yourself to be much more self-aware and independent. Click "Add to Cart" now and learn how to defend against dark

psychology and keep your mind and life in control.

The Person You Mean to Be

How Good People Fight Bias *HarperCollins*

"Finally: an engaging, evidence-based book about how to battle biases, champion diversity and inclusion, and advocate for those who lack power and privilege. Dolly Chugh makes a convincing case that being an ally isn't about being a good person—it's about constantly striving to be a better person." —Adam Grant, New York Times bestselling author of *Give and Take*, *Originals*, and *Option B* with Sheryl Sandberg Foreword by Laszlo Bock, the bestselling author of *Work Rules!* and former Senior Vice President of People Operations at Google An inspiring guide from Dolly Chugh, an award-winning social psychologist at the New York University Stern School of Business, on how to confront difficult issues including sexism, racism, inequality, and injustice so that you can make the world (and yourself) better. Many of us believe in equality, diversity, and inclusion. But how do we stand up for those values in our turbulent world? *The Person You Mean to Be* is the smart, "semi-bold" person's guide to fighting for what you believe in. Dolly reveals the surprising causes of inequality, grounded in the "psychology of good people". Using her research

findings in unconscious bias as well as work across psychology, sociology, economics, political science, and other disciplines, she offers practical tools to respectfully and effectively talk politics with family, to be a better colleague to people who don't look like you, and to avoid being a well-intentioned barrier to equality. Being the person we mean to be starts with a look at ourselves. She argues that the only way to be on the right side of history is to be a good-ish— rather than good—person. Good-ish people are always growing. Second, she helps you find your "ordinary privilege"—the part of your everyday identity you take for granted, such as race for a white person, sexual orientation for a straight person, gender for a man, or education for a college graduate. This part of your identity may bring blind spots, but it is your best tool for influencing change. Third, Dolly introduces the psychological reasons that make it hard for us to see the bias in and around us. She leads you from willful ignorance to willful awareness. Finally, she guides you on how, when, and whom, to engage (and not engage) in your workplaces, homes, and communities. Her science-based approach is a method any of us can put to use in all parts of our life. Whether you are a long-time activist or new to the fight, you can start from where you are. Through the compelling stories Dolly shares and the surprising science she reports, Dolly guides each of us closer to being the person we mean to be.
