The Secret History of the World *Hachette UK*

THE INTERNATIONAL BESTSELLER The complete history of the world, from the beginning of time to the present day, based on the beliefs and writings of the secret societies. Jonathan Black examines the end of the world and the coming of the Antichrist. Or is the Antichrist already here? How will he make himself known and what will become of the world when he does? Willl it be the end of Time? Having studied theology and learnt from initiates of all the great secret societies of the world, Jonathan Black has learned that it is possible to reach an altered state of consciousness in which we can see things about the way the world works that hidden from our everyday commonsensical consciousness. This history shows that by using secret techniques, people such as Leonardo da Vinci, Isaac Newton and George Washington have worked themselves into this altered state - and have been able to access supernatural levels of intelligence. This book will leave you questioning every aspect of your life and spotting hidden messages in the very fabric of society and in life itself. It will open your mind to a new way of living and leave you questioning everything you have been taught - and everything you've taught your children.

The Secret History of the World and How to Get Out Alive *Red Pill Press, Ltd*

Previously published as Ancient Science, Secret History contains 150 pages of new material. The Secret History of The World and How To Get Out Alive is the definitive book of the real answers where Truth is more fantastic than fiction. Laura Knight-Jadczyk, wife of internationally known theoretical physicist, Arkadiusz Jadczyk, an expert in hyperdimensional physics, draws on science and mysticism to pierce the veil of reality. With sparkling humour and wisdom, she picks up where Fulcanelli left off, sharing over thirty years of research to reveal, for the first time, The Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike. Conspiracies have existed since the time of Cain and Abel. Facts of history have been altered to support the illusion. The question today is whether a sufficient number of people will see through the deceptions, thus creating a counter-force for positive change - the gold of humanity - during the upcoming times of Macro-Cosmic Quantum Shift. Laura argues convincingly, based on the revelations of the deepest of esoteric secrets, that the present is a time of potential transition, an extraordinary opportunity for individual and collective renewal: a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science, art and spirituality. The Secret History of the World allows us to redefine our interpretation of the universe, history, and culture and to thereby navigate a path through this darkness. In this way, Laura Knight-Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms. With over 800 pages of fascinating reading, The Secret History of The World and How to Get Out Alive is rapidly being acknowledged as a classic with profound implications for the destiny of the human race. With painstakingly researched facts and figures, the author overturns long-held conventional ideas on religion, philosophy, Grail legends, science, and alchemy, presenting a cohesive narrative pointing to the existence of an ancient techno-spirituality of the Golden Age which included a mastery of space and time: the Holy Grail, the Philosopher's Stone, the True Process of Ascension. Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations - a culture so advanced that none of the trappings of civilization as we know it were needed, explaining why there is no 'evidence' of civilization as we know it left to testify to its existence. The author's consummate synthesis reveals the Message in a Bottle reserved for humanity, including the Cosmology and Mysticism of mankind Before the Fall when, as the ancient texts tell us, man walked and talked with the gods. Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind - or at least a portion of mankind - has the opportunity to regain his standing as The Child of the King in the Golden Age. If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world, then surely The Secret History of the World and How to Get Out Alive is it.

Whisperers

The Secret History of the Spirit World *ABRAMS*
“From the hair-raising to the eyebrow-raising, this is a scintillating account of meetings with spirits through history” (Mark Booth, New York Times–bestselling author). It may seem incredible, but as bestselling novelist and occult expert J.H. Brennan reveals in this eye-opening new history, there is a wealth of evidence to suggest that the disembodied voices of spirits may have subtly directed the course of human events. In *Whisperers*, Brennan explores how the “spirit world”—whether we believe in it or not—has influenced our own since the dawn of civilization. With a novelist’s flair and a scholar’s keen eye, Brennan details the supernatural affinities of world leaders from King Nebuchadnezzar to Adolf Hitler, showing how the decisions and policies of each have been shaped by their supernatural beliefs and encounters. Brennan also examines the impact of visions, from shamanism in native cultures to prophets such as Joan of Arc. Chronicling millennia of contact between the spirit world and our own, *Whisperers* presents an entirely new and different way to look at history. “Prolific Irish author and lecturer Brennan’s lifelong fascination with psychic phenomena fuels this comprehensive analysis of potential supernatural influences on history. . . . Certain hokum for skeptics, but the more open-minded will savor this chillingly convincing testimonial.” —Kirkus Reviews “J.H. Brennan is an expert storyteller who paints an often terrifying picture of how human destiny has regularly been changed forever by individuals convinced they were in communication with intelligences from beyond. In *Whisperers*, Brennan has created a unique and timely history of spirit voices that is both brilliant and utterly chilling.” —Andrew Donkin, coauthor of *Illegal*

The Secret History of the World Abrams

They say that history is written by the victors. But what if history—or what we come to know as history—has been written by the wrong people? What if everything we've been told is only part of the story? In this groundbreaking and now famous work, Mark Booth embarks on an enthralling tour of our world's secret histories. Starting from a dangerous premise—that everything we've known about our world's past is corrupted, and that the stories put forward by the various cults and mystery schools throughout history are true—Booth produces nothing short of an alternate history of the past 3,000 years. From Greek and Egyptian mythology to Jewish folklore, from Christian cults to Freemasons, from Charlemagne to Don Quixote, from George Washington to Hitler—Booth shows that history needs a revolutionary rethink, and he has 3,000 years of hidden wisdom to back it up.

Secret World

A History of Intelligence Yale University Press

The first-ever detailed, comprehensive history of intelligence, from Moses and Sun Tzu to the present day The history of espionage is far older than any of today’s intelligence agencies, yet the long history of intelligence operations has been largely forgotten. The codebreakers at Bletchley Park, the most successful World War II intelligence agency, were completely unaware that their predecessors in earlier moments of national crisis had broken the codes of Napoleon during the Napoleonic wars and those of Spain before the Spanish Armada. Those who do not understand past mistakes are likely to repeat them. Intelligence is a prime example. At the outbreak of World War I, the grasp of intelligence shown by U.S. President Woodrow Wilson and British Prime Minister Herbert Asquith was not in the same class as that of George Washington during the Revolutionary War and leading eighteenth-century British statesmen. In this book, the first global history of espionage ever written, distinguished historian Christopher Andrew recovers much of the lost intelligence history of the past three millennia—and shows us its relevance.

The Secret History Vintage

INTERNATIONAL BESTSELLER • A contemporary literary classic and "an accomplished psychological thriller ... absolutely chilling" (Village Voice), from the Pulitzer Prize-winning author of *The Goldfinch*. Under the influence of their charismatic classics professor, a group of clever, eccentric misfits at an elite New England college discover a way of thinking and living that is a world away from the humdrum existence of their contemporaries. But when they go beyond the boundaries of normal morality their lives are changed profoundly and forever, and they discover how hard it can be to truly live and how easy it is to kill.

The Secret History of Wonder Woman Vintage

A riveting work of historical detection revealing that the origin of Wonder Woman, one of the world's most iconic superheroes, hides within it a fascinating family story--and a crucial history of twentieth-century feminism Harvard historian and New Yorker staff writer Jill Lepore has uncovered an astonishing trove of documents, including the never-before-seen private papers of William Moulton Marston, Wonder Woman's creator. Beginning in his undergraduate years at Harvard, Marston was influenced by early suffragists and feminists, starting with Emmeline Pankhurst, who was banned from speaking on campus in 1911, when Marston was a freshman. In the 1920s, Marston and his wife, Sadie Elizabeth Holloway, brought into their

home Olive Byrne, the niece of Margaret Sanger, one of the most influential feminists of the twentieth century. The Marston family story is a tale of drama, intrigue, and irony. In the 1930s, Marston and Byrne wrote a regular column for *Family Circle* celebrating conventional family life, even as they themselves pursued lives of extraordinary nonconformity. Marston, internationally known as an expert on truth--he invented the lie detector test--lived a life of secrets, only to spill them on the pages of *Wonder Woman*. The *Secret History of Wonder Woman* is a tour de force of intellectual and cultural history. *Wonder Woman*, Lepore argues, is the missing link in the history of the struggle for women's rights--a chain of events that begins with the women's suffrage campaigns of the early 1900s and ends with the troubled place of feminism a century later. This edition includes a new afterword with fresh revelations based on never before seen letters and photographs from the Marston family's papers. With 161 illustrations and 16 pages in full color

Four Lost Cities: A Secret History of the Urban Age W. W. Norton & Company

Named a Best Book of the Year by NPR and Science Friday A quest to explore some of the most spectacular ancient cities in human history—and figure out why people abandoned them. In *Four Lost Cities*, acclaimed science journalist Annalee Newitz takes readers on an entertaining and mind-bending adventure into the deep history of urban life. Investigating across the centuries and around the world, Newitz explores the rise and fall of four ancient cities, each the center of a sophisticated civilization: the Neolithic site of Çatalhöyük in Central Turkey, the Roman vacation town of Pompeii on Italy’s southern coast, the medieval megacity of Angkor in Cambodia, and the indigenous metropolis Cahokia, which stood beside the Mississippi River where East St. Louis is today. Newitz travels to all four sites and investigates the cutting-edge research in archaeology, revealing the mix of environmental changes and political turmoil that doomed these ancient settlements. Tracing the early development of urban planning, Newitz also introduces us to the often anonymous workers—slaves, women, immigrants, and manual laborers—who built these cities and created monuments that lasted millennia. *Four Lost Cities* is a journey into the forgotten past, but, foreseeing a future in which the majority of people on Earth will be living in cities, it may also reveal something of our own fate.

The Secret History of Las Vegas

A Novel Penguin

A gritty, riveting, and wholly original murder mystery from PEN/Hemingway Award-winning author and 2015 Edgar Awards winner Chris Abani Before he can retire, Las Vegas detective Salazar is determined to solve a recent spate of murders. When he encounters a pair of conjoined twins with a container of blood near their car, he’s sure he has apprehended the killers, and enlists the help of Dr. Sunil Singh, a South African transplant who specializes in the study of psychopaths. As Sunil tries to crack the twins, the implications of his research grow darker. Haunted by his betrayal of loved ones back home during apartheid, he seeks solace in the love of Asia, a prostitute with hopes of escaping that life. But Sunil’s own troubled past is fast on his heels in the form of a would-be assassin. Suspenseful through the last page, *The Secret History of Las Vegas* is Chris Abani’s most accomplished work to date, with his trademark visionary prose and a striking compassion for the inner lives of outsiders.

The Secret History of Home Economics: How Trailblazing Women Harnessed the Power of Home and Changed the Way We Live W. W. Norton & Company

The surprising, often fiercely feminist, always fascinating, yet barely known, history of home economics. The term “home economics” may conjure traumatic memories of lopsided hand-sewn pillows or sunken muffins. But common conception obscures the story of the revolutionary science of better living. The field exploded opportunities for women in the twentieth century by reducing domestic work and providing jobs as professors,

engineers, chemists, and businesspeople. And it has something to teach us today. In the surprising, often fiercely feminist and always fascinating *The Secret History of Home Economics*, Danielle Dreilinger traces the field’s history from Black colleges to Eleanor Roosevelt to Okinawa, from a Betty Crocker brigade to DIY techies. These women—and they were mostly women—became chemists and marketers, studied nutrition, health, and exercise, tested parachutes, created astronaut food, and took bold steps in childhood development and education. Home economics followed the currents of American culture even as it shaped them. Dreilinger brings forward the racism within the movement along with the strides taken by women of color who were influential leaders and innovators. She also looks at the personal lives of home economics’ women, as they chose to be single, share lives with other women, or try for egalitarian marriages. This groundbreaking and engaging history restores a denigrated subject to its rightful importance, as it reminds us that everyone should learn how to cook a meal, balance their account, and fight for a better world.

Conspiracies from Ancient Aliens to the New World Order *Visible Ink Press*

History is written by the winners—and the powerful—but how much of it is fiction? And who is really in control today? From the dawn of civilization to the 21st century, from ancient aliens to the New World Order, *Secret History: Conspiracies from Ancient Aliens to the New World Order* examines, explores, and uncovers the hidden, overlooked, and buried history of mankind. The book moves from biblical, Egyptian, Mayan, Greek, and early mysteries of antiquity to the clandestine doings of the Nazis and the Masons and assassination plots of the more recent past to the surveillance, monitoring, mind-control, and secret schemes of today. Researcher Nick Redfern investigates the stories, mythologies, lore behind incredible events and clandestine groups of yesterday and today. More than 60 entries dig deep into the manipulation of events by influential groups, including ... • Historical riddles—alien visitations, space gods, and human-alien crossbreeding. • Government cover ups—mind control, murders, scientists, and secret agents. • Powerful groups and intended consequences—9-11, new world order, bird-flu, and chemtrails. Tracing the chilling and lasting effects of conspiracies, cabals, and plots, *Secret History: Conspiracies from Ancient Aliens to the New World Order* exposes their deep reach in shaping today's world.

The Secret History of Soldiers

How Canadians Survived the Great War *Penguin*

There have been thousands of books on the Great War, but most have focused on commanders, battles, strategy, and tactics. Less attention has been paid to the daily lives of the combatants, how they endured the unimaginable conditions of industrial warfare: the rain of shells, bullets, and chemical agents. In *The Secret History of Soldiers*, Tim Cook, Canada's foremost military historian, examines how those who survived trench warfare on the Western Front found entertainment, solace, relief, and distraction from the relentless slaughter. These tales come from the soldiers themselves, mined from the letters, diaries, memoirs, and oral accounts of more than five hundred combatants. Rare examples of trench art, postcards, and even song sheets offer insight into a hidden society that was often irreverent, raunchy, and anti-authoritarian. Believing in supernatural stories was another way soldiers shielded themselves from the horror. While novels and poetry often depict the soldiers of the Great War as mere victims, this new history shows how the soldiers pushed back against the grim war, refusing to be broken in the mincing machine of the Western Front. The violence of war is always present, but Cook reveals the gallows humour the soldiers employed to get through it. Over the years, both writers and historians have overlooked this aspect of the men's lives. The fighting at the front was devastating, but behind the battle lines, another layer of life existed, one that included songs, skits, art, and soldier-produced newspapers. With his trademark narrative abilities and an unerring eye for the telling human detail, Cook has created another landmark history of Canadian military life as he reveals the secrets of how soldiers survived the carnage of the Western

Front.

The Secret History of Vladimir Nabokov *Simon and Schuster*

A startling and revelatory examination of Nabokov’s life and works—notably *Pale Fire* and *Lolita*—bringing new insight into one of the twentieth century’s most enigmatic authors. Vladimir Nabokov witnessed the horrors of his century, escaping Revolutionary Russia then Germany under Hitler, and fled France with his Jewish wife and son just weeks before Paris fell to the Nazis. He repeatedly faced accusations of turning a blind eye to human suffering to write artful tales of depravity. But does one of the greatest writers in the English language really deserve the label of amoral aesthete bestowed on him by so many critics? Using information from newly-declassified intelligence files and recovered military history, Pitzer argues that far from being a proponent of art for art’s sake, Nabokov managed to hide disturbing history in his fiction—history that has gone unnoticed for decades. Nabokov emerges as a kind of documentary conjurer, spending decades of his career recording a saga of forgotten concentration camps and searing bigotry, from WWI to the Gulag and the Holocaust. *Lolita* surrenders Humbert Humbert’s secret identity, and reveals a Nabokov appalled by American anti-Semitism. The lunatic narrator of *Pale Fire* recalls Russian tragedies that once haunted the world. From Tsarist courts to Nazi film sets, from the CIA to wartime Casablanca, the story of Nabokov’s family is the story of his century—and both are woven inextricably into his fiction.

Cataclysms of the Zodiac

The Lost Ages *Createspace Independent Publishing Platform*

"There have been, and will be again, many destruction's of mankind arising out of many causes; the greatest have been brought about by the agencies of fire and water, and other lesser ones by innumerable other causes" - Plato Since time began, mankind has looked to the dark heavens, and the stars, planets and moons were once named as gods. From Africa, Asia, Europe and the America's - the ancients tell their tales in layers of metaphor, with actors disguised under many different names - like a secret code. The ancient Sumerians recorded the rule of kings on clay tablets - the Sumerian Kings List, a similar Egyptian document exists called the Turin Kings List. The Greeks spoke of four or five 'Great Ages of Man' divided by cataclysms. Mesoamerican myths also include four or five Great Ages, in myths called 'The Four Suns', and 'The Five Suns'. Sanskrit texts include four 'Great Ages' in the same fashion. Greek myths include references to constellations of the Zodiac, the Hindu's give periods of time for each Great Age, time is recorded on both the Sumerian and Egyptian lists. By examining these records, comparing constellations, and astronomical alignments of megalithic structures - the secret code has been unlocked. According to the ancients, civilization has been repeatedly destroyed by a hail of heavenly judgment. By cosmic lightning, meteor impacts, global firestorms and floods, continent shattering earthquakes and mountain razing tempests. 'Cataclysms of the Zodiac' uncovers astonishing new information, and brings together previous research, such as I. Velikovsky's (Worlds in Collision), David Talbott's (The Saturn Myth), and Graham Hancock's (The Mystery of the Sphinx). It confirms a cataclysmic prehistory for human civilization. According to the ancients, mans official history began in 127,440BC.

Secret Stories

Tales from the Secret History *Independently Published*

The Secret History of the World - a history of humanity that remains undiscovered, unexplored, and unknown. Some of this Secret History has been revealed in the Adversary Cycle, some in the Repairman Jack novels, and bits and pieces in other, seemingly unconnected works. Taken together, even these millions of words barely scratch the surface of what has been going on behind the scenes, hidden from the workaday world. In *Secret Stories* F. Paul Wilson has gathered some of the shorter pieces of the Secret History and placed them for convenience between a single set of covers. He's left out the pieces available as stand-alones (like "The Compendium of Srem") or collected in Quick Fixes, and has concentrated instead on those published in scattered collections and anthologies over the years. To each story Wilson has added commentary as to how it earned its place in the Secret History.

The Secret History of America

Classic Writings on Our Nation's Unknown Past and Inner Purpose *St. Martin's Essentials*

A compilation of rare works on the untold history and destiny of America by acclaimed occult writer Manly P. Hall. Writer and scholar Manly P. Hall (1901-1990) is one of the most significant names in the study of the esoteric, symbolic, and occult. His legendary book The Secret Teachings of All Ages has been an underground classic since its publication in 1928. The Secret History of America expands on that legacy, offering a collection of Hall's works—from books and journals to transcriptions of his lectures—all relating to the hidden past and unfolding future of our nation. Hall believed that America was gifted with a unique purpose to explore and share principles of personal freedom, self-governance, and independent thought. PEN Award-winning historian, Mitch Horowitz has curated a powerful collection of Hall's most influential and insightful works that capture and explore these ideas. Never before collected in one volume, the material in The Secret History of America explores the rich destiny, unseen history, and hidden meaning of America.

Dark Territory

The Secret History of Cyber War *Simon and Schuster*

Originally published in hardcover in 2016 by Simon & Schuster.

Comets and the Horns of Moses

Laura Knight-Jadczyk's series, The Secret History of the World, is one of the most ambitious projects ever undertaken to provide a cogent, comprehensive account of humanity's true history and place in the cosmos. Following the great unifying vision of the Stoic Posidonius, Laura weaves together the study of history, mythology, religion, psychology and physics, revealing a view of the world that is both rational and breathtaking in its all-encompassing scope. This second volume, Comets and the Horns of Moses, (written in concert with several following volumes soon to be released) picks up the dangling threads of volume one with an analysis of the Biblical character of Moses -- his possible true history and nature -- and the cyclical nature of cosmic catastrophes in Earth's history. Laura skillfully tracks the science of comets, revealing evidence for the fundamentally electrical and electromagnetic nature of these celestial bodies and how they have repeatedly wreaked havoc and destruction on our planet over the course of human history. Even more startling however, is the evidence that comets and cometary fragments have played a central role in the formation of human myth and legend and the very concept of a 'god'. As she expertly navigates her way through the labyrinth of history, Laura uncovers the secret knowledge of comets that has been hidden in the great myths, ancient astronomy (and astrology) and the works of the Greek philosophers. Concluding with a look at the political and psychological implications of cyclical cometary catastrophes and what they portend for humanity today, Comets and the Horns of Moses is a marvel of original thought and keen detective work that will rock the foundations of your understanding of the world you live in, and no doubt ruffle the feathers of the many academics who still cling to an outdated and blinkered view of history.

The Secret History *Penguin UK*

A trusted member of the Byzantine establishment, Procopius was the Empire's official chronicler, and his History of the Wars of Justinian proclaimed the strength and wisdom of the Emperor's reign. Yet all the while the dutiful scribe was working on a very different - and dangerous - history to be published only once its author was safely in his grave. The Secret History portrays the 'great lawgiver' Justinian as a rampant king of corruption and tyranny, the Empress Theodora as a sorceress and whore, and the brilliant general Belisarius as the pliable dupe of his scheming wife Antonina. Magnificently hyperbolic and highly opinionated, The Secret History is a work of explosive energy, depicting holy Byzantium as a hell of murder and misrule.

The Secret History of Magic

The True Story of the Deceptive Art *Penguin*

Pull back the curtain on the real history of magic – and discover why magic really matters If you read a standard history of magic, you learn that it begins in ancient Egypt, with the resurrection of a goose in front of the Pharaoh. You discover how magicians were tortured and killed during the age of witchcraft. You are told how conjuring tricks were used to quell rebellious colonial natives. The history of magic is full of such stories, which turn out not to be true. Behind the smoke and mirrors, however, lies the real story of magic. It is a history of people from humble roots, who made and lost fortunes, and who deceived kings and queens. In order to survive, they concealed many secrets, yet they revealed some and they stole others. They engaged in deception, exposure, and betrayal, in a quest to make the impossible happen. They managed to survive in a world in which a series of technological wonders appeared, which previous generations would have considered magical. Even today, when we now take the most sophisticated technology for granted, we can still be astonished by tricks that were performed hundreds of years ago. The Secret History of Magic reveals how this was done. It is about why magic matters in a world that no longer seems to have a place for it, but which desperately needs a sense of wonder.

The Secret History of Dreaming *New World Library*

The author of Conscious Dreaming and The Three "Only" Things poses arguments for understanding one's dreams in order to resolve past events and prepare for the future, explaining the practices of ancient dreaming cultures and the dream experiences of famous historical figures.

Using inside sources and extensive field reporting about the secretive, high-stakes world of international diplomacy, Vatican reporter Victor Gaetan takes readers to the Holy See to explicate Pope Francis's diplomacy, show why it works, and to offer readers a startling contrast to the dangerous inadequacies of recent U.S. international decisions.

The Secret History of the New World Order

The Secret History of the New World Order outlines the historical evolution of a secret organization which has the final goal of creating a planetary government. Much of their plan is carried out by orchestrating unnecessary wars, insurrections and revolutions. The financing of their projects is largely done through Banking, illegal narcotics trafficking, and secret relationships with organized crime. The United States, after World War II, and the creation of the National Security Act, became the primary power in carrying out the secret agenda, through highly classified projects. These "black projects," funded with "black budgets," not authorized or known about by Congress, included contact with extraterrestrial visitors from other stars and secret treaties with them, Deep Underground Military Bases and electronic mind control projects. This book will have surprises for even the most dedicated conspiracy researcher. Better for All the World

The Secret History of Forced Sterilization and America's Quest for Racial Purity *Vintage*

A timely and gripping history of the controversial eugenics movement in America--and the scientists, social reformers and progressives who supported it.In Better for All the World, Harry Bruinius charts the little known history of eugenics in America--a movement that began in the early twentieth century and resulted in the forced sterilization of more than 65,000 people. Bruinius tells the stories of Emma and Carrie Buck, two women trapped in poverty who became the test case in the 1927 supreme court decision allowing forced sterilization for those deemed unfit to procreate. From the reformers who turned local charities into government-run welfare systems promoting social and moral purity, to the influence the American policies

had on Nazi Germany’s development of “racial hygiene,” Bruinius masterfully exposes the players and legislation behind one of America’s darkest secrets.

Pulp Empire

The Secret History of Comic Book Imperialism *University of Chicago Press*

"Paul Hirsch's revelatory book opens the archives to show the complex relationships between comic books and American foreign relations in the mid-twentieth century. Scourged and repressed on the one hand, yet co-opted and deployed as propaganda on the other, violent, sexist comic books were both vital expressions of American freedom and upsetting depictions of the American id. Hirsch draws on previously classified material and newly available personal records to weave together the perspectives of government officials, comic-book publishers and creators, and people in other countries who found themselves on the receiving end of American culture"--

Escape from Earth

A Secret History of the Space Rocket *PublicAffairs*

The long-buried truth about the dawn of the Space Age: lies, spies, socialism, and sex magick Los Angeles, 1930s: Everyone knows that rockets are just toys, the stuff of cranks and pulp magazines. Nevertheless, an earnest engineering student named Frank Malina sets out to prove the doubters wrong. With the help of his friend Jack Parsons, a grandiose and occult-obsessed explosives enthusiast, Malina embarks on a journey that takes him from junk yards and desert lots to the heights of the military-industrial complex. Malina designs the first American rocket to reach space and establishes the Jet Propulsion Laboratory. But trouble soon finds him: the FBI suspects Malina of being a communist. And when some classified documents go missing, will his comrades prove as dependable as his engineering? Drawing on an astonishing array of untapped sources, including FBI documents and private archives, *Escape From Earth* tells the inspiring true story of Malina's achievements--and the political fear that's kept them hidden. At its heart, this is an Icarus tale: a real life fable about the miracle of human ingenuity and the frailty of dreams.

America's Secret History

How the Deep State, the Fed, the JFK, MLK, and RFK Assassinations, and Much More Led to Donald Trump's Presidency *Simon and Schuster*

The Truth Behind the Stories They Don't Want You to Know America's Secret History presents an undistorted picture of the history of the United States. Never in one volume have so many unknown facts that disprove America's history books been brought together in a cohesive historical context, all based on verifiable information. Utilizing the House of Representative's little-known 1953 Reece Committee revelations, the Carnegie, Rockefeller, Guggenheim, and Ford foundations have systematically controlled education and the high-level appointees to the US State Department for the last century with the full knowledge and approval of the United States government. Conclusive proof that there has been one attempted coup d'état, and three successful peaceful coups in America's history, and that all were obvious Deep State initiatives to mold the government into its intended purposes. Twenty-six people owned the same wealth as the poorest 50 percent of the world (almost four billion people in 2020). America's Secret History shows how the Deep State, the Fed, and world governments caused this to happen. Not another conspiracy theory book, America's Secret History reveals The Truth Behind the Stories They Don't Want You to Know, weaving all of them together to explain just how we find ourselves in Donald Trump's America.

The Secret History of Jane Eyre: How Charlotte Brontë Wrote Her Masterpiece *W. W. Norton & Company*

The surprising hidden history behind Charlotte Brontë's Jane Eyre. Why did Charlotte Brontë go to such great lengths on the publication of her acclaimed, best-selling novel, Jane Eyre, to conceal its authorship from her family, close friends, and the press? In *The Secret History of Jane Eyre*, John Pfordresher tells the enthralling story of Brontë's compulsion to write her masterpiece and why she then turned around and vehemently disavowed it. Few people know how quickly Brontë composed Jane Eyre. Nor do many know that she wrote it during a devastating and anxious period in her life. Thwarted in her passionate, secret, and forbidden love for a married man, she found herself living in a home suddenly imperiled by the fact that her father, a minister, the sole support of the family, was on the brink of blindness. After his hasty operation, as she nursed him in an isolated apartment kept dark to help him heal his eyes, Brontë began writing Jane Eyre, an invigorating romance that, despite her own fears and sorrows, gives voice to a powerfully rebellious and ultimately optimistic woman's spirit. *The Secret History of Jane Eyre* expands our understanding of both Jane Eyre and the inner life of its notoriously private author. Pfordresher connects the people Brontë knew and the events she lived to the characters and story in the novel, and he explores how her fecund imagination used her inner life to shape one of the world's most popular novels. By aligning his insights into Brontë's life with the timeless characters, harrowing plot, and forbidden romance of Jane Eyre, Pfordresher reveals the remarkable parallels between one of literature's most beloved heroines and her passionate creator, and arrives at a new understanding of Brontë's brilliant, immersive genius.
