SAP provides well-defined upgrade paths for SAP Business One. Direct upgrades from one SAP Business One release to another are normally only supported if the currently installed release and target release are two consecutive releases (e.g. upgrading from 9.3 to 10.0). Depending on technical constraints, if the currently installed release and the target release are more than one version apart (for example, 9.1 and 10.0), upgrades may have to be performed in several steps.
