But the Sith are interested too, and they don't bargain with anyone; the Jedi High Council is sending someone to investigate; a mysterious Mandalorian is chasing something connected to a long-forgotten crime; while a spy plays every side at once. Africa's World War

Congo, the Rwandan Genocide, and the Making of a Continental Catastrophe *Oxford University Press*
The Rwandan genocide sparked a horrific bloodbath that swept across sub-Saharan Africa, ultimately leading to the deaths of some four million people. In this extraordinary history of the recent wars in Central Africa, Gerard Prunier offers a gripping account of how one grisly episode laid the groundwork for a sweeping and disastrous upheaval. Prunier vividly describes the grisly aftermath of the Rwandan genocide, when some two million refugees—a third of Rwanda's population--fled to exile in Zaire in 1996. The new Rwandan regime then crossed into Zaire and attacked the refugees, slaughtering upwards of 400,000 people. The Rwandan forces then turned on Zaire's despotic President Mobutu and, with the help of a number of allied African countries, overthrew him. But as Prunier shows, the collapse of the Mobutu regime and the ascension of the corrupt and erratic Laurent-D?sir? Kabila created a power vacuum that drew Rwanda, Uganda, Angola, Zimbabwe, Sudan, and other African nations into an extended and chaotic war. The heart of the book documents how the whole core of the African continent became engulfed in an intractible and bloody conflict after 1998, a devastating war that only wound down following the assassination of Kabila in 2001. Prunier not only captures all this in his riveting narrative, but he also indicts the international community for its utter lack of interest in what was then the largest conflict in the world. Praise for the hardcover: "The most ambitious of several remarkable new books that reexamine the extraordinary tragedy of Congo and Central Africa since the Rwandan genocide of 1994." --New York Review of Books "One of the first books to lay bare the complex dynamic between Rwanda and Congo that has been driving this disaster." --Jeffrey Gettleman, New York Times Book Review "Lucid, meticulously researched and incisive, Prunier's will likely become the standard account of this under-reported tragedy." --Publishers Weekly

Our Bodies, Their Battlefields

War Through the Lives of Women *Simon and Schuster*
From Christina Lamb, the coauthor of the bestselling I Am Malala and an award-winning journalist—an essential, groundbreaking examination of how women experience war. In Our Bodies, Their Battlefields, longtime intrepid war correspondent Christina Lamb makes us witness to the lives of women in wartime. An award-winning war correspondent for twenty-five years (she’s never had a female editor) Lamb reports two wars—the “bang-bang” war and the story of how the people behind the lines live and survive. At the same time, since men usually act as the fighters, women are rarely interviewed about their experience of wartime, other than as grieving widows and mothers, though their experience is markedly different from that of the men involved in battle. Lamb chronicles extraordinary tragedy and challenges in the lives of women in wartime. And none is more devastating than the increase of the use of rape as a weapon of war. Visiting warzones including the Congo, Rwanda, Nigeria, Bosnia, and Iraq, and spending time with the Rohingya fleeing Myanmar, she records the harrowing stories of survivors, from Yazidi girls kept as sex slaves by ISIS fighters and the beekeeper risking his life to rescue them; to the thousands of schoolgirls abducted across northern Nigeria by Boko Haram, to the Congolese gynecologist who stitches up more rape victims than anyone on earth. Told as a journey, and structured by country, Our Bodies, Their Battlefields

gives these women voice. We have made significant progress in international women’s rights, but across the world women are victimized by wartime atrocities that are rarely recorded, much less punished. The first ever prosecution for war rape was in 1997 and there have been remarkably few convictions since, as if rape doesn’t matter in the reckoning of war, only killing. Some courageous women in countries around the world are taking things in their own hands, hunting down the war criminals themselves, trying to trap them through Facebook. In this profoundly important book, Christina Lamb shines a light on some of the darkest parts of the human experience—so that we might find a new way forward. Our Bodies, Their Battlefields is as inspiring and empowering is as it is urgent, a clarion call for necessary change.

The Shadow Glass *Titan Books (US, CA)*
A thrilling race against the clock to save the world from fantasy creatures from a cult 80s film. Perfect for fans of Henson Company puppet classics such as Labyrinth, Dark Crystal and The Never-Ending Story. Jack Corman is failing at life. Jobless, jaded and on the “wrong” side of thirty, he’s facing the threat of eviction from his London flat while reeling from the sudden death of his father, one-time film director Bob Corman. Back in the eighties, Bob poured his heart and soul into the creation of his 1986 puppet fantasy The Shadow Glass, a film Jack loved as a child, idolising its fox-like hero Dune. But The Shadow Glass flopped on release, deemed too scary for kids and too weird for adults, and Bob became a laughing stock, losing himself to booze and self-pity. Now, the film represents everything Jack hated about his father, and he lives with the fear that he’ll end up a failure just like him. In the wake of Bob’s death, Jack returns to his decaying home, a place creaking with movie memorabilia and painful memories. Then, during a freak thunderstorm, the puppets in the attic start talking. Tipped into a desperate real-world quest to save London from the more nefarious of his father’s creations, Jack teams up with excitable fanboy Toby and spiky studio executive Amelia to navigate the labyrinth of his father’s legacy while conjuring the hero within--and igniting a Shadow Glass resurgence that could, finally, do his father proud.
