Science on the Verge - Wikipedia

Rightsizing Science’s Rightful Place. Academic science has, since the 1950s, continually grown larger. More space, more people, more funding has allowed the rightful place of science to infiltrate into every aspect of our lives. To justify its largeness academic science makes bolder and bolder claims about the contributions it makes to society. As a result, science now has and seeks ever more influence in spheres that are also the rightful place of other academic disciplines and other ...
