Tropical Diseases in Travelers - CORE

Because the skin is the major target for parasite infestation, these patients typically present to dermatologists, infectious disease specialists, or family practitioners. Patients also approach travel/tropical medicine specialists, "experts" in exotic parasites, even when a travel history does not exist.

Delusional Parasitosis - Tropical Diseases in Travelers ...

Tropical diseases are diseases that are prevalent in or unique to tropical and subtropical regions. The diseases are less prevalent in temperate climates, due in part to the occurrence of a cold season, which controls the insect population by forcing hibernation. However, many were present in northern Europe and northern America in the 17th and 18th centuries before modern understanding of disease causation. The initial impetus for tropical medicine was to protect the health of colonial settlers
