With this info, you are ready to start exciting literary adventures through the simple act of downloading In A Sunburned Country. Pleased reading!

In a Sunburned Country Anchor Canada

Deliciously funny, fact-filled and adventurous, In a Sunburned Country takes us on a grand tour of Australia. It's a place where interesting things happen all the time, from a Prime Minister lost — yes, lost — while swimming at sea, to Japanese cult members who may (entirely unnoticed) have set off an atomic bomb on their 500,000 acre property in the great western desert. Australia is the only island that is also a continent, and the only continent that is also a country. Its aboriginal people, a remote and mysterious race with a tragic history, have made it their home for millennia. And despite the fact that it is the most desiccated, infertile and climatically aggressive of all inhabited continents, it teems with life. In fact, Australia has more things that can kill you in extremely nasty ways than anywhere else: sharks, crocodiles, the planet's ten most deadly poisonous snakes, fluffy yet toxic caterpillars, sea shells that actually attack you, and the unbelievable box jellyfish (don't ask). The dangerous riptides of the sea and the sun-baked wastes of the outback both lie in wait for the unwary. Australia is an immense and fortunate land, and it has found in Bill Bryson its perfect guide. In a Sunburned Country offers the best of all possible introductions to what may well be the best of all possible nations. Even with those jellyfish.

Down Under

Travels in a Sunburned Country Random House

It is the driest, flattest, hottest, most desiccated, infertile and climatically aggressive of all the inhabited continents and still Australia teems with life - a large portion of it quite deadly. In fact, Australia has more things that can kill you in a very nasty way than anywhere else. Ignoring such dangers - and yet curiously obsessed by them - Bill Bryson journeyed to Australia and promptly fell in love with the country. And who can blame him? The people are cheerful, extrovert, quick-witted and unfailingly obliging: their cities are safe and clean and nearly always built on water; the food is excellent; the beer is cold and the sun nearly always shines. Life doesn't get much better than this...

In a Sunburned Country Perfection Learning

Bill Bryson lives to tell the story of his exploits in Australia, where A-bombs go off unnoticed, prime ministers disappear into the surf, and cheery citizens coexist with the world's deadliest creatures.

Bill Bryson's African Diary Crown

From the author of A Short History of Nearly Everything and The Body comes a travel diary documenting a visit to Kenya. All royalties and profits go to CARE International. In the early fall of 2002, famed travel writer Bill Bryson journeyed to Kenya at the invitation of CARE International, the charity dedicated to working with local communities to eradicate poverty around the world. He arrived with a set of mental images of Africa gleaned from television broadcasts of low-budget Jungle Jim movies in his lowa childhood and a single viewing of the film version of Out of Africa. (Also with some worries about tropical diseases, insects, and large predators.) But the vibrant reality of Kenya and its people took over the second he deplaned in Nairobi, and this diary records Bill Bryson's impressions of his trip with his inimitable trademark style of wry observation and curious insight. From the wrenching poverty of the Kibera slum in Nairobi to the meticulously manicured grounds of the Karen Blixen house and the human fossil riches of the National Museum, Bryson registers the striking contrasts of a postcolonial society in transition. He visits the astoundingly vast Great Rift Valley; undergoes the rigors of a teeth-rattling train journey to Mombasa and a hair-whitening flight through a vicious storm; and visits the refugee camps and the agricultural and economic projects where dedicated CARE professionals wage noble and dogged war against poverty, dislocation, and corruption. Though brief in compass and duration, Bill Bryson's African Diary is rich in irreverent, poignant, and morally instructive observation. Like

all of this author’s work, it can make the reader laugh, think, and especially, feel all at the same time.

Notes from a Small Island *HarperCollins*

Before New York Times bestselling author Bill Bryson wrote The Road to Little Dribbling, he took this delightfully irreverent jaunt around the unparalleled floating nation of Great Britain, which has produced zebra crossings, Shakespeare, Twiggie Winkie’s Farm, and places with names like Farleigh Wallop and Titsey.

Neither Here Nor There *Anchor Canada*

Bryson brings his unique brand of humour to travel writing as he shoulders his backpack, keeps a tight hold on his wallet and heads for Europe. Travelling with Stephen Katz--also his wonderful sidekick in A Walk in the Woods--he wanders from Hammerfest in the far north, to Istanbul on the cusp of Asia. As he makes his way round this incredibly varied continent, he retraces his travels as a student twenty years before with caustic hilarity.

A Walk in the Woods *Anchor Canada*

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, A Walk in the Woods will add a whole new audience to the legions of Bill Bryson fans.

The Life and Times of the Thunderbolt Kid

A Memoir *Anchor Canada*

From one of the most beloved and bestselling authors in the English language, a vivid, nostalgic and utterly hilarious memoir of growing up in the middle of the United States in the middle of the last century. A book that delivers on the promise that it is “laugh-out-loud funny.” Some say that the first hints that Bill Bryson was not of Planet Earth came from his discovery, at the age of six, of a woollen jersey of rare fineness. Across the moth-holed chest was a golden thunderbolt. It may have looked like an old college football sweater, but young Bryson knew better. It was obviously the Sacred Jersey of Zap, and proved that he had been placed with this innocuous family in the middle of America to fly, become invisible, shoot guns out of people’s hands from a distance, and wear his underpants over his jeans in the manner of Superman. Bill Bryson’s first travel book opened with the immortal line, “I come from Des Moines. Somebody had to.” In this hilarious new memoir, he travels back to explore the kid he once was and the weird and wonderful world of 1950s America. He modestly claims that this is a book about not very much: about being small and getting much larger slowly. But for the rest of us, it is a laugh-out-loud book that will speak volumes – especially to anyone who has ever been young.

The Oregon Trail

A New American Journey *Simon and Schuster*

In the bestselling tradition of Bill Bryson and Tony Horwitz, Rinker Buck's The Oregon Trail is a major work of participatory history: an epic account of traveling the 2,000-mile length of the Oregon Trail the old-fashioned way, in a covered wagon with a team of mules—which hasn't been done in a century—that also tells the rich history of the trail, the people who made the migration, and its significance to the country. Spanning 2,000 miles and traversing six states from Missouri to the Pacific Ocean, the Oregon Trail is the route that made America. In the fifteen years before the Civil War, when 400,000 pioneers used it to emigrate West—historians still regard this as the largest land migration of all time—the trail united the coasts, doubled the size of the country, and laid the groundwork for the railroads. The trail years also solidified the American character: our plucky determination in the face of adversity, our impetuous cycle of financial bubbles and busts, the fractious clash of ethnic populations competing for the same jobs and space. Today, amazingly, the trail is all but forgotten. Rinker Buck is no stranger to grand adventures. The New Yorker described his first travel narrative,Flight of Passage, as “a funny, cocky gem of a book,” and with The Oregon Trailhe seeks to bring the most important road in American history back to life. At once a majestic American journey, a significant work of history, and a personal saga reminiscent of bestsellers by Bill Bryson and Cheryl Strayed, the book tells the story of Buck's 2,000-mile expedition across the plains with tremendous humor and heart. He was accompanied by three cantankerous mules, his boisterous brother, Nick, and an “incurably filthy” Jack Russell terrier named Olive Oyl. Along the way, Buck dodges thunderstorms in Nebraska, chases his runaway mules across miles of Wyoming plains, scouts more than five hundred miles of nearly vanished trail on foot, crosses the Rockies, makes desperate fifty-mile forced marches for water, and repairs so many broken wheels and axels that he nearly reinvents the art of wagon travel itself. Apart from charting his own geographical and emotional adventure, Buck introduces readers to the evangelists, shysters, natives, trailblazers, and everyday dreamers who were among the first of the pioneers to make the journey west. With a rare narrative power, a refreshing candor about his own weakness and mistakes, and an extremely attractive obsession for history and travel,The Oregon Trail draws readers into the journey of a lifetime.

Notes From a Big Country *Anchor Canada*

When an old friend asked him to write a weekly dispatch from New Hampshire for the Mail on Sunday's Night and Day magazine, Bill Bryson firmly turned him down. So firm was he, in fact, that gathered here are nineteen months' worth of his popular columns about the strangest of phenomena --

the American way of life.Whether discussing the dazzling efficiency of the garbage disposal unit, the mind-boggling plethora of methods by which to shop, the exoticism of having your groceries bagged for you, or the jaw-slackening direness of American TV, Bill Bryson brings his inimitable brand of bemused wit to bear on the world's richest and craziest country.

A Short History of Nearly Everything: Special Illustrated Edition *Crown*

This new edition of the acclaimed bestseller is lavishly illustrated to convey, in pictures as in words, Bill Bryson’s exciting, informative journey into the world of science. In A Short History of Nearly Everything, the bestselling author of A Walk in the Woods and The Body, confronts his greatest challenge yet: to understand—and, if possible, answer—the oldest, biggest questions we have posed about the universe and ourselves. Taking as his territory everything from the Big Bang to the rise of civilization, Bryson seeks to understand how we got from there being nothing at all to there being us. The result is a sometimes profound, sometimes funny, and always supremely clear and entertaining adventure in the realms of human knowledge, as only Bill Bryson can render it. Now, in this handsome new edition, Bill Bryson’s words are supplemented by full-color artwork that explains in visual terms the concepts and wonder of science, at the same time giving face to the major players in the world of scientific study. Eloquently and entertainingly described, as well as richly illustrated, science has never been more involving or entertaining.

Our Sunburnt Country *Macmillan Publishers Aus.*

Anika Molesworth fell in love with her family's farm, a sheep station near Broken Hill, at an early age. She formed a bond with the land as though it were a member of her family. When the Millennium Drought hit, though, bringing with it heatwaves and duststorms, the future she'd always imagined for herself began to seem impossible. As she learned more about the causes of - and the solutions to - the extreme weather that was killing her land and her livelihood, Anika became fired up and determined to speak out. Talking to farmers and food producers all around the world, she soon realised that there was a way forward that could be both practical and sustainable - if only we can build up the courage to take it. Beautifully written and full of hope, Our Sunburnt Country shows that there is a way to protect our land, our food and our future, and it is within our grasp. Praise for Our Sunburnt Country: 'In Australia our climate debate can be depressing. In the hands of Anika Molesworth it is uplifting and full of hope.' - Craig Reucassel 'Anika Molesworth invites us to imagine a better future. Read this book and be inspired.' - Michael E. Mann 'In a hope-filled, personal tale framed by her family farm in a sun-baked landscape, Anika Molesworth weaves philosophy, science and a poet's eye into a heartwarming tale of how to help heal the planet.' - Matthew Evans 'This is an important, accessible and evocative book written by a farmer and scientist in that most vital of spaces: the future of our Earth. This book can be part of the solution.' - Charles Massy 'A personal journey spurred by climate change in the west of NSW, learning what can be done and why it is worth doing.' - Ross Garnaut

One Summer

America, 1927 *Anchor*

A Chicago Tribune Noteworthy Book A GoodReads Reader's Choice In One Summer Bill Bryson, one of our greatest and most beloved nonfiction writers, transports readers on a journey back to one amazing season in American life. The summer of 1927 began with one of the signature events of the twentieth century: on May 21, 1927, Charles Lindbergh became the first man to cross the Atlantic by plane nonstop, and when he landed in Le Bourget airfield near Paris, he ignited an explosion of worldwide rapture and instantly became the most famous person on the planet. Meanwhile, the titanically talented Babe Ruth was beginning his assault on the home run record, which would culminate on September 30 with his sixtieth blast, one of the most resonant and durable records in sports history. In between those dates a Queens housewife named Ruth Snyder and her corset-salesman lover garroted her husband, leading to a murder trial that became a huge tabloid sensation. Alvin “Shipwreck” Kelly sat atop a flagpole in Newark, New Jersey, for twelve days—a new record. The American South was clobbered by unprecedented rain and by flooding of the Mississippi basin, a great human disaster, the relief efforts for which were guided by the uncannily able and insufferably pompous Herbert Hoover. Calvin Coolidge interrupted an already leisurely presidency for an even more relaxing three-month vacation in the Black Hills of South Dakota. The gangster Al Capone tightened his grip on the illegal booze business through a gaudy and murderous reign of terror and municipal corruption. The first true “talking picture,” Al Jolson’s The Jazz Singer, was filmed and forever changed the motion picture industry. The four most powerful central bankers on earth met in secret session on a Long Island estate and made a fateful decision that virtually guaranteed a future crash and depression. All this and much, much more transpired in that epochal summer of 1927, and Bill Bryson captures its outsized personalities, exciting events, and occasional just plain weirdness with his trademark vividness, eye for telling detail, and delicious humor. In that year America stepped out onto the world stage as the main event, and One Summer transforms it all into narrative nonfiction of the highest order.

The Lost Continent *Anchor Canada*

"I come from Des Moines. Somebody had to." And, as soon as Bill Bryson was old enough, he left. Des Moines couldn't hold him, but it did lure him back. After ten years in England he returned to the land of his youth, and drove almost 14,000 miles in search of a mythical small town called Amalgam, the kind of smiling village where the movies from his youth were set. Instead he drove through a series of horrific burgs, which he renamed Smellville, Fartville, Coleslaw, Coma, and Doldrum. At best his search led him to Anywhere, USA, a lookalike strip of gas stations, motels and hamburger outlets populated by obese and slow-witted hicks with a partiality for synthetic fibres. He discovered a continent that was doubly lost: lost to itself because he found it blighted by greed, pollution, mobile homes and television; lost to him because he had become a foreigner in his own country.

Travels in Siberia *Farrar, Straus and Giroux*

A Dazzling Russian travelogue from the bestselling author of Great Plains In his astonishing new work, Ian Frazier, one of our greatest and most entertaining storytellers, trains his perceptive, generous eye on Siberia, the storied expanse of Asiatic Russia whose grim renown is but one explanation among hundreds for the region's fascinating, enduring appeal. In Travels in Siberia, Frazier reveals Siberia's role in history—its science, economics, and politics—with great passion and enthusiasm, ensuring that we'll never think about it in the same way again. With great empathy and epic sweep, Frazier tells the stories of Siberia's most famous exiles, from the well-known—Dostoyevsky, Lenin (twice), Stalin (numerous times)—to the lesser known (like Natalie Lopukhin, banished by the empress for copying her dresses) to those who experienced unimaginable suffering in Siberian camps under the Soviet regime, forever immortalized by Aleksandr Solzhenitsyn in The Gulag Archipelago. Travels in Siberia is also a unique chronicle of Russia since the end of the Soviet Union, a personal account of adventures among Russian friends and acquaintances, and, above all, a unique, captivating, totally Frazierian take on what he calls the "amazingness" of Russia—a country that, for all its tragic history, somehow still manages to be funny. Travels in Siberia will undoubtedly take its place as one of the twenty-first century's indispensable contributions to the travel-writing genre.

Italian Ways: On and Off the Rails from Milan to Palermo *W. W. Norton & Company*

An Italian travelogue describes the trains that traverse the country, from the architecture of old train stations to the new high-speed railways, and portrays the author's memorable encounters along the way.

Quicklet on Bill Bryson's In a Sunburned Country (CliffNotes-like Summary) *Hyperink Inc*

ABOUT THE BOOK “This is a country that loses a prime minister and that is so vast and empty that a band of amateur enthusiasts could conceivably set off the world’s first non-governmental atomic bomb on its mainland almost four years would pass before anyone noticed. Clearly, this is a place worth getting to know.” In a Sunburned Country is Bill Bryson’s seventh book on travel. Published just five years after his much-celebrated travelogue of Great Britain, Notes from a Small Island, the book takes on a much bigger topic: Australia. The book was published just before the 2000 Olympic Games in Sydney, and some later editions have an appendix chronicling Bryson’s time spent as a spectator. Yet, the focus of the book is on Bryson’s several trips to the massive island over the course of a year. Bryson finds himself hopping back and forth between various points in Australia, his home in New England, and a few other international locales. He never strays for long though, and much of the book is spent in the car and at dozens of hotels, pubs, and attractions along Australia’s 23,000 mile coastline. EXCERPT FROM THE BOOK Next we meet Alan Howe, an old friend from London. Along with his wife, Carmel, Howe takes Bryson on several adventures to natural wonders, many of which are quite near his vacation home in the hills. After journeying with Howe for a few days, Bryson again strikes out on his own and heads north towards Brisbane. In the midst of his travels, he digresses into a chapter about Australia’s native people—the Aborigines. The history is unbelievable. The Aborigines are an incredibly ancient tribe who still astound scientists today. After a short time walking the beaches of the Gold Coast and extolling the history of the area, Bryson departs, returns home for a time, then returns for the final leg of his trip. In part three, “Around the Edges,” Bryson careens towards the wilder parts of the country. He is accompanied by Allan Sherwin, a friend from London. The most exciting leg of his journey begins as he travels to Great Barrier Reef and braves the sharks and waves native to the area. Buy a copy to keep reading!

I'm a Stranger Here Myself

Notes on Returning to America After 20 Years Away *Crown*

A classic from the New York Times bestselling author of A Walk in the Woods and The Body. After living in Britain for two decades, Bill Bryson recently moved back to the United States with his English wife and four children (he had read somewhere that nearly 3 million Americans believed they had been abducted by aliens—as he later put it, "it was clear my people needed me"). They were greeted by a new and improved America that boasts microwave pancakes, twenty-four-hour dental-floss hotlines, and the staunch conviction that ice is not a luxury item. Delivering the brilliant comic musings that are a Bryson hallmark, I'm a Stranger Here Myself recounts his sometimes disconcerting reunion with the land of his birth. The result is a book filled with hysterical scenes of one man's attempt to reacquaint himself with his own country, but it is also an extended if at times bemused love letter to the homeland he has returned to after twenty years away.

The Road to Little Dribbling

Adventures of an American in Britain *Anchor*

A loving and hilarious—if occasionally spiky—valentine to Bill Bryson’s adopted country, Great Britain. Prepare for total joy and multiple episodes of unseemly laughter. Twenty years ago, Bill Bryson went on a trip around Britain to discover and celebrate that green and pleasant land. The result was Notes from a Small Island, a true classic and one of the bestselling travel books ever written. Now he has traveled about Britain again, by bus and train and rental car and on foot, to see what has changed—and what hasn’t. Following (but not too closely) a route he dubs the Bryson Line, from Bognor Regis in the south to Cape Wrath in the north, by way of places few travelers ever get to at all, Bryson rediscovers the wondrously beautiful, magnificently eccentric, endearingly singular country that he both celebrates and, when called for, twits. With his matchless instinct for the funniest and quirkiest and his unerring eye for the idiotic, the bewildering, the appealing, and the ridiculous, he offers acute and perceptive insights into all that is best and worst about Britain today. Nothing is more entertaining than Bill Bryson on the road—and on a tear. The Road to Little Dribbling reaffirms his stature as a master of the travel narrative—and a really, really funny guy.

The Sex Lives of Cannibals

Adrift in the Equatorial Pacific *Broadway*

The author discusses his two-year stay on a remote South Pacific island, a place where he anticipated a romantic paradise but instead experienced humorous misadventures and a host of environmental challenges.

My Four Seasons in France

A Year of the Good Life *Michael O'Mara Books*

A little over ten years ago, Janine Marsh and her husband Mark gave up their city jobs in London to chase the good life in the countryside of northern France. Having overcome the obstacles of starting to renovate her dream home - an ancient, dilapidated barn - and fitting in with the peculiarities of her new neighbours, Janine is now the go-to expat in the area for those seeking to get to grips with a very different way of life. In the Seven Valleys, each season brings new challenges as well as new delights. Freezing weather in February threaten the lives of some of the four-legged locals; snow in March results in a broken arm, which in turn leads to an etiquette lesson at the local hospital; and a dramatic hailstorm in July destroys cars and houses, ultimately bringing the villagers closer together. With warmth and humour, Janine showcases a uniquely French outlook as two eternally ambitious expats drag a neglected farmhouse to life and stumble across the hidden gems of this very special part of the world _____ Praise for Janine Marsh's My Good Life in France: 'Warm, uplifting, and effervescent ... Janine's voice and humor bubble right off the page, making you want to pack your bags and visit her fixer-upper home in rural France' - Samantha Verant, author of Seven Letters from Paris 'If you've ever dreamed of discovering "the real France", you won't want to miss this delightful book' - Keith Van Sickle, author of One Sip at a Time: Learning to Live in Provence

Berlitz Cruising and Cruise Ships 2020 (Travel Guide eBook) *Apa Publications (UK) Limited*

If you want a holiday that's hassle-free, virtually pre-paid, and that lets you see lots of places while only needing to pack and unpack once, then you should try a cruise. This best-selling book is the cruise industry bible: it gives you all the information you need to choose the right cruise for you. Meticulously updated every year by cruise expert Douglas Ward, it is divided into two main parts: the first helps you work out what you're looking for in a cruise holiday and how to find it; the lively text and colour photographs describe every aspect of life on board, including safety, the highs and lows of the cruise experience and how to save money. The second part contains unbiased reviews and fascinating detail of almost 300 ocean-going cruise vessels, and grades them on service, food, entertainment and facilities, using an internationally recognised ratings system.

Where I Was From *Vintage*

In this moving and unexpected book, Joan Didion reassesses parts of her life, her work, her history, and ours. Where I Was From, in Didion’s words, “represents an exploration into my own confusions about the place and the way in which I grew up, confusions as much about America as about California, misapprehensions and misunderstandings so much a part of who I became that I can still to this day confront them only obliquely.” The book is a haunting narrative of how her own family moved west with the frontier from the birth of her great-great-great-great-great-grandmother in Virginia in 1766 to the death of her mother on the edge of the Pacific in 2001; of how the wagon-train stories of hardship and abandonment and endurance created a culture in which survival would seem the sole virtue. In Where I Was From, Didion turns what John Leonard has called “her sonar ear, her radar eye” onto her own work, as well as that of such California writers as Frank Norris and Jack London and Henry George, to examine how the folly and recklessness in the very grain of the California settlement led to the California we know today—a state mortgaged first to the railroad, then to the aerospace industry, and overwhelmingly to the federal government, a dependent colony of those political and corporate owners who fly in for the annual encampment of the Bohemian Club. Here is the one writer we always want to read on California showing us the startling contradictions in its-and in America’s-core values. Joan Didion’s unerring sense of America and its spirit, her acute interpretation of its institutions and literature, and her incisive questioning of the stories it tells itself make this fiercely intelligent book a provocative and important tour de force from one of our greatest writers. From the Hardcover edition.

The Story of China

The Epic History of a World Power from the Middle Kingdom to Mao and the China Dream *St. Martin's Press*

A single volume history of China, offering a look into the past of the global superpower and its significance today. Michael Wood has travelled the length and breadth of China, the world’s oldest civilization and longest lasting state, to tell a thrilling story of intense drama, fabulous creativity, and deep humanity that stretches back thousands of years. After a century and a half of foreign invasion, civil war, and revolution, China has once again returned to center stage as a global superpower and the world’s second largest economy. But how did it become so dominant? Wood argues that in order to comprehend the great significance of China today, we must begin with its history. The Story of China takes a fresh look at the Middle Kingdom in the light of the recent massive changes inside the country. Taking into account exciting new archeological discoveries, the book begins with China’s prehistory—the early dynasties, the origins of the Chinese state, and the roots of Chinese culture in the age of Confucius. Wood looks at particular periods and themes that are now being reevaluated by historians, such as the renaissance of the Song with its brilliant scientific discoveries. He paints a vibrant picture of the Qing Empire in the 18th century, just before the European impact, a time when China’s rich and diverse culture was at its height. Then, Wood explores the encounter with the West, the Opium Wars, the clashes with the British, and the extraordinarily rich

debates in the late 19th century that pushed China along the path to modernity. Finally, he provides a clear up-to-date account of post-1949 China, including revelations about the 1989 crisis based on newly leaked inside documents, and fresh insights into the new order of President Xi Jinping. All woven together with landscape history and the author’s own travel journals, The Story of China is the indispensable book about the most intriguing and powerful country on the world stage today.

The Truth About Animals

Stoned Sloths, Lovelorn Hippos, and Other Tales from the Wild Side of Wildlife *Basic Books*
Mary Roach meets Bill Bryson in this "surefire summer winner" (Janet Maslin, New York Times), an uproarious tour of the basest instincts and biggest mysteries of the animal world Humans have gone to the Moon and discovered the Higgs boson, but when it comes to understanding animals, we've still got a long way to go. Whether we're seeing a viral video of romping baby pandas or a picture of penguins "holding hands," it's hard for us not to project our own values--innocence, fidelity, temperance, hard work--onto animals. So you've probably never considered if moose get drunk, penguins cheat on their mates, or worker ants lay about. They do--and that's just for starters. In The Truth About Animals, Lucy Cooke takes us on a worldwide journey to meet everyone from a Colombian hippo castrator to a Chinese panda porn peddler, all to lay bare the secret--and often hilarious--habits of the animal kingdom. Charming and at times downright weird, this modern bestiary is perfect for anyone who has ever suspected that virtue might be unnatural.

Chanakya Neeti *Jaico Publishing House*
Strategies for Success “An action contemplated shouldn’t ever be advertised; But kept a secret like a mantra, and revealed in time.” We all feel stuck at times. There could be many reasons for this—issues at work, unhappy family life, financial troubles or embarrassing social situations. Most of us could use a little advice in these circumstances. Chanakya Neeti provides precisely that guidance to face life’s many daunting challenges. Chanakya, the great thinker and teacher, is wellknown for his insights into the needs of both the privileged and the masses. The original Chanakya Neeti was written over two thousand years ago, but its brilliant verses are still applicable today because the basic quests of man remain the same—peace, prosperity and happiness. In this volume, Radhakrishnan Pillai offers a modern interpretation of Chanakya’s crisp and practical maxims in his characteristic easytofollow and elegant prose. Imbibe Chanakya’s wisdom to break loose from the web of troubles and create the life you desire on your terms. Radhakrishnan Pillai is the bestselling author of Corporate Chanakya, Chanakya’s 7 Secrets of Leadership, Chanakya in You, Katha Chanakya and Thus Spoke Chanakya. He has a Master’s degree in Sanskrit and has done his PhD in Kautilya’s Arthashastra. A renowned management consultant and speaker, he is the Deputy Director of the Chanakya International Institute of Leadership Studies (CIILS) at the University of Mumbai. He tweets using the handle @rchanakyapillai and is also active on other major social media platforms.

Intruders in the Bush

The Australian Quest for Identity
Intruders In The Bush challenges the bushman legend and presents evidence that it was discontented urban intellectuals in the 1890s who romanticised the bushman and his notions of mateship and egalitarianism. John Carroll and several other contributors argue that a guilt-stricken, culturally bashful upper middle class promoted the mateship myth and failed to install its own values. The book goes on to look at ways in which Australia has been re-examined in recent books and art. The second edition has been revised and reshaped, and includes major new pieces by Chris Wallace-Crabbe, John Hirst, Robert Manne and John Carroll.

Back Roads Australia *Penguin*

The Body

A Guide for Occupants *Black Swan*
THE NUMBER ONE SUNDAY TIMES BESTSELLER _____ 'A directory of wonders.' - The Guardian 'Jaw-dropping.' - The Times 'Classic, wry, gleeful Bryson...an entertaining and absolutely fact-rammed book.' - The Sunday Times 'It is a feat of narrative skill to bake so many facts into an entertaining and nutritious book.' - The Daily Telegraph _____ 'We spend our whole lives in one body and yet most of us have practically no idea how it works and what goes on inside it. The idea of the book is simply to try to understand the extraordinary contraption that is us.' Bill Bryson sets off to explore the human body, how it functions and its remarkable ability to heal itself. Full of extraordinary facts and astonishing stories The Body: A Guide for Occupants is a brilliant, often very funny attempt to understand the miracle of our physical and neurological make up. A wonderful successor to A Short History of Nearly Everything, this new book is an instant classic. It will have you marvelling at the form you occupy, and celebrating the genius of your existence, time and time again. 'What I learned is that we are infinitely more complex and wondrous, and often more mysterious, than I had ever suspected. There really is no story more amazing than the story of us.' Bill Bryson

Blue Latitudes

Boldly Going Where Captain Cook Has Gone Before *Henry Holt and Company*
In an exhilarating tale of historic adventure, the Pulitzer Prize-winning author of Confederates in the Attic retraces the voyages of Captain James Cook, the Yorkshire farm boy who drew the map of the modern world Captain James Cook's three epic journeys in the 18th century were the last great voyages of discovery. His ships sailed 150,000 miles, from the Artic to the Antarctic, from Tasmania to Oregon, from Easter Island to Siberia. When Cook set off for the Pacific in 1768, a third of the globe remained blank. By the time he died in Hawaii in 1779, the map of the world was substantially complete. Tony Horwitz vividly recounts Cook's voyages and the exotic scenes the captain encountered: tropical orgies, taboo rituals, cannibal feasts, human sacrifice. He also relives Cook's adventures by following in the captain's wake to places such as Tahiti, Savage Island, and the Great Barrier Reef to discover Cook's embattled legacy in the present day. Signing on as a working crewman aboard a replica of Cook's vessel, Horwitz experiences the thrill and terror of sailing a tall ship. He also explores Cook the man: an impoverished farmboy who broke through the barriers of his class and time to become the greatest navigator in British history. By turns harrowing and hilarious, insightful and entertaining, BLUE LATITUDES brings to life a man whose voyages helped create the 'global village' we know today.

A Taste of Australia

Bite-Sized Travels Across a Land Down Under: Bite-Sized Travels in a Land Down Under *Discover Your Tribe*
'Get out of the bloody water, mate. There's a tiger snake behind you!' Within seconds I was on the ledge, breathing hard as I caught sight of the creature. It looked to be a metre long, its banded stripes impossible to miss, as it moved silently across the pond with barely a ripple. As a newly arrived migrant, Alistair was keen to experience the people and places that make Australia one of the most sought-after holiday destinations on the planet -----and home to the world's cutest animal - the quokka - but also to some of the deadliest. In A Taste of Australia, the author explores the 'Lucky Country', from the top of Sydney Harbour Bridge to the hippy vibe of the east coast and the boom and bust of Kalgoorlie, where everyone in town knows the price of gold. Sometimes alone, or with family and friends, these escapades have taken him into the outback, foraging for bushtucker with Aboriginal guides. At other times he's travelled by campervan to Byron Bay and swam alongside turtles over untouched coral. Along the way he's stayed in remote mining camps and discovered a new way of working, where heat and dust are a way of life. If you enjoy getting off the beaten track, these bite-sized stories will inspire you to travel far and wide - and perhaps to experience a different kind of life. Don't forget to slip on a shirt, slop on the sunscreen, slap on a hat and slide on your sunglasses, before seeking a shady spot to enjoy each tale.

Icons of England *Random House*

This celebration of the English countryside does not only focus on the rolling green landscapes and magnificent monuments that set England apart from the rest of the world. Many of the contributors bring their own special touch, presenting a refreshingly eclectic variety of personal icons, from pub signs to seaside piers, from cattle grids to canal boats, and from village cricket to nimbies. First published as a lavish colour coffeetable book, this new expanded paperback edition has double the original number of contributions from many celebrities including Bill Bryson, Michael Palin, Eric Clapton, Bryan Ferry, Sebastian Faulks, Kate Adie, Kevin Spacey, Gavin Pretor-Pinney, Richard Mabey , Simon Jenkins, John Sergeant, Benjamin Zephaniah, Joan Bakewell, Antony Beevor, Libby Purves, Jonathan Dimbleby, and many more: and a new preface by HRH Prince Charles.
