All reading assignments come from primary literature, scholarly reviews, and online resources. The primary research articles usually contain microscopic images and/or complex graphical representations of averaged data sets. When reading these articles in preparation for class, students are required to complete a Figure Facts template (Figure 1). Students type their responses to the prompts in the electronic document using word-processing software.

Fun facts about Reading and Leeds festivals you may not ...

Here's where the idea of significant figures comes into play. The fact that you can only measure the time it takes a football player to run 10 yards to the nearest few tenths of a seconds puts a limit on the number of digits—aka, "figures"—that actually matter.

What Are Significant Figures? - Quick and Dirty Tips

Human Brain Facts And Figures. Of all things that man is different from other living beings, the most important is the brain. Some “lower” animal species do not have a brain, or have a small, or poorly developed brain. For example, the earthworm has a brain as big as the head of a pin, or rabbit’s has a brain like a thimble. ...
