Let the Women Know What You're Really Thinking *www.BookLocker.com*

Currie breaks down the "Four Modes of Verbal Communication" to help readers better understand why men exhibit the behavior they do towards the women they are either interested in dating or having a few episodes of casual sex with.

Ooooooh . . . Say It Again

Mastering the Fine Art of Verbal Seduction and Aural Sex

Booklocker.Com Incorporated

Ooooooh ... Say it Again: Mastering the Fine Art of Verbal Seduction and Aural Sex can be described as 60% self-help and social commentary for men regarding their pursuit of short-term

and/or non-monogamous (i.e., "casual") sexual companionship, and 40% detailed examples of erotically explicit dialogue that author Alan Roger Currie used in his real-life verbal seduction experiences with women. Readers will enjoy Currie's no-holds-barred writing style and entertaining, enlightening, and honest advice and wisdom.

Upfront and Straightforward

Let the Manipulative Game Players Know What You're REALLY Thinking

Alan Roger Currie

Are you a man (or woman) who is sick and tired of members of the opposite sex engaging in "manipulative head games" with you in today's ever-so-challenging dating scene? Read Alan

Roger Currie's second paperback entitled, "Upfront and Straightforward"

No FREE Attention

How Women Use the Possibility of Sex to Manipulative Naive and Lustful Men *Booklocker.com*

Alan Roger Currie, author of "Mode One," "Ooooooh ... Say it Again," and "The Beta Male Revolution" is now publishing an edited and updated new edition of his 2012 popular best-seller for single heterosexual men titled, "The Possibility of Sex: How Naïve and Lustful Men are Manipulated by Women Regularly" Currie was the very first professional dating coach in what is now known as 'The Manosphere' to encourage the use of upfront, specific, straightforwardly

honest verbal communication methods (otherwise known informally as "direct verbal game") as a means of quickly identifying women who possess sexually duplicitous tendencies and/or highly manipulative and materialistic desires with men. Currie was the first one to create the concept of the "Manipulative Timewaster," which is a woman who is very friendly and flirtatious with naïve and lustful men, but in reality, she has no genuine intention of actually engaging in sexual relations with these men. Instead, this type of woman - the Manipulative Timewaster - desires to exploit men for access to their non-sexual time, attention, and companionship and/or exploit men for access to their financial and materialistic generosity. After men read this book,

they will no longer have to worry about women placing them in the dreaded "just-friends-only" category (also known simply as a woman's "friend zone"). Men will have their entire mindset and paradigm changed as a result of reading this book and adhering to Currie's knowledge, wisdom, insight and teachings.

Marissa Mayer and the Fight to Save Yahoo! *Twelve*

A page-turning narrative about Marissa Mayer's efforts to remake Yahoo as well as her own rise from Stanford University undergrad to CEO of a \$30 billion corporation by the age of 38. When Yahoo hired star Google executive Mayer to be its CEO in 2012 employees rejoiced. They put posters on the walls

throughout Yahoo's California headquarters. On them there was Mayer's face and one word: HOPE. But one year later, Mayer sat in front of those same employees in a huge cafeteria on Yahoo's campus and took the beating of her life. Her hair wet and her tone defensive, Mayer read and answered a series of employee-posed questions challenging the basic elements of her plan. There was anger in the room and, behind it, a question: Was Mayer actually going to be able to do this thing? **MARISSA MAYER AND THE FIGHT TO SAVE YAHOO!** is the inside story of how Yahoo got into such awful shape in the first place, Marissa Mayer's controversial rise at Google, and her desperate fight to save an Internet icon. In August 2011 hedge fund billionaire

Daniel Loeb took a long look at Yahoo and decided to go to war with its management and board of directors. Loeb then bought a 5% stake and began a shareholder activist campaign that would cost the jobs of three CEOs before he finally settled on Google's golden girl Mayer to unlock the value lurking in the company. As Mayer began to remake Yahoo from a content company to a tech company, an internal civil war erupted. In author Nicholas Carlson's capable hands, this riveting book captures Mayer's rise and Yahoo's missteps as a dramatic illustration of what it takes to grab the brass ring in Silicon Valley. And it reveals whether it is possible for a big lumbering tech company to stay relevant in today's rapidly changing business landscape.

Black Woman Redefined

Dispelling Myths and Discovering Fulfillment in the Age of Michelle Obama *BenBella Books, Inc.*

It's time for a REDEFINITION among black women in America. In its 2011 hardcover release, *Black Woman Redefined* was a top-selling book and took home a 2011 Best Non-Fiction Book of the Year Award from the African American Literary Awards. Author Sophia A. Nelson won the 2012 Champions of Diversity Award, given each year by diversity business executives in Fortune 100 companies. *Black Woman Redefined* was inspired in part by what Nelson calls "open season on accomplished black women": from Don Imus's name-calling of black female basketball players in

2007 and a 2009 Yale University study titled "Marriage Eludes High-Achieving Black Women," to the more recent revelation that First Lady Michelle Obama is concerned about being painted as an "angry, black woman." In *Black Woman Redefined*, Nelson sets out to change this cultural perception, taking readers on a no-holds-barred journey into the hearts and minds of accomplished black women to reveal truths, tribulations, and insights like never before. This groundbreaking book provides black women of a new generation with essential career and life-coaching advice. Based on never-before-done research on college-educated, career-driven black women, Nelson offers her fellow "sisters"—and those who know, love, and work with them—a

feel-good volume for personal and professional success that empowers them without tearing others down.

The Conversation

How Men and Women Can Build Loving, Trusting Relationships

Penguin

In his first book for adults, New York Times bestselling author Hill Harper invites you to join the Conversation: an honest dialogue about the breakdown of African-American relationships. For generations African Americans have turned to their families in times of need – but now, this proud and strong legacy is in peril. Black men and women have stopped communicating effectively and it threatens the very relationships and marriages necessary to sustain the Black family. Today, less than a third of Black children are being raised in two-parent households, a sharp decline from past

generations. So, why is it so difficult for Black men and women to build long-term, loving and mutually beneficial relationships? What is happening in the community that makes it so hard for women and men to find their way to each other? And why are there so few people who manage to hold a marriage together, even after finding a person to love? In his moving yet practical book, Hill Harper undertakes a journey both universal and deeply personal in search of answers to these questions. He has conversations with friends and strangers – married, single and divorced – and learns about their private struggles, emotional vulnerabilities, and real concerns, and begins to see common themes emerge. As his journey picks up momentum, Hill begins to recognize his

own struggles in other people's stories, and is encouraged to more deeply examine his own relationship issues. Why does so much misinformation and mistrust exist between the sexes? Hill addresses the stereotypes that have developed in the Black community, in the hope that by addressing the challenges, Black men and women can find their way to common ground. The Conversation aims to open up the lines of communication, and offers inspiration to those who want to take control of this crisis and start building successful, sustainable relationships.

The Beta Male Revolution

Why Many Men Have Totally Lost Interest in Marriage in Today's Society *Alan Roger Currie*

"The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s" says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual

companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic

listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as "Alpha male leftovers." Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male

Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic

companions and sexual companions that they do after reading this book. This book will be talked about for years to come.

The Mystery Method

How to Get Beautiful Women Into Bed *St. Martin's Press*

"One of the most admired men in the world of seduction" (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women. For every man who always wondered why some guys have all the luck, Mystery,

considered by many to be the world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, *The Game*. Now he has written the definitive handbook on the art of the pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from "average frustrated chumps." *The Mystery Method: How to Get Beautiful Women Into Bed* shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your

attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.

What Women Want When They Test Men

How to Decode Female Behavior, Pass a Woman's Tests, and Attract Women Through Authenticity *CreateSpace*

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a

backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and

unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women

think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you.

The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple

communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. How to stop living in fear of what a woman might think, say, or do if she disagrees with or disapproves of you in any way. And much, much more... Would You Like to Know More? Get started right away and learn how to become the attractive man that has zero difficulty keeping a woman's respect, desire, and unwavering support. Alpha Male Strategies Advanced Game

Maintaining The Attachment in the Social Media Age

Welcome to my second dating book and my third book overall. After the success of my first book "Alpha Male Strategies, Dating in the Social Media Age" which

was centered around becoming more of a catch to attract the quality of women you wanted to attract and how to build an attachment, I decided to write this book which is centered around maintaining those attachments. What's the point in attracting and building an attachment with women if you don't know how to maintain those attachments. This book is more for men who like to build rotations, have long term non-monogamous relationships and maintain them, or men who like long term monogamous relationships whether that be marriage or just the regular committed relationship.

The Appearance of Power

How Masculinity Is Expressed Through Aesthetics *Createspace Independent Publishing Platform*

Power has an appearance and appearance has power. Ideally those two would line up together and the world would be full of good, masculine men

who dress and look like good masculine men. But all too often, reality is something different. There are good men and strong leaders out there who dress and look like children or bums. There are awful, lazy men in the world who dress in a way that hides their vices from those around them and makes them appear better than they truly are. In an attempt to correct for these disparities, our current culture tries to rob both appearance of its power and power of its appearance - to say that the way a person dresses or looks doesn't - or at least shouldn't matter. We're given platitudes like, "don't judge a book by its cover" and there's often a cultural rush to prove ourselves as non-judgmental as we can. But a man's appearance has been an integral part of humanity since

before the dawn of civilization. As human beings we use mental shortcuts when assessing our surroundings and the people within them. It is inefficient and dangerous to treat every object, scenario, and person as a blank slate or an unknown. And, because it is our tendency to judge according to visual stimuli, we use physicality, body language, grooming, and clothing to quickly and effectively communicate who we are and how we want other people to perceive us. Some men dress to appear more physically threatening, others to convey status and power within social spheres, some attempt to fit in and not draw attention to themselves, and others will use their clothing to show their disdain for the social norms around them. Regardless of

what your intentions are, your clothing says something about you. And no, this doesn't just apply to you, but to every man who has ever interacted with another human being. From the ancient shaman, to the Wall Street banker, the Pope to the gutter punk, all men use clothing and appearance to tell the world who we are. Which means it's worthwhile for you to understand how to use this tool effectively. The purpose of this book is to outline the underlying principles of how clothing affects men and masculinity. Understanding and applying those principles will take you far beyond looking like you've been dressed by an image consultant, in one of his five variations of acceptable clothing, and into the realm of being well-dressed all the time.
