If she so much as kisses her new boyfriend, she'll drain his life force. Georgina is a succubus—a demon who draws her power from other men's pleasure. Admittedly, the shapeshifting and immortality perks are

terrific, and yes, Georgina did choose to join the ranks of hell centuries ago. But it seems completely unfair that a she-demon whose purpose is seduction can't get hot and heavy with the one mortal who knows and accepts her for who she is.

The second installment in the Georgina Kincaid book series is Succubus on Top. In this book, Georgie and Seth are in an exceedingly stable relationship. Apart from going on romantic dates, they also get the chance to spend time with Seth's family and also do a lot of other exciting things that couples normally do, when they are in a happy relationship.

Georgina Kincaid - Book Series In Order

This is the fourth in the Georgina Kincaid series. She is a succubus, prowling the streets of Seattle, sucking the life out of men with her intimacies with them. This story builds on the three prior novels,

reintroducing characters like Roman (her relationship with him in an earlier work ended badly, to put it mildly).
