Setting Up Community Health Programmes

There are four parts, covering the basic principles of community based health care, starting a programme, setting up specific programmes and managing programmes. Twenty-one single subject chapters in a logical sequence take the reader through the main aspects of community based health programmes.

Setting Up Community Health Programmes: A Practical Manual ...

Setting up Community Health Programmes (Book Reviews) Dr Lankester packs this manual for community

health workers with practical advice on how to help a community tackle causes of ill health, and treat disease cheaply and effectively using home-grown community health workers. He starts by explaining the philosophies of Community Based Health Care, and the practicalities of working as partners with the community, and raising awareness about health.

Setting up Community Health Programmes (Book Reviews)

Setting up Community Health and Development Programmes in Low and Middle Income Settings illustrates how to start, develop, and maintain a health care programme in poor

areas across the world. The focus is on the community, and how people can work together to improve health through sanitation, storage of food, fresh water, and more.

Setting up Community Health and Development Programmes in ...

The central role of the community and its place in both healthcare planning and service delivery is increasingly seen as a vital foundation for global health. The fourth edition of Setting up Community Health Programmes in Low and Middle Income Settings provides a practical introductory guide to the initiation, management, and sustaining of health care programmes in

developing countries.

Setting Up Community Health Programmes

The first US edition of Setting Up Community Health Programmes benefits from almost two decades of use, testing and revision. This detailed, simply written how-to manual covers all the basic principles of community based health care, setting up specific programs, and

managing them, while reflecting post-millennium realities.

Setting Up Community Health Programmes: Ted Lankester ...

Community services play a key role in keeping people well, treating and managing acute illness and long-term conditions, and supporting people to live independently in their own homes.

Community services are central to plans for the future of the health and care system. The NHS's new long-term plan sets out ambitions to 'boost "out-of-hospital" care, and finally dissolve the historic divide between primary and community health services'.

Community health

services explained | The King's Fund

To improve living conditions and life expectancy, the people in urban slums and rural areas need access to a trained health care worker, and a functioning clinic. Setting up Community Health and Development Programmes in Low and Middle Income Settings illustrates how to start, develop, and maintain a health care programme in poor areas across the world.
