The Frankfurt School on Religion

In the contemporary theological and political order, the Frankfurt school of critical theory receives scant attention. 1 This is unfortunate as it provides useful tools for the critique of religion and a useful framework to explore the possible dynamics between religious and so-called progressive social movements. Since the 1960s the school, or the institute as it is sometimes referred, has taken a turn toward issues of language and culture, most

notably in the work of Jürgen Habermas.
