Life After Grad School Getting

Truth be told, many graduate students don't land their dream job immediately after graduation. For Ph.D.'s interested in teaching at the college level, most don't secure a tenure-track position

until after they've acquired solo teaching experience in community colleges, adjunct positions or visiting professorships.

What to Do After Grad School: Your Questions Answered

Life After Graduate School Earning a graduate degree is a great accomplishment, but the real value of your degree is evidenced by the benefits it brings throughout your life. One of the first things you have to do, (once you are done celebrating) is to determine how to leverage your degree to help you meet personal and professional goals (and pay down your student debt).

Having the right help makes both much easier to tackle as your put graduate school behind you.

Life After Grad School - HigherGrad

Traditional graduate programs prepare you for a life as an academic. If you are lucky enough to find a teaching or research job in a university, that's great. But according to the Chronicle of Higher

Education, fewer than half of all PhDs will ever hold tenure-track positions – and a good proportion of those won't get tenure. So for most PhDs, the job opportunities lie outside the academy, in the world of business and industry.

What matters after grad school when you get your PhD ...

You need to exploit your knowledge and years of graduate school experience to land employment after grad school. Let's start by discussing general career paths. Life after a masters degree may lead you towards a Ph.D. or other doctoral program. In that case, you want to begin your preparation as soon as possible in your masters program.
