Bookkeeping Courses & Training | reed.co.uk

Bookkeeping is the practice of recording your business transactions in your general ledger, the book or software program that contains all the financial transactions for your firm since its inception. Accounting is the practice of analyzing the information in the ledgers and developing insights into your business's financial decisions.

Bookkeeping and Accounting for Small Business

Bookkeeping, as it will be discussed here, refers to simply collecting records of expenses and revenues, and then posting those transactions to a general ledger. Accounting is the process that follows bookkeeping, and involves converting the information in the ledger into useful business metrics and reports.
