So, what are you waiting on? Begin your analysis adventure today with digital For The Good Of The Order publication downloads. With many titles and genres to select from, the opportunities are countless. Delighted analysis!

Holy Bible

A traditional favorite, the NIV Children's Bible is a full-text Bible for kids with color illustrations of key Bible stories.

Good News to the Poor

Social Involvement and the Gospel *Crossway*

The chasm between evangelism and social action needs to be bridged. Chester convincingly argues that the truth of the gospel is best understood and embraced in the context of loving action and gospel-centered community.

The Gospel According to John

Authorized King James Version *Canongate U.S.*

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

JavaScript: The Good Parts

The Good Parts *"O'Reilly Media, Inc."*

Most programming languages contain good and bad parts, but JavaScript has more than its share of the bad, having been developed and released in a hurry before it could be refined. This authoritative book scrapes away these bad features to reveal a subset of JavaScript that's more reliable, readable, and maintainable than the language as a whole—a subset you can use to create truly extensible and efficient code. Considered the JavaScript expert by many people in the development

community, author Douglas Crockford identifies the abundance of good ideas that make JavaScript an outstanding object-oriented programming language—ideas such as functions, loose typing, dynamic objects, and an expressive object literal notation. Unfortunately, these good ideas are mixed in with bad and downright awful ideas, like a programming model based on global variables. When Java applets failed, JavaScript became the language of the Web by default, making its popularity almost completely independent of its qualities as a programming language. In *JavaScript: The Good Parts*, Crockford finally digs through the steaming pile of good intentions and blunders to give you a detailed look at all the genuinely elegant parts of JavaScript, including: Syntax Objects Functions Inheritance Arrays Regular expressions Methods Style Beautiful features The real beauty? As you move ahead with the subset of JavaScript that this book presents, you'll also sidestep the need to unlearn all the bad parts. Of course, if you want to find out more about the bad parts and how to use them badly, simply consult any other JavaScript book. With *JavaScript: The Good Parts*, you'll discover a beautiful, elegant, lightweight and highly expressive language that lets you create effective code, whether you're managing object libraries or just trying to get Ajax to run fast. If you develop sites or applications for the Web, this book is an absolute must.

When Bad Things Happen to Good People *Boxtree*

The #1 bestselling inspirational classic from the internationally known spiritual leader; a source of solace and hope for over 4 million readers. Since its original publication in 1981, *When Bad Things Happen to Good People* has brought solace and hope to millions. In the preface to this edition, Rabbi Kushner relates the heartwarming responses he has received over the years from people who have found inspiration and comfort within these pages. When Harold Kushner's three-year-old son was diagnosed with a degenerative disease that meant the boy would only live until his early teens, he was faced with one of life's most difficult questions: Why, God? Years later, Rabbi Kushner wrote this straightforward, elegant contemplation of the doubts and fears that arise when tragedy strikes. In these pages, Kushner shares his wisdom as a rabbi, a parent, a reader, and a human being. Often imitated but never superseded, *When Bad Things Happen to Good People* is a classic that offers clear thinking and consolation in times of sorrow.

Good to Great

Why Some Companies Make the Leap...And Others Don't *Harper Collins*

The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest

companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, "fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings?

Looking for the Good War

American Amnesia and the Violent Pursuit of Happiness *Farrar, Straus and Giroux*

"A remarkable book, from its title and subtitle to its last words . . . A stirring indictment of American sentimentality about war." —Robert G. Kaiser, *The Washington Post* In *Looking for the Good War*, Elizabeth D. Samet reexamines the literature, art, and culture that emerged after World War II, bringing her expertise as a professor of English at West Point to bear on the complexity of the postwar period in national life. She exposes the confusion about American identity that was expressed during and immediately after the war, and the deep national ambivalence toward war, violence, and veterans—all of which were suppressed in subsequent decades by a dangerously sentimental attitude toward the United States' "exceptional" history and destiny. Samet finds the war's ambivalent legacy in some of its most heavily mythologized figures: the war correspondent epitomized by Ernie Pyle, the character of the erstwhile G.I. turned either cop or criminal in the pulp fiction and feature films of the late 1940s, the disaffected Civil War veteran who looms so large on the screen in the Cold War Western, and the resurgent military hero of the post-Vietnam period. Taken together, these figures reveal key elements of postwar attitudes toward violence, liberty, and nation—attitudes that have shaped domestic and foreign policy and that respond in various ways to various assumptions about national identity and purpose established or affirmed by World War II. As the United States reassesses its roles in Afghanistan and the Middle East, the time has come to rethink our national mythology: the way that World War II shaped our sense of national destiny, our beliefs about the use of American military force throughout the world, and our inability to accept the realities of the twenty-first century's decades of devastating conflict.

Good Enough

40ish Devotionals for a Life of Imperfection *Convergent Books*

"A ... series of Christian daily reflections on learning to live with imperfection in a culture of self-help that promotes endless progress"--Provided by publisher.

The Gospel According to Mark *Canongate Books*

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

Design for Good

A New Era of Architecture for Everyone *Island Press*

The book reveals a new understanding of the ways that design shapes our lives and gives professionals and interested citizens the tools to seek out and demand designs that dignify.

So Good They Can't Ignore You

Why Skills Trump Passion in the Quest for Work You Love *Grand Central Publishing*

In an unorthodox approach, Georgetown University professor Cal Newport debunks the long-held belief that "follow your passion" is good advice, and sets out on a quest to discover the reality of how people end up loving their careers. Not only are pre-existing passions rare and have little to do with how most people end up loving their work, but a focus on passion over skill can be dangerous, leading to anxiety and chronic job hopping. Spending time with organic farmers, venture capitalists, screenwriters, freelance computer programmers, and others who admitted to deriving great satisfaction from their work, Newport uncovers the strategies they used and the pitfalls they avoided in developing their compelling careers. Cal reveals that matching your job to a pre-existing passion does not matter. Passion comes after you put in the hard work to become excellent at something valuable, not before. In other words, what you do for a living is much less important than how you do it. With a title taken from the comedian Steve Martin, who once said his advice for aspiring entertainers was to "be so good they can't ignore you," Cal Newport's clearly written manifesto is mandatory reading for anyone fretting about what to do with their life, or frustrated by their current job situation and eager to find a fresh new way to take control of their livelihood. He provides an evidence-based blueprint for creating work you love, and will change the way you think about careers, happiness, and the crafting of a remarkable life.

Rules, Orders, Powers, and Directions, for the Good Government and Preservation of the Barracks, in the Several Garrisons, Towns, Forts, Castles, &c. in Great Britain, and the Foreign Garrisons

The Good Egg *HarperCollins*

A #1 New York Times bestseller! An Amazon Best Books of the Year 2019 selection! From the bestselling creators of *The Bad Seed*, a timely story about not having to be Grade A perfect! Meet the good egg. He's a verrrrrry good egg indeed. But trying to be so good is hard when everyone else is plain ol' rotten. As the other eggs in the dozen behave badly, the good egg starts to crack from all the pressure of feeling like he has to be perfect. So, he decides enough is enough! It's time for him to make a change... Dynamic duo Jory John and Pete Oswald hatch a funny

and charming story that reminds us of the importance of balance, self-care, and accepting those we love (even if they are sometimes a bit rotten). Perfect for reading aloud and shared story time!

The Living Bible, Paraphrased

Good Strategy, Bad Strategy

The Difference and Why It Matters *Crown Books*

Argues that a manager's central responsibility is to create and implement strategies, challenges popular motivational practices, and shares anecdotes discussing how to enable action-oriented plans for real-world results.

The Righteous Mind

Why Good People are Divided by Politics and Religion *Vintage*

Presents a groundbreaking investigation into the origins of morality at the core of religion and politics, offering scholarly insight into the motivations behind cultural clashes that are polarizing America.

Good Omens

The Nice and Accurate Prophecies of Agnes Nutter, Witch *Harper Collins*

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

A Good Tax

Legal and Policy Issues for the Property Tax in the United States

In *A Good Tax*, tax expert Joan Youngman skillfully considers how to improve the operation of the property tax and supply the information that is often missing in public debate. She analyzes the legal, administrative, and political challenges to the property tax in the United States and offers recommendations for its improvement. The book is accessibly written for policy analysts

and public officials who are dealing with specific property tax issues and for those concerned with property tax issues in general.

The Tenth Good Thing about Barney *Paw Prints*

A little boy learns that even though his cat has died, he is still doing good things

The Five Great Philosophies of Life

The Tyranny of Merit

What's Become of the Common Good? *Farrar, Straus and Giroux*

A Times Literary Supplement's Book of the Year 2020 A New Statesman's Best Book of 2020 A Bloomberg's Best Book of 2020 A Guardian Best Book About Ideas of 2020 The world-renowned philosopher and author of the bestselling *Justice* explores the central question of our time: What has become of the common good? These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favor of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the American credo that "you can make it if you try". The consequence is a brew of anger and frustration that has fueled populist protest and extreme polarization, and led to deep distrust of both government and our fellow citizens--leaving us morally unprepared to face the profound challenges of our time. World-renowned philosopher Michael J. Sandel argues that to overcome the crises that are upending our world, we must rethink the attitudes toward success and failure that have accompanied globalization and rising inequality. Sandel shows the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind, and traces the dire consequences across a wide swath of American life. He offers an alternative way of thinking about success--more attentive to the role of luck in human affairs, more conducive to an ethic of humility and solidarity, and more affirming of the dignity of work. *The Tyranny of Merit* points us toward a hopeful vision of a new politics of the common good.

The Good Lord Bird (TV Tie-in)

A Novel *Penguin*

Now a Showtime limited series starring Ethan Hawke and Daveed Diggs Winner of the National Book Award for Fiction From the bestselling author of *Deacon King Kong* (an Oprah Book Club pick) and *The Color of Water* comes the story of a young boy born a slave who joins John Brown's antislavery crusade—and who must pass as a girl to survive. Henry Shackleford is a young slave living in the Kansas Territory in 1856--a battleground between anti- and pro-slavery forces--when legendary abolitionist John Brown arrives. When an argument between Brown and Henry's master turns violent, Henry is forced to leave town--along with Brown, who believes Henry to be a girl and his good luck charm. Over the ensuing months, Henry, whom Brown nicknames Little Onion, conceals his true identity to stay alive. Eventually Brown sweeps him into the historic raid on Harpers Ferry in 1859--one of the great catalysts for the Civil War. An absorbing mixture of history and imagination, and told with McBride's meticulous eye for detail and character, *The Good Lord Bird* is both a rousing adventure and a moving exploration of identity and survival.

The God Delusion. 10th Anniversary Edition *Random House*

The God Delusion caused a sensation when it was published in 2006. Within weeks it became the most hotly debated topic, with

Dawkins himself branded as either saint or sinner for presenting his hard-hitting, impassioned rebuttal of religion of all types. His argument could hardly be more topical. While Europe is becoming increasingly secularized, the rise of religious fundamentalism, whether in the Middle East or Middle America, is dramatically and dangerously dividing opinion around the world. In America, and elsewhere, a vigorous dispute between 'intelligent design' and Darwinism is seriously undermining and restricting the teaching of science. In many countries religious dogma from medieval times still serves to abuse basic human rights such as women's and gay rights. And all from a belief in a God whose existence lacks evidence of any kind. Dawkins attacks God in all his forms. He eviscerates the major arguments for religion and demonstrates the supreme improbability of a supreme being. He shows how religion fuels war, foments bigotry and abuses children. *The God Delusion* is a brilliantly argued, fascinating polemic that will be required reading for anyone interested in this most emotional and important subject.

Good and Cheap

Eat Well on \$4/Day *Workman Publishing*

By showing that kitchen skill, and not budget, is the key to great food, *Good and Cheap* will help you eat well—really well—on the strictest of budgets. Created for people who have to watch every dollar—but particularly those living on the U.S. food stamp allotment of \$4.00 a day—*Good and Cheap* is a cookbook filled with delicious, healthful recipes backed by ideas that will make everyone who uses it a better cook. From Spicy Pulled Pork to Barley Risotto with Peas, and from Chorizo and White Bean Ragù to Vegetable Jambalaya, the more than 100 recipes maximize every ingredient and teach economical cooking methods. There are recipes for breakfasts, soups and salads, lunches, snacks, big batch meals—and even desserts, like crispy, gooey Caramelized Bananas. Plus there are tips on shopping smartly and the minimal equipment needed to cook successfully. And when you buy one, we give one! With every copy of *Good and Cheap* purchased, the publisher will donate a free copy to a person or family in need. Donated books will be distributed through food charities, nonprofits, and other organizations. You can feel proud that your purchase of this book supports the people who need it most, giving them the tools to make healthy and delicious food. An IACP Cookbook Awards Winner.

The School for Good Mothers

A Novel *Simon and Schuster*

An Instant New York Times Bestseller A Read with Jenna Today Show Book Club Pick In this taut and explosive debut novel, one lapse in judgement lands a young mother in a government reform program where custody of her child hangs in the balance. Frida Liu is struggling. She doesn't have a career worthy of her Chinese immigrant parents' sacrifices. She can't persuade her husband, Gust, to give up his wellness-obsessed younger mistress. Only with Harriet, their cherubic daughter, does Frida finally attain the perfection expected of her. Harriet may be all she has, but she is just enough. Until Frida has a very bad day. The state has its eyes on mothers like Frida. The ones who check their phones, letting their children get injured on the playground; who let their children walk home alone. Because of one moment of poor judgment, a host of government officials will now determine if Frida is a candidate for a Big Brother-like institution that measures the success or failure of a mother's devotion. Faced with the possibility of losing Harriet, Frida must prove that a bad mother can be redeemed. That she can learn to be good. A

searing page-turner that is also a transgressive novel of ideas about the perils of "perfect" upper-middle class parenting; the violence enacted upon women by both the state and, at times, one another; the systems that separate families; and the boundlessness of love, *The School for Good Mothers* introduces, in Frida, an everywoman for the ages. Using dark wit to explore the pains and joys of the deepest ties that bind us, Chan has written a modern literary classic.

The Good University

What Universities Actually Do and Why Its Time for Radical Change *Zed Books Ltd.*

The higher education industry might seem like it's booming, with over 200 million students in universities and colleges worldwide and funds flowing in like never before. But the truth is that these institutions have never been unhappier places to work. Corporate-style management, cost-cutting governments, mobilisations by angry students and strikes by a disgruntled workforce have taken their toll — in almost every country around the world. It's no wonder that there is talk of 'universities in crisis.' But what should a 'good university' look like? In this inspiring new work, Raewyn Connell asks us to consider just that, challenging us to rethink the fundamentals of what universities do. Drawing on the examples offered by pioneering universities and educational reformers around the world, Connell outlines a practical vision for how our universities can become both more engaging and more productive places, driven by social good rather than profit, helping to build fairer societies.

Alexander and the Terrible, Horrible, No Good, Very Bad Day *Simon and Schuster*

On a day when everything goes wrong for him, Alexander is consoled by the thought that other people have bad days too.

The Coddling of the American Mind

How Good Intentions and Bad Ideas Are Setting Up a Generation for Failure *Penguin*

New York Times Bestseller • Finalist for the 2018 National Book Critics Circle Award in Nonfiction • A New York Times Notable Book • Bloomberg Best Book of 2018 "Their distinctive contribution to the higher-education debate is to meet safetyism on its own, psychological turf . . . Lukianoff and Haidt tell us that safetyism undermines the freedom of inquiry and speech that are indispensable to universities." —Jonathan Marks, Commentary "The remedies the book outlines should be considered on college campuses, among parents of current and future students, and by anyone longing for a more sane society." —Pittsburgh Post-Gazette Something has been going wrong on many college campuses in the last few years. Speakers are shouted down. Students and professors say they are walking on eggshells and are afraid to speak honestly. Rates of anxiety, depression, and suicide are rising—on campus as well as nationally. How did this happen? First Amendment expert Greg Lukianoff and social psychologist Jonathan Haidt show how the new problems on campus have their origins in three terrible ideas that have become increasingly woven into American childhood and education: What doesn't kill you makes you weaker; always trust your feelings; and life is a battle between good people and evil people. These three Great Untruths contradict basic psychological principles about well-being and ancient wisdom from many cultures. Embracing these untruths—and the resulting culture of safetyism—interferes with young people's social, emotional, and intellectual development. It makes it harder for them to become

autonomous adults who are able to navigate the bumpy road of life. Lukianoff and Haidt investigate the many social trends that have intersected to promote the spread of these untruths. They explore changes in childhood such as the rise of fearful parenting, the decline of unsupervised, child-directed play, and the new world of social media that has engulfed teenagers in the last decade. They examine changes on campus, including the corporatization of universities and the emergence of new ideas about identity and justice. They situate the conflicts on campus within the context of America's rapidly rising political polarization and dysfunction. This is a book for anyone who is confused by what is happening on college campuses today, or has children, or is concerned about the growing inability of Americans to live, work, and cooperate across party lines.

Nicomachean Ethics *Courier Corporation*

Enduringly profound treatise, whose lasting effect on Western philosophy continues to resonate. Aristotle identifies the goal of life as happiness and discusses its attainment through the contemplation of philosophic truth.

Calendar of state papers

Biennial Report of the Superintendent of Public Instruction for the Period Ending ...

A sermon [on Galat. v. 13] preached ... for the benefit of the Sunderland Humane-Society

The Good Sister *Large Print Press*

THE INSTANT NEW YORK TIMES BESTSELLER A stunningly clever thriller made doubly suspenseful by not one, but two unreliable narrators.--People Sally Hepworth, the author of *The Mother-In-Law* delivers a knock-out of a novel about the lies that bind two sisters in *The Good Sister*. There's only been one time that Rose couldn't stop me from doing the wrong thing and that was a mistake that will haunt me for the rest of my life. Fern Castle works in her local library. She has dinner with her twin sister Rose three nights a week. And she avoids crowds, bright lights, and loud noises as much as possible. Fern has a carefully structured life and disrupting her routine can be...dangerous. When Rose discovers that she cannot get pregnant, Fern sees her chance to pay her sister back for everything Rose has done for her. Fern can have a baby for Rose. She just needs to find a father. Simple. Fern's mission will shake the foundations of the life she has carefully built for herself and stir up dark secrets from the past, in this quirky, rich, and shocking story of what families keep hidden.

The Coming Good Society

Why New Realities Demand New Rights *Harvard University Press*

Two authors with decades of experience promoting human rights argue that, as the world changes around us, rights hardly imaginable today will come into being. A rights revolution is under way. Today the range of nonhuman entities thought to deserve rights is exploding—not just animals but ecosystems and even robots. Changes in norms and circumstances require the expansion of rights: What new rights, for example, are needed if we understand gender to be nonbinary? Does living in a corrupt state violate our rights? And emerging technologies demand that we think about old rights in new ways: When biotechnology is used to change genetic code, whose rights might be violated?

What rights, if any, protect our privacy from the intrusions of sophisticated surveillance techniques? Drawing on their vast experience as human rights advocates, William Schulz and Sushma Raman challenge us to think hard about how rights evolve with changing circumstances, and what rights will look like ten, twenty, or fifty years from now. Against those who hold that rights are static and immutable, Schulz and Raman argue that rights must adapt to new realities or risk being consigned to irrelevance. To preserve and promote the good society—one that protects its members' dignity and fosters an environment in which people will want to live—we must at times rethink the meanings of familiar rights and consider the introduction of entirely new rights. Now is one of those times. *The Coming Good Society* details the many frontiers of rights today and the debates surrounding them. Schulz and Raman equip us with the tools to engage the present and future of rights so that we understand their importance and know where we stand.

With an Introduction and Notes

A Good Girl's Guide to Murder *Delacorte Press*

THE NEW YORK TIMES BESTSELLING SERIES WITH OVER ONE MILLION COPIES SOLD• Everyone is talking about this addictive must-read mystery with shades of *Serial* and *Making a Murderer* about an investigation turned obsession, full of twists and turns and with an ending you'll never expect. Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, *Good Girl, Bad Blood!* "The perfect nail-biting mystery." --Natasha Preston, #1 New York Times bestselling author

Wisconsin Journal of Education

From Here to Eternity: Traveling the World to Find the Good Death *W. W. Norton & Company*

A New York Times and Los Angeles Times Bestseller "Doughty chronicles [death] practices with tenderheartedness, a technician's fascination, and an unsentimental respect for grief." —Jill Lepore, *The New Yorker* Fascinated by our pervasive fear of dead bodies, mortician Caitlin Doughty embarks on a global expedition to discover how other cultures care for the dead. From Zoroastrian sky burials to wish-granting Bolivian skulls, she investigates the world's funerary customs and expands our sense of what it means to treat the dead with dignity. Her account questions the rituals of the American funeral industry—especially chemical embalming—and suggests that the most effective traditions are those that allow mourners to personally attend to the body of the deceased. Exquisitely illustrated by artist Landis Blair, *From Here to Eternity* is an adventure into the morbid unknown, a fascinating tour through the unique ways people everywhere confront mortality.

The Bad Seed *HarperCollins*

A New York Times bestseller! Amazon Prime's Most Read Title of 2019! An Amazon Best Children's Book of the Month from the New York Times bestselling author of the Goodnight Already! series This is a book about a bad seed. A baaaaaaaaaad seed. How bad?
