For I do not consider such a conversion possible, and that for a reason which follows precisely from what I wish to discuss: the foundation of the natural law theory, i.e., the answer to the question, on what presupposition alone can one assume the validity of an eternal, unchangeable law immanent in nature; so that anyone, like myself, who does not feel able to accept this presupposition, is also unable to accept its consequence.

The Foundation of the Theory of Natural Law | SpringerLink

Our legal culture has lost the context in which the Constitution was written. I speak of the natural law, the idea of law as founded upon reason and logic and not merely the ipse dixit of a given power. This has had profound implications for the modern misinterpretation of the Constitution.

The Natural Law Foundation of the Constitution | The ...

Natural law classification. Natural law is classified into two types of rights. The natural ontological law is catalogued as the science that studies the human being; and the natural deontological law, which is the science that is based on the study of the being but based on an inculcated system of values.. Examples. Ancient divine laws: In ancient times there was a group of divine laws that ...

Natural law | What is, characteristics, history ...

Natural law (Latin: ius naturale, lex naturalis) is a system of law based on a close observation of human nature, and based on values intrinsic to human nature that can be deduced and applied independent of positive law (the enacted laws of a state or society).

Natural law - Wikipedia

Natural law is a philosophy based on the idea that everyone in a given society shares the same idea of what constitutes “right” and “wrong.” Further, natural law assumes that all people want to live “good and innocent” lives. Thus, natural law can also be thought of as the basis of “morality.”

Saint Thomas Aquinas explains that natural law is nothing more than the rational creature’s participation in the Eternal Law. Its general precept, from which all the others follow, is that “good is to be done and pursued, and evil is to be avoided.” By his natural reason, man perceives what is good or bad for him.
