Improvisation at the Speed of Life

The Tj and Dave Book *Solo Roma, Incorporated*

"Jagodowski and Pasquesi, award-winning master improvisers from Chicago's legendary comedy scene, are internationally known for their acclaimed, two-man longform show, TJ & Dave. [This is] their authoritative and entertaining look at techniques, principles, theory, and ideas behind their approach"--Cover.

Improvise. Scene from the Inside Out *Meriwether Publishing*

Renowned improv instructor and award-winning director Mick Napier has been at the heart of the professional improvisation community for more than 25 years. The first edition of Improvise. quickly earned its position as necessary reading for improv students across the country and around the world and gave birth to a new generation of performers who questioned "The Rules" of improvisation. This expanded and revised edition has a new foreword by The Late Show host Stephen Colbert, additional advice and tips for success, and a full reproduction of Mick Napier's web journal from his time directing the famous show Paradigm Lost for The Second City that included Tina Fey, Rachel Dratch, and Kevin Dorff. In this entertaining and incredibly informative book, Napier will teach you the essentials of... --Why "The Rules" don't matter --How to take care of yourself in a scene --Using context to your advantage --Effective two-person scenes --Balanced large-cast scenes --Successful auditioning --Solo exercises you can practice at home

Improv Yourself

Business Spontaneity at the Speed of Thought *John Wiley & Sons*

Yes, And

How Improvisation Reverses "No, But" Thinking and Improves Creativity and Collaboration--Lessons from The Second City *Harper Collins*

Executives from The Second City—the world’s premier comedy theater and school of improvisation—reveal improvisational techniques that can help any organization develop innovators, encourage adaptable leaders, and build transformational businesses. For more than fifty years, The Second City comedy theater in Chicago has been a training ground for some of the best comic minds in the industry—including John Belushi, Bill Murray, Gilda Radner, Mike Myers, Steve Carell, Stephen Colbert, and Tina Fey. But it also provides one-of-a-kind leadership training to cutting-edge companies, nonprofits, and public sector organizations—all aimed at increasing creativity, collaboration, and teamwork. The rules for leadership and teamwork have changed, and the skills that got professionals ahead a generation ago don’t work anymore. Now The Second City provides a new toolkit individuals and organizations can use to thrive in a world increasingly shaped by speed,

social communication, and decentralization. Based on eight principles of improvisation, Yes, And helps to develop these skills and foster them in high-potential leaders and their teams, including: Mastering the ability to co-create in an ensemble Fostering a “yes, and” approach to work Embracing failure to accelerate high performance Leading by listening and by learning to follow Innovating by making something out of nothing Yes, And is a must-read for professionals and organizations, helping to develop the invaluable leadership skills needed to succeed today.

The Upright Citizens Brigade Comedy Improvisation Manual

The Upright Citizens Brigade Comedy Improvisation Manual is a comprehensive guide to the UCB style of long form comedy improvisation. Written by UCB founding members Matt Besser, Ian Roberts, and Matt Walsh, the manual covers everything from the basics of two person scene work (with a heavy emphasis on finding "the game" of the scene), to the complexities of working within an ensemble to perform long form structures, such as "The Harold" and "The Movie". A practical "how to" book, the guide provides exercises throughout to help the reader master each new concept and technique introduced. While the manual is written to be understood by beginners with no previous exposure to improvisational comedy, experienced improvisors will find it to be an excellent resource for honing their skills, clarifying concepts, and generally taking their work to a higher level.

Art by Committee

A Guide to Advanced Improvisation *Meriwether Pub*

This new guidebook for the best in improvisation performance si a sequel to the best-selling book, "Truth in Comedy." It tells how to empower improvisation using the "yes" concept with improv performers.

Process

An Improviser's Journey *Northwestern University Press*

Author, teacher, and improviser Michael Gellman was given a mission by Del Close himself: “[T]o create improvised one-act plays of literary quality from scratch.” Already steeped in the world of improvisation, he took it upon himself to do this, in the form of a class for other improvisers in which they would build the skills necessary to execute such a seemingly tall order. Scruggs and Gellman’s book, modeled after Stanislavski’s timeless An Actor Prepares, follows a fictional young actor taking Gellman’s real-life class. Scruggs and Gellman introduce readers to Geoff, who has just moved to Chicago to pursue acting. He undergoes the standard trials of audition and rejection before he takes the advice of a fellow actor and turns to improv classes at Second City. At first, Geoff thinks improvisation is about laughs and loosening up, but he soon learns that it is a powerful tool as well as an end in itself. Through Geoff’s eyes, the book introduces readers to key tenets of improvisation: concentration, visualization, focus, object work, being in the moment, and the crucial “yes, and.” His experiences with the basics of improvisation do serve to get him a few roles, but his real breakthrough comes when he signs up for an improvised one-act class with Michael Gellman. He and his classmates arrive unprepared for the challenge, but with Gellman’s prompts and advice, they slowly move through process to performance over the course of three seasons in Chicago. The class culminates with their final project: a completely improvised one-act play performed in front of a live audience.

Innovation at the Speed of Laughter

8 Secrets to World Class Idea Generation *Aerialist Press*

Innovation at the Speed of Laughter explores the unexpected ways in which the tools of improvisational comedy can improve business performance. Combining his insights as a successful businessman with his expertise as a performer, John Sweeney reveals eight secrets to jump-starting workplace creativity and corporate ideation developed from the quirky, spontaneous art form of improvisation. The secrets include “Accepting All Ideas,” “Deferring Judgment,” and “Creating a Statusless Environment.” Sweeney and the Brave New Workshop have used these secrets to help companies like General Mills, 3M Corporation, Hewlett-Packard, and Disney develop wonderfully uncommon ideas. Innovation at the Speed of Laughter will similarly help businesses, leaders, and individuals tap into their innovative potential—for creative expression as well as profitability.

Truth in Comedy

The Manual of Improvisation *Meriwether Pub*

Furnishes a comprehensive guide to improvisational techniques as used in stand-up comedy

Impro

Improvisation and the Theatre *Routledge*

Keith Johnstone's involvement with the theatre began when George Devine and Tony Richardson, artistic directors of the Royal Court Theatre, commissioned a play from him. This was in 1956. A few years later he was himself Associate Artistic Director, working as a play-reader and director, in particular helping to run the Writers' Group. The improvisatory techniques and exercises evolved there to foster spontaneity and narrative skills were developed further in the actors' studio then in demonstrations to schools and colleges and ultimately in the founding of a company of performers, called The Theatre Machine. Divided into four sections, 'Status', 'Spontaneity', 'Narrative Skills', and 'Masks and Trance', arranged more or less in the order a group might approach them, the book sets out the specific techniques and exercises which Johnstone has himself found most useful and most stimulating. The result is both an ideas book and a fascinating exploration of the nature of spontaneous creativity.

Behind the Scenes: Improvising Long Form *Meriwether Publishing*

In this follow-up to his highly regarded book *Improvise*. Scene from the Inside Out, globally acclaimed improviser, director, and instructor Mick Napier focuses on the complexities and theories of long form improvisation. This extended form of improvisation invites performers to be inspired for at least thirty minutes by a single suggestion as they push their creativity to the limit.Napier taps into more than 30 years of experience and distills his tools for success into practical, engaging lessons: --The art of introductions and edits --Different approaches to openers --Pros and cons of the back line --Why it's okay to be funny --Finding the dominant energy --Sustaining a strong character

The Improviser's Way

A Longform Workbook *Nick Hern Books*

Structured as a twelve-week course, this book provides techniques, advice and exercises that can be

done on your own or in groups - with activities to complete as you go - for learning faster and becoming (more) amazing at improvisation. It draws on the author's own experience of performing and teaching improv around the world, with added gems of wisdom from key experts. Starting with the basics of improvisation, it moves on to explore areas of the craft such as rehearsals, character, editing, form and style; plus career advice including how to cope with bad gigs, jealousy, fear of missing out and your Inner Critic. The Improviser's Way is ideal for improvisers at any level - from those new to improv entirely, through those familiar with shortform who are looking to extend their reach, to experienced longform performers and teachers looking to refresh their approach and embrace new ideas. It is also invaluable to anyone looking to discover more about this popular, thrillingly creative and empowering form of performance. By the end, you won't just be a better improviser - you'll be a better person!

The Triangle of the Scene

A Simple, Practical, Powerful Method for Approaching Improvisation *Createspace Independent Publishing Platform*

In The Triangle of the Scene, veteran improv teacher and performer Paul Vaillancourt lays out a simple set of tools that enable improvisors old and new to use the three basic elements of a scene to super-charge their work and take it to the next level. In this book, Paul shows you how to better connect with your partner, how to use the 'where', and how to find the ever elusive game of the scene. The Triangle of the Scene is also the first improv book to use embedded videos to allow readers to see the book's exercises and techniques in action. With 30 years of experience performing and teaching improv Paul (the Co-founder of the iO West and member of the legendary improv group Beer, Shark, Mice) shares with you the techniques that he has used to help thousands of students become more fearless, confident, and powerful improvisors.

God, Improv, and the Art of Living *Wm. B. Eerdmans Publishing*

“We’re all improvisers,” says MaryAnn McKibben Dana, whether we realize it or not. In this book McKibben Dana blends personal stories, pop culture, and Scripture into a smart, funny, down-to-earth guide to the art of living. Offering concrete spiritual wisdom through seven improv principles, she helps readers become more awake, creative, resilient, and ready to play—even (especially) when life doesn’t go according to plan.

Grand Improvisation

America Confronts the British Superpower, 1945-1957 *Farrar, Straus and Giroux*

A new understanding of the post World War II era, showing what occurred when the British Empire wouldn't step aside for the rising American superpower—with global insights for today. An enduring myth of the twentieth century is that the United States rapidly became a superpower in the years after World War II, when the British Empire—the greatest in history—was too wounded to maintain a global presence. In fact, Derek Leebaert argues in *Grand Improvisation*, the idea that a traditionally insular United States suddenly transformed itself into the leader of the free world is illusory, as is the notion that the British colossus was compelled to retreat. The United States and the U.K. had a dozen abrasive years until Washington issued a “declaration of independence” from British influence. Only then did America explicitly assume leadership of the world order just taking shape. Leebaert’s character-driven narrative shows such figures as Churchill, Truman, Eisenhower, and Kennan in an entirely new light, while unveiling players of at least equal weight on pivotal events. Little unfolded as historians believe: the Truman Doctrine and the Marshall Plan; the Korean War; America’s descent into Vietnam. Instead, we see nonstop U.S. improvisation until America finally lost all caution and embraced obligations worldwide, a burden we bear today. Understanding all of this properly is vital to understanding the rise and fall of superpowers, why we’re now skeptical of commitments overseas, how the Middle East plunged into disorder, why Europe is fracturing, what China intends—and the ongoing perils to the U.S. world role.

The Improv Handbook

The Ultimate Guide to Improvising in Comedy, Theatre, and Beyond *Bloomsbury Publishing*

The Improv Handbook is the most comprehensive, smart, helpful and inspiring guide to improv available today. Applicable to comedians, actors, public speakers and anyone who needs to think on their toes, it features a range of games, interviews, descriptions and exercises that illuminate and illustrate the exciting world of improvised performance. First published in 2008, this second edition features a new foreword by comedian Mike McShane, as well as new exercises on endings, managing blind offers and master-servant games, plus new and expanded interviews with Keith Johnstone, Neil Mullarkey, Jeffrey Sweet and Paul Rogan. The Improv Handbook is a one-stop guide to the exciting world of improvisation. Whether you're a beginner, an expert, or would just love to try it if you weren't too scared, The Improv Handbook will guide you every step of the way.

How to be the Greatest Improviser on Earth

Advice for performing long-form improv from a longtime teacher and performer.

Every Song Ever

Twenty Ways to Listen in an Age of Musical Plenty *Farrar, Straus and Giroux*

What is music in the age of the cloud? Today, we can listen to nearly anything, at any time. It is possible to flit instantly across genres and generations, from 1980s Detroit techno to 1890s Viennese neo-romanticism. This new age of listening brings with it astonishing new possibilities--as well as dangers. In *Every Song Ever*, the veteran New York Times music critic Ben Ratliff reimagines the very idea of music appreciation for our times. In the age of the cloud, the genre of the recording and the intention of the composer matter less and less. Instead, we can savor our own listening experience more directly, taking stock of qualities like repetition, speed, density, or loudness. The result is a new mode of listening that can lead to unexpected connections. When we listen for slowness, we may detect surprising affinities between the drone metal of Sunn O))), the mixtape manipulations of DJ Screw, and the final works of Shostakovich. And if we listen for more elusive qualities like closeness, we might notice how the tight harmonies of bluegrass vocals illuminate the virtuosic synchrony of John Coltrane's quartet. Encompassing the sounds of five continents and several centuries, Ratliff's book is a definitive field guide to our musical habitat, and a foundation for the new aesthetics our age demands.

Improvisation at the Piano

A Systematic Approach for the Classically Trained Pianist *Alfred Music*

This unique text uses a step-by-step approach to guide the reader from fundamental concepts to

advanced topics in improvisation. Each subject is broken into easy to understand segments, gradually becoming more complex as improvisational tools are acquired. Designed for the classically trained pianist with little or no experience in improvisation, it uses the reader’s previous knowledge of basic theory and technique to help accelerate the learning process. Included are more than 450 music examples and illustrations to reinforce the concepts discussed. These concepts are useful in all improvisational settings and can be applied to any musical style. For pianists interested in jazz, there are three chapters dedicated to introducing jazz improvisation, which can be used as the basis for further study in this idiom. Teachers using this text can go online to www.improvisationatthepiano.com to download lesson plans, ask specific questions about improvisation, and view answers to the most frequently asked questions about this book.

Acting on Impulse

The Art of Making Improv Theater

The Comedy Improv Handbook

A Comprehensive Guide to University Improvisational Comedy in Theatre and Performance *CRC Press*

The Comedy Improv Handbook: A Comprehensive Guide to University Improvisational Comedy in Theatre and Performance is a one-stop resource for both improv teachers and students, covering improv history, theory, maxims, exercises, games, and structures. You will learn the necessary skills and techniques needed to become a successful improviser, developing a basic understanding of the history of improvisation and its major influences, structures, and theories. This book also addresses issues associated with being a college improviser – like auditions, rehearsals, performances, and the dynamics of improv groups.

Improvise!

Use the Secrets of Improv to Achieve Extraordinary Results at Work *Icon Books*

A Financial Times Top Business Book 2020 Improv performers look like creative geniuses, coming up with brilliant comedy on the spur of the moment. But they rely on some simple rules and techniques – ones which anyone can learn, and which can help us offstage to think creatively, collaborate with others and communicate with impact. Improvise! will show you how to handle whatever comes your way at work – from giving confident presentations and handling difficult conversations to coming up with great ideas and persuading others to make them happen. Comedian and improvisation for business coach Max Dickins combines examples from the world of work with exercises from the stage to teach you how to achieve extraordinary results with what you’ve already got.

Action Theater

The Improvisation of Presence *North Atlantic Books*

Each chapter of this book presents a single day of the twenty-day training which Ruth Zaporah developed into Action Theater, her investigation into the life-reflecting process of improvisation. This book shows through exercises, stories, anecdotes, and metaphors how to focus attention on the body's awareness of the present moment, moving away from preconceived ideas. Improvisations move through fear, boredom, laziness, and distraction to a sustained awareness of creative options.

Pirate Robot Ninja

An Improv Fable

As an improv comedian: are you a pirate, robot or ninja? Know your type so you can appreciate your strengths while also focusing on what you have left to learn. This book is 200 pages of lessons, exercises and metaphors designed by two teachers and performers from the Upright Citizens Brigade Theatres in New York and Los Angeles. Also, it's written as a fable where you are an "improv seeker" in an mysterious dojo hidden in the mountains. That's pretty fun! "Billy and Will love to do the 'make'em ups' and they're quite good at it as well. I would read this book...if I could read." - Rob Riggle (Daily Show, US Marine Corps)

Complete Guitar Improvisation Book *Mel Bay Publications*

This is an incredibly comprehensive book dealing with every harmonic and technical aspect of guitar improvising. Included are analyses of scales, arpeggios, picking technique, chord progressions, cadences and modulations. In addition, numerous studies and exercises are contained to help you play through the concepts of being taught. the goal is technical and mental mastery of the guitar fingerboard. Tablature is included.

Improvisation Made Easier

An Improvisation Course for Intermediate to Advanced Guitarists *Warner Bros Publications*

Frank Gambale's new improvisation book is a twelve-chapter course, with seven lessons per chapter, that covers the twelve most important scales and modes. Each lesson explores the chords, voicings and licks that are derived from each scale. The two enclosed CDs contain 119 recorded music examples (over 50 CD tracks), and the clearly presented text is written in standard notation and tablature.

Putting Improv to Work

Spontaneous Performance for Professional and Personal Life *McFarland*

Improv is an art form in which participants act and respond in the present, trusting that each thoughtful action will lead to a wonderful outcome--even if it isn't the intended result. In this book, the principles and practices of unscripted theater are applied to non-theatrical circumstances. This book is based on a highly successful business school course, and aids in the development of communication, teamwork, creativity, confidence, emotional intelligence and other abilities. Each chapter assesses a different component of improv--how it connects to stage success and how it can be used in professional, academic and social settings. This is the only text that lays out an entire course on applied improv, providing activities with detailed instructions and descriptions. With roots in higher education, the book is informal, entertaining, and designed to be beneficial for anybody. Behavioral science, philosophy, art and athletics are all used to inform this discussion of improv and its real-world applications.

Improv Wisdom

Don't Prepare, Just Show Up *Harmony*

In an irresistible invitation to lighten up, look around, and live an unscripted life, a master of the art of improvisation explains how to adopt the attitudes and techniques used by generations of musicians and actors. Let’s face it: Life is something we all make up as we go along. No matter how carefully we formulate a “script,” it is bound to change when we interact with people with scripts of their own. Improv Wisdom shows how to apply the maxims of improvisational theater to real-life challenges—whether it’s dealing with a demanding boss, a tired child, or one of life’s never-ending surprises. Patricia Madson distills thirty years of experience into thirteen simple strategies, including “Say Yes,” “Start Anywhere,” “Face the Facts,” and “Make Mistakes, Please,” helping readers to loosen up, think on their feet, and take on everything life has to offer with skill, chutzpah, and a sense of humor.

Improvising the Curriculum

Alternatives to Scripted Schooling *Routledge*

Equipped with cultural tools like cell phones, computers and video cameras, youth are called upon to improvise and construct themselves symbolically in a continuously connected world; yet new teachers and students are still expected to learn and deliver standardized, placeless forms of scripted curriculum. This volume argues for improvisation as an approach to curriculum that recognizes the fundamentally creative aspects of learning that are often marginalized in communities of disadvantage. It provides interesting possibilities for schools that are working hard to keep up with technological, economic and cultural change, and argues for an improvised middle ground between structure and creativity. This volume outlines a two-year research project performed in a Canadian middle school, where school staff used student filmmaking as a way to expand teachers’ conceptions of literacy. It analyzes the response of students and parents as well as the student teachers that brought the program to the school. The improvisational techniques used while making the films paved the way for larger benefits of curricular improvisation to be explored.

Improvisation at the Piano

A Systematic Approach for the Classically Trained Pianist *Alfred Music Publishing*

This unique text uses a step-by-step approach to guide the reader from fundamental concepts to advanced topics in improvisation. Each subject is broken into easy to understand segments, gradually becoming more complex as improvisational tools are acquired. Designed for the classically trained pianist with little or no experience in improvisation, it uses the reader's previous knowledge of basic theory and technique to help accelerate the learning process. The Extreme Improv Big Book of Improv Games

Do you enjoy having fun? Are you in need of an excuse to act like a fool on a Thursday evening? And have you a hankering for some ridiculous word games in your life? If the answer to any of these questions is YES then this is the book for you! The Extreme Improv Big Book of Improv Games is a fantastic resource of dozens and dozens of fun to play Improv Comedy games. This book will not only teach you the rules of each of the games, but also give you hundreds of pro tips so you can become an improv master! Written by Extreme Improv's founder and resident supervillain David Pustansky, this book is riddled with ideas, infested with insights and boiling over with more improvised comedy goodness then legs on a centipede! If you want to inject new life into your improv skill set, this book breaks down tons of classic improv games, and explains how to play them successfully, the logic behind the rules, and when you should or shouldn't break them! In addition to the classics, the book also includes bucket loads of Extreme Improv's original creations which should give something new to even the most experienced improviser. This book is the first time many of the games will have been written about, and David also explains his process of creating new improv games. Written in easy to understand language, the book is the perfect resource for any theatre company, drama teacher, acting student, or anyone else who fancies learning and playing some hilarious improv games with friends.

Organizational Improvisation *Routledge*

The relatively new field of organizational improvisation is concerned with the pressures on organizations to react continually to today's ever-changing environment. Organizational improvisation has important implications for such subjects as product innovation, teamworking and organizational renewal, and this new book brings together some of the best and most thought-provoking papers published in recent years. This area is now emerging as one of the most important in organizational science, and this book provides a comprehensive collection suitable for students, researchers and practitioners alike.

The Routledge Handbook of Philosophy and Improvisation in the Arts *Routledge*

Over the last few decades, the notion of improvisation has enriched and dynamized research on traditional philosophies of music, theatre, dance, poetry, and even visual art. This Handbook offers readers an authoritative collection of accessible articles on the philosophy of improvisation, synthesizing and explaining various subjects and issues from the growing wave of journal articles and monographs in the field. Its 48 chapters, written specifically for this volume by an international team of scholars, are accessible for students and researchers alike. The volume is organized into four main sections: I Art and Improvisation: Theoretical Perspectives II Art and Improvisation: Aesthetical, Ethical, and Political Perspectives III Improvisation in Musical Practices IV Improvisation in the Visual, Narrative, Dramatic, and Interactive Arts Key Features: Treats improvisation not only as a stylistic feature, but also as an aesthetic property of artworks and performances as well as a core element of artistic creativity. Spells out multiple aspects of the concept of improvisation, emphasizing its relevance in understanding the nature of art. Covers improvisation in a wide spectrum of artistic domains, including unexpected ones such as literature, visual arts, games, and cooking. Addresses key questions, such as: - How can improvisation be defined and what is its role in different art forms? - Can improvisation be perceived as such, and how can it be aesthetically evaluated? - What is the relationship between improvisation and notions such as action, composition, expressivity, and authenticity? - What is the ethical and political significance of improvisation?

Organizational Improvisation *Psychology Press*

Thought-provoking papers on the relatively new field of organizational improvisation, which consider

the pressures on organizations to react continually to today's ever-changing environment.

The Jazz Language: A Theory Text for Jazz Composition and Improvisation

A Theory Text for Jazz Composition and Improvisation *Alfred Music*

This text presents all of the materials commonly used by the jazz musician in a logical order dictated both by complexity and need. The book is not intended to be either an arranging or improvisation text, but a pedagogical reference providing the information musicians need to pursue any activity they wish.

Improvise for Real

The Complete Method for All Instruments

Improvise for Real is a step-by-step method that teaches you to improvise your own music through progressive exercises that anyone can do. You'll learn to understand the sounds in the music all around you. And you'll learn to express your own musical ideas exactly as you hear them in your mind. The method starts with very simple creative exercises that you can begin right away. As you progress, the method leads you on a guided tour through the entire world of modern harmony. You will be improvising your own original melodies from the very first day, and your knowledge will expand with each practice session as you explore and discover our musical system for yourself. Improvise for Real brings together creativity, ear training, music theory and physical technique into a single creative daily practice that will show you the entire path to improvisation mastery. You will learn to understand the sounds in the music all around you and to improvise with confidence over jazz standards, blues songs, pop music or any other style you would like to play. And you'll be jamming, enjoying yourself and creating your own music every step of the way. The method is open to all instruments and ability levels. The exercises are easy to understand and fun to practice. There is no sight reading required, and you don't need to know anything about music theory to begin. Already being used by both students and teachers in more than 20 countries, Improvise for Real is now considered by many people to be the definitive system for learning to improvise. If you have always dreamed of truly understanding music and being able to improvise with complete freedom on your instrument, this is the book for you

The Evolution of Imagination *University of Chicago Press*

Consider Miles Davis, horn held high, sculpting a powerful musical statement full of tonal patterns, inside jokes, and thrilling climactic phrases—all on the fly. Or think of a comedy troupe riffing on a couple of cues from the audience until the whole room is erupting with laughter. Or maybe it's a team of software engineers brainstorming their way to the next Google, or the Einsteins of the world code-cracking the mysteries of nature. Maybe it's simply a child playing with her toys. What do all of these activities share? With wisdom, humor, and joy, philosopher Stephen T. Asma answers that question in this book: imagination. And from there he takes us on an extraordinary tour of the human creative spirit. Guided by neuroscience, animal behavior, evolution, philosophy, and psychology, Asma burrows deep into the human psyche to look right at the enigmatic but powerful engine that is our improvisational creativity—the source, he argues, of our remarkable imaginational capacity. How is it, he asks, that a story can evoke a whole world inside of us? How are we able to rehearse a skill, a speech, or even an entire scenario simply by thinking about it? How does creativity go beyond experience and help us make something completely new? And how does our moral imagination help us sculpt a better society? As he shows, we live in a world that is only partly happening in reality. Huge swaths of our cognitive experiences are made up by “what-ifs,” “almosts,” and “maybes,” an imagined terrain that churns out one of the most overlooked but necessary resources for our flourishing: possibilities. Considering everything from how imagination works in our physical bodies to the ways we make images, from the mechanics of language and our

ability to tell stories to the creative composition of self-consciousness, Asma expands our personal and day-to-day forms of imagination into a grand scale: as one of the decisive evolutionary forces that has guided human development from the Paleolithic era to today. The result is an inspiring look at the rich relationships among improvisation, imagination, and culture, and a privileged glimpse into the unique nature of our evolved minds.

Improvising Improvisation

From Out of Philosophy, Music, Dance, and Literature *University of Chicago Press*

There is an ever-increasing number of books on improvisation, ones that richly recount experiences in the heat of the creative moment, theorize on the essence of improvisation, and offer convincing arguments for improvisation's impact across a wide range of human activity. This book is nothing like that. In a provocative and at times moving experiment, Gary Peters takes a different approach, turning the philosophy of improvisation upside-down and inside-out. Guided by Kant, Hegel, Heidegger, and especially Deleuze—and exploring a range of artists from Hendrix to Borges—Peters illuminates new fundamentals about what, as an experience, improvisation truly is. As he shows, improvisation isn't so much a genre, idiom, style, or technique—it's a predicament we are thrown into, one we find ourselves in. The predicament, he shows, is a complex entwinement of choice and decision. The performativity of choice during improvisation may happen “in the moment,” but it is already determined by an a priori mode of decision. In this way, improvisation happens both within and around the actual moment, negotiating a simultaneous past, present, and future. Examining these and other often ignored dimensions of spontaneous creativity, Peters proposes a consistently challenging and rigorously argued new perspective on improvisation across an extraordinary range of disciplines.

The 5 Elements of Improv

How to Take Your Improv to the Next Level *Createspace Independent Publishing Platform*

Drawing on decades of teaching, theater and improvisation experience, Teaching Artists Andrew and Karen of Defiant Monkey Improv show you how to improve your onstage performance and build the confidence and trust necessary to be a truly great improviser.

CLINICAL IMPROVISATION TECHNIQUES IN MUSIC THERAPY: A GUIDE FOR STUDENTS, CLINICIANS AND EDUCATORS

Charles C Thomas Publisher

Clinical Improvisation Techniques in Music Therapy: A Guide for Students, Clinicians and Educators provides a clear and systematic approach to understanding and applying improvisational techniques. It is inspired by the taxonomy of clinical improvisation techniques as described by Kenneth Bruscia in his book, Improvisational Models of Music Therapy. Based on years of their own experimenting with the teaching of improvisation, the authors have evolved a particular developmental sequence for introducing basic techniques of improvising and applying them through role-play exercises that have been sensitively designed to bring out one's innate musicality and one's empathic regard. Part One provides an introduction to the techniques. Part Two focuses on how to apply the techniques with clinical intent in order to meet the diverse needs of a client, individually or in the context of a group. This section also addresses the need to enrich one's own musicianship by providing musical resources, relevant references and guidelines for working with client's playing. This “hands-on” guide fulfills the need for a clear process-oriented approach to mastering clinical improvisation techniques, and in a style that can be understood not only by music therapy students, clinicians and educators but also by health care administrators and providers alike.
