Jubilee Hitchhiker

The Life and Times of Richard Brautigan *Catapult*
Confident and robust, Jubilee Hitchhiker is an comprehensive biography of late novelist and poet Richard Brautigan, author of Troutfishing in America and A Confederate General from Big Sur, among many others. When Brautigan took his own life in September of 1984 his close friends and network of artists and writers were devastated though not entirely surprised. To many, Brautigan was shrouded in enigma, erratic and unpredictable in his habits and presentation. But his career was formidable, an inspiration to young writers like Hjortsberg trying to get their start. Brautigan's career wove its way through both the Beat-influenced San Francisco Renaissance in the 1950s and the "Flower Power" hippie movement of the 1960s; while he never claimed direct artistic involvement with either period, Jubilee Hitchhiker also delves deeply into the spirited times in which he lived. As Hjortsberg guides us through his search to uncover Brautigan as a man the reader is pulled deeply into the writer's world. Ultimately this is a work that seeks to connect the Brautigan known to his fans with the man who ended his life so abruptly in 1984 while revealing the close ties between his writing and the actual events of his life. Part history, part biography, and part memoir this etches the portrait of a man destroyed by his genius.

Tumult!

The Incredible Life and Music of Tina Turner *Rowman & Littlefield*
The narrative of Tumult! The Incredible Life and Music of Tina Turner is an extended exploration of the magical transformation of shy country girl Anna Mae Bullock into the boisterous force of nature we know today as Tina Turner. This is creative alchemy in action: turning into Turner is actually also the captivating tale of someone who was already precociously there, a stellar talent just waiting to emerge and grab the global spotlight. Far from the early myths attached to her name by association with her talented but tormenting producer-husband, she was not a Svengali-like creation at all, but rather a fully formed, if vulnerable, young musical prodigy who was going to burst out of the creative shell imposed upon her one way or the other. Even though it took sixteen years to do so, her second career as a solo pop artist is the achievement for which she is rightly remembered. In Turner, we have a case study in triumph over adversity and sheer creative will power: singer, songwriter, dancer, actress, feminist icon. Often referred to as the Queen of Rock and Roll, she has sold over two hundred million records and sold more live concert tickets than any other solo performer in history. In 2019, she celebrated her eighieth birthday and was also lionized in the live Broadway version of her incredible life story, Tina: The Musical, starring Adrienne Warren. In Tumult!, we unearth and examine what uncanny skills enabled her to connect with so many people at such a deep heart-to-heart level. She is, in fact, a beating human heart in high heels.

There isn't much crime in Stoneleigh, Massachusetts. It's a college town, a mountain getaway for the quietly rich, where the average burglar alarm is set off by foraging wildlife. Edward soon finds himself drawn to Mary's story, even though the rest of the town doubts her, including his wife, a rising politician who has made security the platform of her mayoral campaign. While homework from a creative writing class is leaked as evidence of a dark secret between Mary and her father, Edward's investigations lead him to his old girlfriend, Kathryn Williams, whose teenage son may hold the key to the truth about that night. From the author of Human Capital, Security is a timely, wry, and riveting story of adults and children, secret lives and civic culture, suspicion and sexual hysteria. Awake at the Wheel

Getting Your Great Ideas Rolling (in an Uphill World) *Morgan James Publishing*

“Mitch Ditkoff has created a GPS for the innovation process. Awake at the Wheel is a witty and inspiring roadmap for the journey from ideas to invention!” (Donna Fenn, author of Alpha Dogs) Awake at the Wheel is a book about ideas: what they are, where they come from, and what it takes to manifest them in a world not always ready for the new and the different. Simply put, it's a book about possibility, about the wellspring of creation, about the strange and fascinating process we all go through whenever we have an idea and try to do something about it. And while it's often said that “ideas are a dime a dozen,” the fact is that your idea—the one you can't get out of your head—is priceless. That is, IF you make the kind of effort required to turn that top of the line idea into a bottom line reality. Maybe it’s an idea for a new business. Maybe it’s an idea for a new product . . . or invention . . . or a book you want to write . . . or a school you want to open . . . or a move you want to make. Maybe it's an idea for something that will change the world . . . or if not THE world, then YOUR world. Whatever it is, one thing is clear: it's time for you to take the next step. Now! “A superb catalyst for anyone with the urge to bring their best ideas into reality.” —Tim Gallwey, author of The Inner Game of Tennis and The Inner Game of Work

The Beat Generation FAQ

All That's Left to Know About the Angelheaded Hipsters *Hal Leonard Corporation*

(FAQ). The Beat Generation FAQ is an informative and entertaining look at the enigmatic authors and cutting-edge works that shaped this fascinating cultural and literary movement. Disillusioned with the repression and conformity encompassing post-World War II life in the United States, the Beat writers sought creative alternatives to the mind-numbing banality of modern culture. Beat Generation writers were no strangers to controversy: Both Allen Ginsberg's prophetic, William Blakean-style poem "Howl" (1956) and William S. Burroughs' groundbreaking novel Naked Lunch (1959) led to obscenity trials, while Jack Kerouac's highly influential novel On the Road (1957) was blamed by the establishment for corrupting the nation's youth and continues to this day to serve as a beacon of hipster culture and the bohemian lifestyle. The Beat writers shared a vision for a new type of literature, one that escaped the boundaries of academia and employed an organic use of language, inspired by the spontaneity and improvisational nature of jazz music and abstract expressionism (Kerouac coined this writing style "spontaneous prose"). In search of deeper meaning, Beat Generation writers experimented not only with language but also with spirituality, art, drugs, sexuality, and unconventional lifestyles. Although the movement as a whole flamed out quickly in the early 1960s, replaced by the onset of the hippie counterculture, the Beats made an indelible mark on the nation's consciousness and left a long-lasting influence on its art and culture. This book details the movement its works, creative forces, and its legacy.

American Literature in Transition, 1970–1980 *Cambridge University Press*

American Literature in Transition, 1970–1980 examines the literary developments of the twentieth-century's gaudiest decade. For a quarter century, filmmakers, musicians, and historians have returned to the era to explore the legacy of Watergate, stagflation, and Saturday Night Fever, uncovering the unique confluence of political and economic phenomena that make the period such a baffling time. Literary historians have never shown much interest in the era, however - a remarkable omission considering writers as diverse as Toni Morrison, Thomas Pynchon, Marilyn French, Adrienne Rich, Gay Talese, Norman Mailer, Alice Walker, and Octavia E. Butler were active. Over the course of twenty-one essays, contributors explore a range of controversial themes these writers tackled, from 1960s' nostalgia to feminism and the redefinition of masculinity to sexual liberation and rock 'n' roll. Other essays address New Journalism, the rise of blockbuster culture, memoir and self-help, and crime fiction - all demonstrating that the Me Decade was nothing short of mesmerizing.

Thanking Richard Brautigan *Lulu Press, Inc*

What does a reader do when his favorite author dies? One solution is write your own book. A tribute to that favorite author wouldn't be a bad place to start.

Trout Fishing in America *HMH*

A book “that has very little to do with trout fishing and a lot to do with the lamenting of a passing pastoral America . . . an instant cult classic” (Financial Times). Richard Brautigan was a literary idol of the 1960s and ’70s who came of age during the heyday of Haight-Ashbury and whose comic genius and iconoclastic vision of American life caught the imaginations of young people everywhere. Called “the last of the Beats,” his early books became required reading for the hip generation, and on its publication Trout Fishing in America became an international bestseller. An indescribable romp, the novel is best summed up in one word: mayonnaise. This new edition features an introduction by poet Billy Collins, who first encountered Brautigan's work as a student in California. From the introduction: “‘Trout Fishing in America’ is a catchphrase that morphs throughout the book into a variety of conceptual and dramatic shapes. At one point it has a physical body that bears such

a resemblance to that of Lord Byron that it is brought by ship from Missolonghi to England, in 1824, where it is autopsied. ‘Trout Fishing in America’ is also a slogan that sixth-graders enjoy writing on the backs of first-graders. . . . In one notable exhibition of the title's variability, ‘Trout Fishing in America’ turns into a gourmet with a taste for walnut catsup and has Maria Callas for a girlfriend. Through such ironic play, Brautigan destabilizes any conventional idea of a book as he begins to create a world where things seem unwilling to stay in their customary places.”

Revenge of the Lawn, The Abortion, and So the Wind Won't Blow It All Away *HMH*

Three masterpieces by “the counterculture’s Mark Twain,” collected in one volume, including the “lost chapters” of Trout Fishing in America (The New York Times Book Review). An author who began his career handing out his work on the streets of San Francisco and went on to become an underground icon of the 1960s and ’70s before his tragic suicide, Richard Brautigan gained a unique literary reputation for such works as In Watermelon Sugar as well as for his gentle spirit, satirical wit, and whimsical, elliptical style. This volume includes three of his most prominent works: Revenge of the Lawn: Originally published in 1971, these bizarre flashes of insight and humor cover everything from “A High Building in Singapore” to the “Perfect California Day.” This is Brautigan’s only collection of stories and includes “The Lost Chapters of Trout Fishing in America.” The Abortion: An Historical Romance 1966: A public library in California where none of the books have ever been published is full of romantic possibilities. But when the librarian and his girlfriend must travel to Tijuana, they have a series of strange encounters in Brautigan’s 1971 novel. So the Wind Won’t Blow It All Away: It is 1979, and a man is recalling the events of his twelfth summer, when he bought bullets for his gun instead of a hamburger. Written just before his death, and published in 1982, this novel foreshadowed Brautigan’s suicide. “It’s very hard to label his work. Fairytale meets beat meets counterculture? Surrealism meets folk meets scat? The writing is bursting with colour, humour and imagery, mental flights of fancy, crazed and lurid details. . . . The more you read, the less there seem to be regulations and governing forces, ways of qualifying Brautigan. The mind of the author is simply too unbound, too childlike in its enormous, regenerative capacity to imagine.” —The Guardian

A Confederate General from Big Sur, Dreaming of Babylon, and The Hawkline Monster *HMH*

This cult classic from the author of Trout Fishing in America “reads like a spaghetti Western crossed with Frankenstein, viewed through an opium haze” (The Sunday Times). The celebrated poet, novelist, and guru of the 1960s San Francisco literary scene, Richard Brautigan brings his highly original Gonzo style to this surreal parody Western. The time is 1902, the setting eastern Oregon. In the ice caves underneath Professor Hawkline’s house, a deadly monster lurks. It’s already turned the professor into an elephant foot umbrella stand, and now his two beautiful daughters have hired a pair of gunslingers to put a stop to the mayhem. But Hawkline Manor is full of curiosities and secrets, like the professor’s underground laboratory where his work on The Chemicals remains unfinished. And as the gunslingers pursue their peculiar quarry, they encounter monstrous mischief, amorous advances, and evil that is all too human. “Bursting with colour, humour and imagery, Brautigan’s virtuoso prose is rooted in his rural past.” —The Guardian

You've Got to be Carefully Taught

Learning and Relearning Literature *SIU Press*

Drawing on his own experience in the profession, veteran English professor and internationally renowned scholar Jerome Klinkowitz sorts out the wrong ways of teaching literature before devising a new, successful method. Specifically, he concludes that a historically based “story of English” is precisely the wrong narrative approach to making sense of what literature does. Instead, Klinkowitz proposes a new method focused not on the product of literary writing but on the process of writing. Long involved with the making of contemporary literature, Klinkowitz shows how his classroom approach draws on the same strengths and inspirations writers use in the creation of literature. He involves students in the literary work as production. Despite almost universal agreement that literary studies fail both writers and students, solutions have been limited to suggestions by superstar theorists teaching cream-of-the-crop students at elite universities. Klinkowitz aims not at the elite but at the ordinary student in an introduction to literature class. His goal is to introduce teachers to a new philosophy of teaching literature and to further deepen students’ natural love for the subject. He also seeks to revive the love of fine writing in those whose joy in the subject fell victim to obtuse teaching methods. Uniquely, his is not an esoteric theory developed by the best academics for elite students but a commonsense approach that works well in the kind of schools most students attend.

Final Drafts

Suicides of World-Famous Authors *Prometheus Books*

This disturbing, thorough study of literary suicide in the twentieth century is an epoch-making book, sad but generously expansive: a book we have always needed.- Paul West, from the ForewordSome of the greatest writers in the history of the art-Hart Crane, Ernest Hemingway, Jerzy Kosinski, Sylvia Plath, Anne Sexton, and Virginia Woolf-all chose to silence themselves by suicide, leaving their families and friends with heartbreak and the world of literature with gaping holes. Their reasons for killing themselves, when known, were varied and, quite often, unreasonable. Some were plagued by depression or self-doubt, and others by frustration and helplessness in a world they could neither change nor tolerate.Profoundly moving and morbidly attractive, Final Drafts is a necessary historical record, biographical treatment, and psychological examination of the authors who left this cruel world by their own hands, either instantly or over long periods of relentless self-destructive behavior. It is also a devoted examination of references to suicide in literature, both by those who took their own lives and those who decided to live. Mark Seinfeld has selected many well-known (mostly fiction) writers, from those whose work dates to over a century ago-when the medical community was ill-equipped to deal with substance abuse and depression-to more recent writers such as Kosinski, Michael Dorris, and Eugene Izz, who have left a puzzled literary community with a sad legacy.Seinfeld reveals that many authors contemplated ending their lives in their work; were obsessed with destroying themselves; were unable-in the case of the Holocaust-to live with the fact that their contemporaries had been killed; believed death to be a freedom from the horrors that forced them to create; and, sometimes, were simply unable to withstand rejection or criticism of their work.Other noted authors discussed in this volume include John Berryman, Ambrose Bierce, Harry Crosby, John Davidson, William Inge, Randall Jarrell, Arthur Koestler, T.E. Lawrence, Primo Levi, Jack London, Jay Anthony Lukas, Tom McHale, Yukio Mishima, Henry de Montherlant, Seth Morgan, George Sterling, Sara Teasdale, Ernst Toller, John Kennedy Toole, Sergey Yesenin, and many others.A recipient of the prestigious Henry Sams Memorial Award from Pennsylvania State University, Mark Seinfeld (Philipsburg, PA) received a master’s degree in writing from Washington University where he also earned a fellowship.

The Best I Saw in Chess

Games, Stories and Instruction from an Alabama Prodigy Who Became U.S. Champion *New In Chess*

At the U.S. Championship in 1989, Stuart Rachels seemed bound for the cellar. Ranked last and holding no IM norms, the 20-year-old amateur from Alabama was expected to get waxed by the American top GMs of the day that included Seirawan, Gulko, Dzindzichashvili, deFirmian, Benjamin and Browne. Instead, Rachels pulled off a gigantic upset and became the youngest U.S. Champion since Bobby Fischer. Three years later he retired from competitive chess, but he never stopped following the game. In this wide-ranging, elegantly written, and highly personal memoir, Stuart Rachels passes on his knowledge of chess. Included are his duels against legends such as Kasparov, Anand, Spassky, Ivanchuk, Gelfand and Miles, but the heart of the book is the explanation of chess

ideas interwoven with his captivating stories. There are chapters on tactics, endings, blunders, middlegames, cheating incidents, and even on how to combat that rotten opening, the Réti. Rachels offers a complete and entertaining course in chess strategy. At the back are listed 110 principles of play—bits of wisdom that arise naturally in the book’s 24 chapters. Every chess player will find it difficult to put this sparkling book down. As a bonus, it will make you a better player.

Fly Me To The Moon *iUniverse*

To some this collection of commentary and observations—fourth in what now must be called “The Notational Quartet”—might seem as remote as the proverbial “Man in the Moon.” But the reader will find it very relevant to the changing and troubled times that we find ourselves in. The author has steered the reader and vessel to a distant and little known shore, where hope for return to point of origin is very much in doubt. “The boats that left from the same harbor have rowed away from one another...”

Cold War Anthropology

The CIA, the Pentagon, and the Growth of Dual Use Anthropology *Duke University Press*

In Cold War Anthropology, David H. Price offers a provocative account of the profound influence that the American security state has had on the field of anthropology since the Second World War. Using a wealth of information unearthed in CIA, FBI, and military records, he maps out the intricate connections between academia and the intelligence community and the strategic use of anthropological research to further the goals of the American military complex. The rise of area studies programs, funded both openly and covertly by government agencies, encouraged anthropologists to produce work that had intellectual value within the field while also shaping global counterinsurgency and development programs that furthered America’s Cold War objectives. Ultimately, the moral issues raised by these activities prompted the American Anthropological Association to establish its first ethics code. Price concludes by comparing Cold War-era anthropology to the anthropological expertise deployed by the military in the post-9/11 era.
