Property Law | The University of Law

Property law is best understood as the complex of jural relationships between and between persons with respect to things. It is the sum of rights and duties, privileges and no-rights, powers and liabilities, disabilities and immunities that exist with respect to things. This holds true for both Western and non-Western legal systems.

Property law is the area of law that governs the various forms of ownership in real property and personal property. Property refers to legally protected claims to resources, such as land and personal property, including intellectual property. Property can be exchanged through contract law, and if property is violated, one could sue under tort law to protect it. The concept, idea or philosophy of property underlies all property law. In some jurisdictions, historically all property was owned by th
