Music Technology In Therapeutic And Health Settings

Correa, Ficheman, Nascimento and Deus Lopes (2009) created music therapy software to facilitate access to music for children with physical disabilities, particularly motor problems with their hands. The music therapist designs coloured cards that have musical symbols on them and trigger different notes and instrument sounds when a hand is placed above them.

"High-Tech Therapy: Music Technology in Music Therapy" by ...

Technology is so important for music therapists. It plays many roles within a therapist's practice. A therapist could use a Q Chord for bedside music therapy, for different tactile stimulation, or for motivation to work on fine motor skills. A Yamaha EZ 220 has a follow the lights feature for step by step playing.

Technology - The Music Therapy Center of California

Those who practice music therapy are finding a benefit in using music to help cancer patients, children with ADD, and others, and even hospitals are beginning to use music and music therapy to help with pain management, to help ward off depression, to promote movement, to calm patients, to ease muscle tension, and for many other benefits that music and music therapy can bring. This is not surprising, as music affects the body and mind in many powerful ways.

How and Why Music Can Be Therapeutic

The role of music technology in such therapy is, generally speaking, to construct new musical experiences to aid in a client's struggle. According to the American Music Therapy Association

(AMTA), a music therapist assesses a client for specific needs and indicates treatments that include creating or listening to music, both of which can be enhanced by music technology.

Music Therapy - Chroma

The earliest evidence of a musical instrument was a bone flute that was arguably about 40,000 years old. The ingrained impact of music therapy that more or less all of us experience is partly due to these ancient links of music and human living (Rolvjord, 2010). Music therapy has been around since the Stone Age.
