To Each His Own *New York Review of Books*

This letter is your death sentence. To avenge what you have done you will die. But what has Manno the pharmacist done? Nothing that he can think of. The next day he and his hunting companion are both dead. The police investigation is inconclusive. However, a modest high school teacher with a literary bent has noticed a clue that, he believes, will allow him to trace the killer. Patiently, methodically, he begins to untangle a web of erotic intrigue and political calculation. But the results of his amateur sleuthing are unexpected—and tragic. *To Each His Own* is one of the masterworks of the great Sicilian novelist Leonardo Sciascia—a gripping and unconventional detective story that is also an anatomy of a society founded on secrets, lies, collusion, and violence.

Covenant (biblical Themes Series) *Chalice Press*

Exploring the Old Testament

A Guide to the Historical Books *InterVarsity Press*

Philip E. Satterthwaite and J. Gordon McConville introduce the content and the context of the historical books--their setting in ancient history and history writing, their literary artistry, their role within the Scriptures of Israel, and their lasting value as theological and ethical resources.

Images of Water in Isaiah *Lexington Books*

This book is a study of the various metaphors, figures, similes, and usages of water found in the book of Isaiah. It covers representations of water relating to: water as a blessing in nature; the sea as a symbol of the expanse of space; Yahweh, the rider of the clouds; water or absence of water as symbol of divine punishment, hardships, and affliction; water as a defense strategy in military circumstances; water as a means of dilution; rain and snow as symbols of Yahweh's word; various forms of water symbolizing arrogance; rain, streams, water, and snow as symbols of forgiveness; water as a metaphor for Yahweh's control over nations and triumph over enemies; calm water as a symbol of trust in Yahweh; Yahweh's knowledge as waters cover the sea; water, lack of water, and overcoming threatening water as metaphors or similes for restoration and help; the great river as a symbol of the influx of nations; tears as the manifestation of lament and mourning; dew as a symbol of serenity and life-giving power; the personification of water; troubled waters as a symbol of the wicked; swimming as desperate effort to survive; and cultic practices involving water. These themes emphasize important religious truths in the book of Isaiah. They include many concepts dealing with the nature and mighty acts of Yahweh; sin, punishment and forgiveness; Yahweh's work over and through nations; personal and corporate matters like trust and lament; and Yahweh's work in nature.

Noah's Curse

The Biblical Justification of American Slavery *Oxford University Press on Demand*

In *Noah's Curse*, Stephen Haynes explores the historical context of slavery. The author identifies the manner in which the great and good interpreted the story in Genesis to provide free labour and a scriptural justification for the Black Holocaust.

African Americans and the Bible

Sacred Texts and Social Textures *Wipf and Stock Publishers*

Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans. From literature and the arts to popular culture and everyday life, the Bible courses through black society and culture like blood through veins. Despite the enormous recent interest in African American religion, relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible. *African Americans and the Bible* is the fruit of a four-year

collaborative research project directed by Vincent L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts (sixty-eight in all) from a wide range of academic and artistic fields and disciplines--including ethnography, cultural history, and biblical studies as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meaning(s) of the Bible than about the Bible and meaning(s), less about the world(s) of the Bible than about how worlds and the Bible interact--in short, about how a text constructs a people and a people constructs a text. It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus African Americans and the Bible provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

Biblical Interpretation

Theory, Process, and Criteria *Wipf and Stock Publishers*

Yung Suk Kim asks important questions in *Biblical Interpretation*: Why do we care about the Bible and biblical interpretation? How do we know which interpretation is better? He expertly brings to the fore the essential elements of interpretation--the reader, the text, and the reading lens--and attempts to explore a set of criteria for solid interpretation. While celebrating the diversity of biblical interpretation, Kim warns that not all interpretations are valid, legitimate, or healthy because interpretation involves the complex process of what he calls critical contextual biblical interpretation. He suggests that readers engage with the text by asking important questions of their own: Why do we read? How do we read? and What do we read?

New Meanings for Ancient Texts

Recent Approaches to Biblical Criticisms and Their Applications *Westminster John Knox Press*
 "As . . . newer approaches [to biblical criticism] become more established and influential, it is essential that students and other serious readers of the Bible be exposed to them and become familiar with them. That is the main impetus behind the present volume, which is offered as a textbook for those who wish to go further than the approaches covered in *To Each Its Own Meaning* by exploring more recent or experimental ways of reading." □from the introduction
 This book is a supplement and sequel to *To Each Its Own Meaning*, edited by Steven L. McKenzie and Stephen R. Haynes, which introduced the reader to the most important methods of biblical criticism and remains a widely used classroom textbook. This new volume explores recent developments in, and approaches to, biblical criticism since 1999. Leading contributors define and describe their approach for non-specialist readers, using examples from the Old and New Testament to help illustrate their discussion. Topics include cultural criticism, disability studies, queer criticism, postmodernism, ecological criticism, new historicism, popular culture, postcolonial criticism, and psychological criticism. Each section includes a list of key terms and definitions and suggestions for further

reading.

The Gaggling of God

Christianity Confronts Pluralism *Zondervan*

The Gold Medallion Award-winning book that presents a persuasive case for Christ as the only way to God. Is Jesus the only way to God? This clear, critically-acclaimed, scholarly response to that question affirms the deep need for the Gospel's exclusive message in today's increasingly pluralistic global community. *The Gaggling of God* offers an in-depth look at the big picture, shows how the many ramifications of pluralism are all parts of a whole, and then provides a systematic Christian response.

Performing Early Christian Literature *Cambridge University Press*

Performance creates a unique space for audience experience and influences how traditions, like the Gospels, are received and interpreted.

Leviticus

The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa *Peter Lang*

Whereas many books in this field deal with individual aspects or texts of the study of family laws, *Leviticus: The Priestly Laws and Prohibitions from the Perspective of Ancient Near East and Africa* examines extensively biblical texts, ancient Near Eastern text, and oral traditions from Africa. Thus, three different cultures converge: the world of the Hebrew Bible, the world of the ancient Near East, and the world of Africa. This volume examines in detail the history of the development of ancient laws in general and family laws in particular, especially the laws relating to marriages between close relatives. Furthermore, Johnson M. Kimuhu looks at prohibitions and taboos in Africa and the problems they pose with regard to the interpretation and translation of difficult biblical concepts into African languages. In that sense, Kimuhu provides an example of how to contextualize or integrate African traditions into the study of biblical Hebrew, and he also offers insights into the current debate on the study of kinship from the point of view of social/cultural anthropology and the Hebrew Bible legal system. Teachers, students, and researchers in biblical studies, ancient Near Eastern studies, African traditions, and social/cultural anthropology will find this book helpful in their quest to understand family laws, prohibitions, and taboos.

T&T Clark Handbook of Asian American Biblical Hermeneutics *Bloomsbury Publishing*

The first reference resource on how Asian Americans are currently reading and interpreting the Bible, this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics. The volume works from the important background that Asian Americans are the fastest growing ethnic/racial minority population in the USA, and that 42% of this group identifies as Christian. This provides a useful starting point from which to examine

what may be distinctive about Asian American approaches to the Bible. Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population (by country of origin: China, Philippines, Indian Subcontinent, Vietnam, Korea, Japan) and outlines the specific concerns each group has when its members read the Bible. Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible. Finally, Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible, using what they consider to be Asian American hermeneutics. Taken together the Handbook interprets the Bible both with and for the Asian American communities.

Reading the Historical Books

A Student's Guide to Engaging the Biblical Text *Baker Academic*

Biblical history can be some of the most difficult material for beginning students to grasp. The conventions of contemporary history writing are quite different from those of ancient Israelite writers. Here a master teacher offers basic orientation to the genre and conventions of the Old Testament historical books, helping students become careful and attentive readers. Written in an accessible style with many ancient and contemporary examples, this book introduces students to some of the phenomena they will encounter in the historical books and provides strategies for understanding their significance. The goal is to make further reading and study of Scripture more informed and sensitive. Sidebars, discussion questions, and further reading suggestions are included.

Feminist Biblical Studies in the Twentieth Century

Scholarship and Movement *Society of Biblical Lit*

Chart the development of feminist approaches and theories of interpretation during the period when women first joined the ranks of biblical scholars. This collection of essays on feminist biblical studies in the twentieth century seeks to explore four areas of inquiry demanding further investigation. In the first section, articles chart the beginnings and developments of feminist biblical studies as a conversation among feminists around the world. The second section introduces, reviews, and discusses the hermeneutic religious spaces created by feminist biblical studies. The third segment discusses academic methods of reading and interpretation that dismantle androcentric language and kyriarchal authority. The fourth section returns to the first with work that transgresses academic boundaries in order to exemplify the transforming, inspiring, and institutionalizing feminist work that has been and is being done to change religious mindsets of domination and to enable wo/men to engage in critical readings of the Bible. Features: Essays examine the rupture or break in the malestream reception history of the Bible. Exploration of the term feminism in different social-cultural and theoretical-religious locations. Authors from around the world present research and future directions for research challenging the next generation of feminist interpreters.

Liturgy and Hermeneutics *Liturgical Press*

Interpretation has long been an important concern for Scripture exegetes. In recent years it has become increasingly important for liturgists as well. This volume is concerned with various methods of interpretation, how they might be used by liturgists, and contemporary liturgists who are using some of the newer methods of interpretation. This volume would be useful for both academic and professional liturgists.

The Future Shape of Christian Proclamation

What the Global South Can Teach Us About Preaching *Wipf and Stock Publishers*

Christianity is turning brown and moving south. The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty-first century. Well over half of the world's Christians now live in the Global South--Africa, Asia, and Latin America. They are, according to Aberdeen missiologist Andrew Walls, the new Representative Christians. What they think about Christianity will matter more and more and what North America thinks about Christianity will matter less and less. This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future. The Future Shape of Christian Proclamation seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years.

Jezebel

Portraits of a Queen *Liturgical Press*

Powerful. Assertive. Evil. What we know of Jezebel, queen of Israel, seems pure malevolence. What we know is what ancient writers, in their attempt to shape a theological history, considered important. More than just an intriguing story, *Jezebel: Portraits of a Queen* provides insight into a character used (and portrayed) by biblical writers as a negative example. Taken from narrative criticism, and *Jezebel the Queen*, drawn from a sociological study. Combining these two portraits, the reader can begin to understand the ancient writers' worldviews, theologies, values, and loyalties. Jezebel's story gives readers a new perspective with which they may approach all biblical texts. Text within a framework of biblical society.

A Shepherd to Fools *Xlibris Corporation*

A Shepherd to Fools is the second of Drew Mendelson's trilogy of Vietnam War novels that began with *Song Ba To* and will conclude with *Poke the Dragon*. *Shepherd*: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, *A Shepherd to Fools* tells the harrowing tale of a covert Hachet Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hachet Team. He is a humorless bastard, sneering and discourteous to every

regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle facing an enemy armed with Sarin nerve gas, the “worst of the worst” of the war’s clandestine weapons.

Giving the Sense

Understanding and Using Old Testament Historical Texts *Kregel Academic*

This collection of essays covers the four major periods of Israel's history and explores the theological, literary, historical, and archaeological dimensions of each era.

The Ninety-Sixth Thesis

Losing Faith in the Church, Finding Faith in Christ *Wipf and Stock Publishers*

Five hundred years ago Martin Luther posted his ninety-five theses or grievances to the door of the All Saints' Church of Wittenberg and condemned the Catholic Church’s teaching of indulgences as nothing but a scheme to raise money for the church. It is a supreme irony of history that, five hundred years later, it is now a subset of the Protestant Church that is defrauding the faithful. The Catholic Church’s teaching of indulgences and the evangelical movement’s teaching of tithing-to-be-blessed are substantially the same and lead to the same result: In both cases, the church walks away with a bag of money and the Christian walks away with a bag full of empty promises. This book explains why I am losing faith in the church, but finding faith in Christ. The reason for this is that I began finding answers to some of the most elusive questions about God. Something is preventing God from doing all the good that he would otherwise want to do. But here is the problem. How can God have limitations? If he has limitations, then he must not be divine. However, there is one thing that could prevent a good, all-powerful God from doing all the good that he would otherwise want to do that would not detract at all from his omnipotence. What this is and how it holds the key to unlocking some of the most perplexing mysteries of God is explained in this book.

Reader's Guide to Judaism *Routledge*

The Reader's Guide to Judaism is a survey of English-language translations of the most important primary texts in the Jewish tradition. The field is assessed in some 470 essays discussing individuals (Martin Buber, Gluckel of Hameln), literature (Genesis, Ladino Literature), thought and beliefs (Holiness, Bioethics), practice (Dietary Laws, Passover), history (Venice, Baghdadi Jews of India), and arts and material culture (Synagogue Architecture, Costume). The emphasis is on Judaism, rather than on Jewish studies more broadly.

Reports from a Scholar's Life

Select Papers on the Hebrew Bible *Penn State Press*

Tryggve N. D. Mettinger, emeritus professor of Hebrew Bible at Lund University, has long been one of the best known and most admired voices in biblical studies. His eight (English-language) books and countless articles, published in a career spanning over four decades, have changed the field in many ways. Mettinger is renowned not as an iconoclast, but as one working within mainstream scholarship who is nevertheless willing to challenge cherished ideas and who takes nothing for granted. For example, in one of his earliest works, *A Farewell to the Servant Songs*—published in its entirety in this volume—Mettinger, with his trademark brevity and articulation, drew attention to the shaky ground on which this consensus idea was built and called fellow scholars to reexamine this notion taken for granted by so many for so long. For Mettinger, the Bible is sacred literature, but in biblical interpretation there are no sacred cows. *Reports from a Scholar's Life: Select Papers on the Hebrew Bible* collects 16 studies (one short monograph, twelve articles, and three reviews), originally published between 1977 and 2008, into one volume, along with a new reflective essay. The papers included provide not only Mettinger’s most groundbreaking publications, but also glimpses into several of the areas of study that occupied the author. Mettinger’s work ranged far and wide in the Hebrew Bible, and here one finds examples of his contributions to the study of, among other things: • the notions of God, the *Gottesbild*, in ancient Israel ; the theology of “YHWH Sabaoth” in the monarchic period ; • the development of the story of David in 1–2 Samuel; • aniconism in ancient Israel; the motif of the “dying and rising god” in the ancient world ; • narrative criticism of the book of Job; • the development and structure of Second Isaiah The entire volume is opened by the titular essay, published for the first time here, “Report from a Scholar’s Life.” This article was originally delivered as the farewell address upon his retirement from Lund University, and it provides a retrospective on his entire life and career.

Reading Psalm 145 with the Sages

A Compositional Analysis *Langham Monographs*

Traditionally, the Psalms have been read in reference to their historical context. This publication suggests to read a psalm in its literary context and with reference to the editorial intent of its placement in the Psalter. The author proposes that such reading brings holistic richness in our understanding of the thematic patterns underscored in individual psalms. The study analyzes Psalm 145, a unique Davidic psalm, providing the reader with an in-depth understanding to the purpose of its placement.

Fishing for Jonah (anew)

Various approaches to Biblical interpretation *AFRICAN SUN MeDIA*

Fishing for Jonah (anew) introduces students of theology to a wide range of approaches or ?methods? in biblical interpretation, drawing on the book of Jonah for illustrations. This thoroughly revised version of *Fishing for Jonah* (Conradie, Jonker, Lawrie & Arendse, 1992) represents both a contraction and an expansion compared to its predecessor.

Prophecy and Power: Jeremiah in Feminist and Postcolonial Perspective *A&C Black*

This volume advances the scholarly discussion of Jeremiah via rigorous feminist and postcolonialist theorizing of texts and interpretive issues in that prophetic book. The essays here, by seasoned scholars of Jeremiah, offer significant traction on the biblical book's construction of the persona of Jeremiah and the subjectivity of Judah as subaltern; analysis of gendered imagery for the speaking subject in Jeremiah and for the Judean social body; exploration of rhetorics of imperialism and resistance; and theological implications of feminist-critical perspectives on YHWH and other deities represented in Jeremiah. Essays here deftly synthesize historical, literary, and ideological-critical insights in service of nuanced inquiry into Jeremiah as complex cultural production. The collection represents the growing edge of recent critical thinking on Jeremiah in the United States, Europe, and elsewhere. It should prove invaluable in shaping the parameters of the continuing scholarly conversation on the Book of Jeremiah.

Reading Prophetic Books

Form, Intertextuality, and Reception in Prophetic and Post-Biblical Literature *Mohr Siebeck*

In this volume, Marvin A. Sweeney builds upon his former work *Form and Intertextuality in Prophetic and Apocalyptic Literature* (FAT 45, 2005). He introduces further studies that take up several key issues, including the reading of prophetic books in their final literary form and the significance of textual versions for this reading. He also observes the intertextual relationships between the prophets and other works of biblical and post-biblical literature, and the reception of the prophetic books. Following an introduction that lays out methodological perspective, it includes the title essay for the volume, *Reading Prophetic Books*, as well as selections of papers devoted to Isaiah, Jeremiah in both its Masoretic and Septuagint forms, Ezekiel, individual books from the Twelve Prophets, and the reading of biblical texts in Qumran, Rabbinic, and Targumic literature.

The Characters of Elijah and Elisha and the Deuteronomic Evaluation of Prophecy

Miracles and Manipulation *Bloomsbury Publishing*

Roy L. Heller looks at the prophets Elijah and Elisha in the books of Kings charting a two-fold characterization that portrays these prophetic figures in both positive and negative lights. In the narratives of Kings Elijah and Elisha often parallel other prophetic figures from Israel's history: they perform miraculous signs, they speak in the name of God, and they pronounce judgments upon the nation of Israel for its idolatrous worship. There are, however, other stories which have troubled readers and scholars alike: Elijah's cowardly running from the threats of Jezebel, his self-pitying complaint to God that he was the only true Israelite left, and Elisha's cursing a group of little boys who, in turn, are slaughtered by two female bears. Scholars have traditionally ignored or belittled the negative stories of the prophets, seeing them as either late additions to the biblical text or as minor, unimportant stories that can easily be dismissed. Heller, however, argues that the dual characterization of Elijah and Elisha reflects an ambivalent attitude that the narrator of Kings has toward prophecy as a whole, an attitude that is reflected in the book of Deuteronomy itself. This

forces readers of the biblical text to pose the question; "how may Israel best know and follow God?" The stories of Elijah and Elisha make the answer clear: the words and lives of the prophets are a possible way for God to reveal how Israel is to live, but those words and lives must always be considered with a degree of suspicion and must always be evaluated in light of the clear and straightforward teaching of Deuteronomy.

Networks and Knowledge in Roget's Thesaurus *Oxford University Press*

In this book Werner Hüllen discusses the influence of Roget's Thesaurus abroad (Germany and the Romance countries) and examines how the Thesaurus prepared the way for the more recent idea of network semantics. He concludes by considering the role of synonymy in language from a perspective of cognitive linguistics.

The Educated Elite in 1 Corinthians

Education and Community Conflict in Graeco-Roman Context *A&C Black*

This book examines the educated elite in 1 Corinthians through the development, and application, of an ancient education model. The research reads Paul's text within the social world of early Christianity and uses social-scientific criticism in reconstructing a model that is appropriate for first-century Corinth. Pauline scholars have used models to reconstruct elite education but this study highlights their oversight in recognising the relevancy of the Greek Gymnasium for education. Topics are examined in 1 Corinthians to demonstrate where the model advances an understanding of Paul's interaction with the elite Corinthian Christians in the context of community conflict. This study demonstrates the important contribution that this ancient education model makes in interpreting 1 Corinthians in a Graeco-Roman context. This is Volume 271 of JSNTS.

Literary Structure and Setting in Ezekiel *Mohr Siebeck*

Revised thesis (Ph.D.) - Claremont Graduate University, Claremont, California, 2009.

Exegesis in the Making

Postcolonialism and New Testament Studies *BRILL*

Known for its fresh approaches as well as for its complex theoretical foundations, postcolonial studies is one of the most dynamic contributions to the field of biblical studies today. The present book is a pedagogically structured introduction to this emerging field for both scholar and student.

Early Daoist Dietary Practices

Examining Ways to Health and Longevity *Lexington Books*

Focusing on the early medieval herbal recipes found in the Lingbao Wufuxu (The Preface to the Five Lingbao Talismans of Numinous Treasure), this study analyses Daoist asceticism and ideas regarding the body, health, grain avoidance diets, the Three Worms, and immortality.

Understanding Dan

An Exegetical Study of a Biblical City, Tribe and Ancestor *A&C Black*

This book investigates the Dan/Danite tradition in the Hebrew Bible to determine not only what the Bible tells us about Dan, but also how far traditions about the territory, city, ancestor and tribe may have influenced each other. Bartusch argues that the political and theological interests reflected in the relatively late work of the Deuteronomistic Historian have cast a shadow over some earlier traditions, and that by combining social-science models and newer literary criticism with the more traditional historical-critical methodologies, the original meaning of the traditions of Dan may be recovered and clarified. The conclusion of such a study is that the Hebrew Bible as a whole does not entirely support the negative portrayal of Dan in its later traditions.

Action Research

Models, Methods, and Examples *IAP*

The first three chapters of Action Research: Models, Methods, and Examples covers the history, foundations, and basics of conducting action research projects. In those chapters you will learn about the origins of action research as well as about the different methods and models of action research - from the original approaches used by Kurt Lewin and his students in the 1940s and 1950s to the diversity of current approaches to AR that are used to develop both solutions to real world problems and to construct a better understanding of important issues and concern in communities, schools, businesses, and organizations. The nine chapters in the second part of the book illustrate the many ways action research is practiced today. Those chapters illustrate the use of action research methods to accomplish everything from individual personal professional development to changing policies and practices in large organizations and systems. The chapters detail many specific methods of doing AR such as participatory action research, emancipatory action research, designbased action research, collaborative inquiry, and many others.

King Josiah of Judah

The Lost Messiah of Israel *Oxford University Press*

King Josiah of Judah is a figure of extraordinary importance for the history of Israel. Using synchronic and diachronic analyses of the Deuteronomistic History, Deuteronomy, and selected prophetic books, Marvin Sweeney reconstructs the ideological perspectives of King Josiah's program of religious and national restoration.

Tribals, Empire and God

A Tribal Reading of the Birth of Jesus in Matthew's Gospel *Bloomsbury Publishing*

Tribal biblical interpretation is a developing area of study that is concerned with reading the Bible through the eyes of tribal people. While many studies of reading the Bible from the reader's social, cultural and historical location have been made in various parts of the world, no thorough study that offers a coherent and substantive methodology for tribal biblical interpretation has been made. This book is the first comprehensive work that offers a description of tribal biblical interpretation and shows its application by making a lucid reading of Matthew's infancy narrative from a tribal reader's perspective. Using reader-response criticism as his primary method, Zhodi Angami brings his tribal context of North East India into conversation with Matthew's account of the birth of Jesus. Since tribal people of North East India see themselves as living under colonial rule, a tribal reader sees Matthew's text as a narrative that actively resists and subverts imperial rule. Likewise, the tribal experience of living at the margins inspires a tribal reader to look at the narrative from the underside, from the perspective of those who are sidelined, ignored, belittled or forgotten. Tribal biblical interpretation presented here follows a process of conversation between tribal worldview and Matthew's narrative. Such a method animates the text for the tribal reader and makes the biblical narrative not only more intelligible to the tribal reader but allows the text to speak directly to the tribal context.

Satan, the Heavenly Adversary of Man

A Narrative Analysis of the Function of Satan in the Book of Revelation *Bloomsbury Publishing*

Cato Gulaker employs narrative criticism to explore where the depiction of Satan found in the Book of Revelation is positioned on the axis of two divergent roles. The literary character of Satan is commonly perceived to gradually evolve from the first divine agents in the Hebrew Bible, representing the darker sides of the divine governing of affairs (Job 1-2; Zech 3; 1 Chr 21:1; Num 22:22, 32), to the full-blown enemy of God of the post-biblical era. However, Gulaker posits that texts referring to Satan in between these two poles are not uniform and diverge considerably. This book argues for a new way of perceiving Satan in Revelation that provides a more probable reading, as it creates less narrative dissonance than the alternative of the ancient combat myth/cosmic conflict between Satan and God. From this reading emerges a subdued Satan more akin to its Hebrew Bible hypotexts and Second Temple Judaism parallels - one that fits seamlessly with the theology, cosmology and the overarching plot of the narrative itself. Gulaker explores the functions of Satan in a text written relatively late compared to the rest of the New Testament, but with strong affinities to the Hebrew Bible, concluding that Satan is characterized more as the leash, rod, and sifting device in the hand of God, than as his enemy.
