Here are the four main decoding strategies I focus on heavily with my students (with the exception of those that are significantly below grade level): Try the other word that the sound makes. Look for known parts and/or groups of letters. Break the word into parts (using affixes or syllables to guide you).

Decoding Strategies and Prompts for Upper Elementary

Decoding starts with the ability to match letters and their sounds. But it also involves being able to take apart the sounds in words (segmenting) and blend sounds together. When kids can do both, they can sound out words. Beginning readers start with decoding one-syllable words, and then they work their way up to longer ones.

What Is Decoding? | Understood - For learning and thinking ...

The earliest phases of reading decoding instruction usually involve phonemic awareness and phonics instruction. Typically, in the first grade, children learn how to sound out the various sounds in words and combine them to make words up to one syllable. They will also likely work with both long and short vowel sounds.
