Compassionate and effective strategies for raising a child with ADHD. Parenting children with ADHD, whether diagnosed or undiagnosed, can be challenging and complex. But just as a child who struggles with reading can learn to decode words, children with ADHD can learn patience, communication, and solution-seeking skills to become more confident, independent, and capable. This book, rich with optimism, tips, tools, and action plans, offers science-based insights and systems for parents to help cultivate these skills. Combining expert information with practical, sensitive advice, the eight "key" concepts here will help parents reduce chaos, improve cooperation, and nurture the advantages—like creativity and drive—that often accompany all of that energy. Based on author Cindy Goldrich's seven-session workshop entitled Calm and Connected: Parenting Kids with ADHD®, this book focuses on developing and strengthening effective interpersonal skills in both parents and children as a way to improve conflict resolution. Following the parenting principle to "Parent the child you have," Goldrich offers advice to help readers tailor their parenting to meet the needs of their unique child. The book also leads parents to recognize the value of being a leader and a guide to children, building parents' confidence in their decision-making, and giving children a sense of safety, security, and confidence. The principles outlined in 8 Keys to Parenting Children with ADHD are appropriate for parenting kids of all ages—until they have "launched" and are on their own.

One Saturday morning in February 1972, an impoundment dam owned by the Pittston Coal Company burst, sending a 130 million gallon, 25 foot tidal wave of water, sludge, and debris crashing into southern West Virginia's Buffalo Creek hollow. It was one of the deadliest floods in U.S. history. 125 people were killed instantly, more than 1,000 were injured, and over 4,000 were suddenly homeless. Instead of accepting the small settlements offered by the coal company's insurance offices, a few hundred of the survivors banded together to sue. Evidence for God in an Age of Uncertainty *Thomas Nelson*

The Evidence Behind the Hit Movie The goal of *God's Not Dead*:

Evidence for God in an Age of Uncertainty is straightforward: to help readers develop "a faith that is real and credible—and strong enough to help others find faith in God." To that end, Rice Broocks outlines a roadmap that guides seekers to acknowledge the most basic truths of Christianity: There is overwhelming and exciting evidence for God's existence The God who exists is indeed the God of the Bible God has revealed his nature through his Son, Jesus Christ As shown during the movie, this is the original book on which the main character bases much of his debate points with the atheistic professor. Persuasive arguments crafted with tools borrowed from logic, science, and philosophy, as well as scripture, solidify the faith of the Christian reader and provide starting points for discussions with skeptics. With clear, easy-to-follow explanations of key concepts and controversies, *God's Not Dead* is apologetics for the twenty-first century, presented in layman's terms. Readers will be empowered not only to talk about their own faith with confidence but to lead others to a relationship with Jesus.

Here is a fresh look at the age-old role of parenting. *Loving Our Kids on Purpose* brings the principles of the Kingdom of God and revival into our strategy as parents. 2 Corinthians 3:17 tells us that Where the Spirit of the Lord is there is freedom. Most parenting approaches train children to learn to accept being controlled by well meaning parents and adults. Unfortunately, God is not going to control us as we gain independence from our parents. We must learn to control ourselves. This book will teach parents to train their children to manage their freedoms and protect their important heart to heart relationships.

Parenting with Love

Making a Difference in a Day *Bookcraft, Incorporated*

Parenting isn't easy. It's a lesson in patience, human behavior, and most important, it is a labor of love. In *Parenting with Love*, author Glenn Latham teaches parents simple and effective ways to change their own behavior and thus create an environment in which their children will behave well. The author explains that using positive reinforcement, appropriate touch, smiles, laughter, and attentive listening can help parents avert negative reactions from their children and approach those children more wisely in times of rebellion or disobedience. The author also encourages parents to avoid parenting traps, such as criticism, sarcasm, threats, and argumentative problem solving. After all, these methods of communication tend to fail when used on anyone; and the last place a parent should fall prey to one of these traps is in his or her own home. *Parenting with Love* will teach parents to avoid these traps. Every parent, in fact, can benefit from this book—a book so simple that changes can be made in a day, bringing into reach every parent's ideal of a loving home. Book jacket.

Fundamentals of Archaeology *Benjamin-Cummings Publishing Company*

"This textbook surveys the techniques, methods, and theoretical frameworks of contemporary prehistoric archaeology. In our presentation we view prehistoric archaeology as an integral part of the larger field of anthropology, conditioned by the historical development, concepts and goals of its parent discipline. While we treat the evolving perspectives of archaeological method and theory, together with their implications for understanding the prehistoric past, the text is not a manifesto for any single doctrine or 'school' within the field. Rather, it seeks to synthesize those aspects of both the 'traditional' and the 'new' archaeology that have contributed significantly to the current status of prehistoric archaeology."--p. ix.

There's hope, shining beacon-bright, at the end of the tunnel of parental frustration. Parenting doesn't have to be drudgery. Children can grow to be thinking, responsible adults. This booklet, excerpted and adapted from the best-selling Parenting with Love and Logic, was designed to help parents and

kids establish a rewarding relationship built on love and trust. What a deal! By parenting with Love and Logic, mothers and fathers can do away with the power struggles and put the fun back into parenting.
