This classical theory came under severe attack during the Great Depression years of 1930s at the hands of J. M. Keynes. He rejected the notion of full employment and instead suggested full employment as a special case and not a general case. Full employment is a temporary phenomenon, an astrological coincidence! He claimed his theory to be ‘general’, i.e., applicable at any point of time. That is why he christened his epoch-making book: The General Theory of Employment, Interest and ...
