One upshot of this crisis is the rise of various populist responses, especially, but not exclusively, on

the right, as citizens seek new means of representation. This challenge, as well as the rise of centrist parties that defy the left-right continuum, begs the question who is the political subject of citizenship, and how should citizenship be reconfigured as a means to rebuild social solidarity.

Striving for Citizenship: Struggles for Representation ...
The second edition of Representation should enable it to speak to new generations of students and to continue to serve as the authoritative introduction to the theories and politics of meaning and representation in cultural studies. Anyone interested in these matters, whether student, teacher or simply curious intellect, will be glad for the time spent reading this book.
