Everything about the sense of smell fascinates us, from its power to evoke memories to its ability to change our moods and influence our behavior. Yet because it is the least understood of the senses, myths abound.

What the Nose Knows: The Science of Scent in Everyday Life ...

Our nose lets us smell delicious - and not so delicious - food. We

mainly rely on other senses to alert us to danger. However, scientists are beginning to realise that there's a lot more to our sense of smell than we first thought. Some scientists think there is a link between odours we smell and our behaviour.

The nose knows | National Post

"The Nose" is a satirical short story by Nikolai Gogol written during his time living in St. Petersburg. During this time, Gogol's works were primarily focused on the grotesque and absurd, with a romantic twist.

Written between 1835 and 1836, "The Nose" tells the story of a St. Petersburg official whose nose leaves his face and develops a life of its own. "The Nose" was originally published in The Contemporary, a literary journal owned by Alexander Pushkin. The use of a nose as the main source o
