Raising Real Men *Great Waters Press*

Families with boys often find the world reacts to them in mock horror. Even though parents love their sons, privately they admit that boys can be a handful to raise--they are boisterous, competitive, reckless, distractable. The challenge of wills between parent and son starts early, and the quest to civilize young bulls may seem hopeless some days. Yet

believers know that God has given them children as a gift of heaven, specially chosen for their particular families and marked as a blessing. If that's so, why does it seem so hard? How can we prepare these boys to serve God when it's all we can do to make it through another day? Isn't there a better way? *Raising Real Men: Surviving, Teaching and Appreciating Boys* shows the answer is emphatically yes. Written by the parents of six boys, *Raising Real Men* provides hope and encouragement to families with sons. Starting from the premise that God made boys to become men, Hal and Melanie Young offer Biblical principles and tested, practical ideas for training the manly virtues that can drive parents and teachers up the wall. This is a practical guide to

equipping the hearts and minds of boys without breaking or losing your own. If Penguin

A New York Times Notable Book of 2019
A unique exploration of the life and work of Rudyard Kipling in *Gilded Age America*, from a celebrated scholar of American literature At the turn of the twentieth century, Rudyard Kipling towered over not just English literature but the entire literary world. At the height of his fame in 1907, he was

awarded the Nobel Prize for Literature, becoming its youngest winner. His influence on major figures—including Freud and William James—was pervasive and profound. But in recent decades Kipling’s reputation has suffered a strange eclipse. Though his body of work still looms large, and his monumental poem “If—” is quoted and referenced by politicians, athletes, and ordinary readers alike, his unabashed imperialist views have come under increased scrutiny. In *If*, scholar Christopher Benfey brings this fascinating and complex writer to life and, for the first time, gives full attention to Kipling’s intense engagement with the United States—a rarely discussed but critical piece of evidence in our understanding of this man and his enduring legacy. Benfey

traces the writer’s deep involvement with America over one crucial decade, from 1889 to 1899, when he lived for four years in Brattleboro, Vermont, and sought deliberately to turn himself into a specifically American writer. It was his most prodigious and creative period, as well as his happiest, during which he wrote *The Jungle Book* and *Captains Courageous*. Had a family dispute not forced his departure, Kipling almost certainly would have stayed. Leaving was the hardest thing he ever had to do, Kipling said. “There are only two places in the world where I want to live,” he lamented, “Bombay and Brattleboro. And I can’t live in either.” In this fresh examination of Kipling, Benfey hangs a provocative “what if” over Kipling’s American years and maps the imprint

Kipling left on his adopted country as well as the imprint the country left on him. It proves there is relevance and magnificence to be found in Kipling's work.

Captains Courageous

Captain Courageous, by Rudyard Kipling, is the story of a 15-year-old boy named Harvey Cheyne Jr., the spoiled son of a wealthy railroad tycoon. He is on an ocean liner bound for Europe when he falls overboard and is rescued by a group of cod fishermen off the coast of Newfoundland. Harvey tries to get the fishermen to take him back to port, but they refuse to do it. He also tells them that he is wealthy and his father will pay for the trip back, but the fishermen don't believe him. When Harvey accuses the

captain, Disko Troop, of taking his money, the captain is angry and punches him, but then makes Harvey join the crew and work as a fisherman for the remainder of their trip. Under the tutelage of a rough and tough crew of fishermen, and with the assistance of Dan, the captain's son, Harvey doffs his "spoiled little rich boy" attitude and learns some manners and the value of hard work. He learns to be a good fisherman and to respect the crew. He also appreciates that they value him for his dedication and contribution to the crew and not for his money. When the fishing schooner returns to port, Harvey wires his parents, and they retrieve their son in Gloucester, Massachusetts, where the schooner arrived in port. Harvey's parents reward the fisherman who saved

her son from the water, they offer Dan a job as the officer of a railroad fleet, and they send their son to Stanford where he will learn what he needs to know to take over his father's railroad fleet.

Cheyne is rich, spoiled, prejudiced, and totally lacking in the real experiences of life. When the fifteen-year-old is accidentally washed overboard a great ocean liner headed for Europe, he is picked up by a fisherman and brought aboard the fishing schooner *We're Here*. Harvey's stories of privilege and wealth mean nothing aboard this hard-working vessel, and the boy receives many lessons in self-reliance, values, and hard-bitten reality-"things every man must know, blind, drunk, or asleep."
