**What are the Current Issues in Veterinary Medicine ...**

The practice of veterinary medicine has a complex ethical structure that consists of professional obligations to the animal patient, the animal owner, other veterinary professionals and society at large. 1 Ethical dilemmas, or situations where the right course of action is not clear, occur when these obligations conflict either with one another, with the veterinarians' own moral standards, or both. 2 These types of conflicts are ethical in nature and can cause moral distress. Because of this ...
