### Hebrewisms of West Africa

**From the Nile to Niger with the Jews** *Black Classic Press*

In this massive work, Joseph J. Williams documents the Hebraic practices, customs, and beliefs, which he found among the people of Jamaica and the Ashanti of West Africa. He initially examines the close relationship between the Jamaican and the Ashanti cultures and the folk beliefs. He then studies the language and culture of the Ashanti (of whom many Jamaicans have descended) by comparing them to well known and established Hebraic traditions. William's findings suggest stunning similarities. And, he challenges the reader by concluding that Hebraic traditions must have swept across negro Africa" and left its influence "among the various tribes." While Williams presents a strong case, his evidence, including hundreds of quoted sources, also builds a strong case for the reverse - that an indigenous, continent-wide belief system among African people stands at the very root of Hebrew culture and Western religion. First published in 1931 and long out-of-print, today's reader will find Hebrewisms a valuable resource for understanding the cultural unity of African people."

**The Jews and Moors in Spain**

"This volume is a reprint of newspaper reports of a series of lectures delivered by the author from the pulpit of Congregation B'nai Jehudah, Kansas City, Mo., during the Fall and Winter of 1885-1886. Despite enormous natural resources, blacks are economic slaves because they lack the ‘devil-may-care’ attitude and the ‘killer instinct’ of the Caucasian, as well as the spider web mentality of the Asian. A Capitalist Nigger must embody ruthlessness in pursuit of excellence in his drive towards achieving the goal of becoming an economic warrior. In putting forward the idea of the Capitalist Nigger, Chika Onyeani charts a road to success whereby black economic warriors employ the ‘Spider Web Doctrine’ - discipline, self-reliance, ruthlessness - to escape from their victim mentality. Born in Nigeria, Chika Onyeani is a journalist, editor and former diplomat.

**Hiding The Hebrews: Did America Kidnap The Lost Tribes of Israel?** *Dante Fortson*

Are the tribes of Israel really "lost" or were they hidden as prophesied in Psalms 83? The Bible seems to indicate a multi national conspiracy to hide Israel and wipe out the memory of who they really are. If this is true, then history as we know it has been hijacked, and it is only through searching that we will find the truth. In this book, you'll find the answers to the following questions, just to name a few: Why does a 1747 English map place the tribe of Judah on the "slave coast" of Africa? Why do slave ledgers show slaves being registered with Hebrew names fresh off of the ships? Why did slaves sing songs in Hebrew and call out to Yah for help? Why did Christ mention the slavery of Israel as a sign of the end of the age? Are "the times of the Gentiles" coming to an end? If you are 100% honest with yourself as you find the answers to these questions, your eyes will be opened. If you’re ready to start this eye opening adventure through scripture then keep reading. ISRAEL IS STILL A NATION TO GOD AND ALWAYS WILL BE! “Thus saith the LORD, which giveth the sun for a light by day, and the ordinances of the moon and of the stars for a light by night, which divideth the sea when the waves thereof roar; The LORD of hosts is his name: If those ordinances depart from before me, saith the LORD, then the seed of Israel also shall cease from being a nation before me for ever. Thus saith the LORD; If heaven above can be measured, and the foundations of the earth searched out beneath, I will also cast off all the seed of Israel for all that they have done, saith the LORD.” – Jeremiah 31:35-37

**The Black Pacific**

**Anti-Colonial Struggles and Oceanic Connections** *Bloomsbury Publishing*

This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. Why have the struggles of the African Diaspora so resonated with South Pacific people? How have Maori, Pasifika and Pakeha activists incorporated the ideologies of the African diaspora into their struggle against colonial rule and racism, and their pursuit of social justice? This book challenges predominant understandings of the historical linkages that make up the (post-)colonial world. The author goes beyond both the domination of the Atlantic viewpoint, and the correctives now being offered by South Pacific and Indian Ocean studies, to look at how the Atlantic ecumene is refracted in and has influenced the Pacific ecumene. The book is empirically rich, using extensive interviews, participation and archival work and focusing on the politics of Black Power and the Rastafari faith. It is also theoretically sophisticated, offering an innovative hermeneutical critique of post-colonial and subaltern studies. The Black Pacific is essential reading for students and scholars of Politics, International Relations, History and Anthropology interested in anti-colonial struggles, anti-racism and the quests for equality, justice, freedom and self-determination.

Go Tell My People Who They Are! the True Biblical Identity of Black People

The Biblical and Historical Identity of Ham, Shem, and Japheth's Descendents Createspace Independent Pub

Superiority of any race is not a biblical construct; it is a human one – out of one man came every race – Acts 17:26 states, “And He made from one [common origin, one source, one blood] all nations of men to settle on the face of the earth, having definitely determined [their] allotted periods of time and the fixed boundaries of their habitation (their settlements, lands, and abodes) , and this “one common origin and source” is Kushitic or Cushitic. We are all descendents from Adam and Eve, made in the image of God (I Corinthians 14:45). It is from this root that all the peoples of the world developed. It was God who placed each of Noah's sons, Ham, Shem and Japheth's in boundaries that he had established for their habitation, Ham and Shem occupying what we call today Africa and Arabia, and Japheth in the far North. It is God who also allotted each their own periods to dominate and rule in the earth, their very definitive allotment of times, Ham, Shem and now Japheth. I will put forth in this work evidence, biblically, archaeologically, anthropologically, scientific genetic DNA evidence that will clearly delineate the pre-flood inhabitants, and each of the nations of people that came forth after the flood with Noah's sons, Ham, Shem and Japheth; as well as explore the root of racism based on skin color and the ancient biblical landscape and its peoples. We will explore the ancient landscape of Mesopotamia looking at Sumer and Shinar, the dispersion of the people at the Tower and the development of the different tongues and races; then we will look at Japheth's sons and the Age of Discovery, the development of European Imperialism and its resultant racist agenda that led to the African slave trade, the colonization of Africa and the atrocities and horrors that has led to racism based on black skin and religion resulting in the Holocaust. We will explore the biblical truth of the black nations through the lens of God, not man. What does God say about the Ethiopian who He declared could not change his skin color; this truth as the prophet Jeremiah brought forth will also be revealed. Just who are the Kushitic peoples and how did they become the root of all the races. How did Kush get in the Garden of Eden and what does Kush have to do with the development of Egypt, Ethiopia and Libya. This work will explore Egypt and Israel's ancient history and relationship; it will look at the true ethnicity of the Ancient Israelites, the Canaanites, and the Semites, Ethiopians, Assyrians, the Babylonians and the Egyptians, and the prophetic word for them in these last days. Satan is the father and the source for lies and deception, and this work will look at the deep deception and lies that have been put forth to hide the true identity of Ham's black sons and Shem's brown ones. It is a timely look at Egypt, Ethiopia, Libya, Tunisia, Yemen, Arabia, and all the rumbling and shakings that are now gripping what we know as the Ancient Biblical Landscape of the Torah, and this impacts its descendents dispersed around the world in the African Diaspora. The truth has been concealed for centuries but God is bringing the true revelation in this book. It is a must read for every human being living today who wants to know the truth and be set free as only God's truth can do.

The Great Cities in History Thames & Hudson

A portrait of world civilization told through the stories of the world's greatest cities from ancient times to the present. Today, for the first time in history, the majority of people in the world live in cities. The implications and challenges associated with this fact are enormous. But how did we get here? From the origins of urbanization in Mesopotamia to the global metropolises of today, great cities have marked the development of human civilization. The Great Cities in History tells their stories, starting with the earliest, from Uruk and Memphis to Jerusalem and Alexandria. Next come the fabulous cities of the first millennium: Damascus and Baghdad, Teotihuacan and Tikal, and Chang'an, capital of Tang Dynasty China. The medieval world saw the rise of powerful cities such as Palermo and Paris in Europe, Benin in Africa, and Angkor in southeast Asia. The last two sections bring us from the early modern world, with Isfahan, Agra, and Amsterdam, to the contemporary city: London and New York, Tokyo and Barcelona, Los Angeles and Sao Paulo. The distinguished contributors, including Jan Morris, Michael D. Coe, Simon Schama, Orlando Figes, Felipe Fernandez-Armesto, Misha Glenny, Susan Toby Evans, and A. N. Wilson, evoke the character of each place—people, art and architecture, government—and explain the reasons for its success.

Black Morocco

A History of Slavery, Race, and Islam Cambridge University Press

Black Morocco: A History of Slavery, Race, and Islam chronicles the experiences, identity and achievements of enslaved black people in Morocco from the sixteenth century to the beginning of the twentieth century. Chouki El Hamel argues that we cannot rely solely on Islamic ideology as the key to explain social relations and particularly the history of black slavery in the Muslim world, for this viewpoint yields an inaccurate historical record of the

people, institutions and social practices of slavery in Northwest Africa. El Hamel focuses on black Moroccans' collective experience beginning with their enslavement to serve as the loyal army of the Sultan Isma'il. By the time the Sultan died in 1727, they had become a political force, making and unmaking rulers well into the nineteenth century. The emphasis on the political history of the black army is augmented by a close examination of the continuity of black Moroccan identity through the musical and cultural practices of the Gnawa.

The Lost Tribes of Israel

The History of a Myth Phoenix House

The quest for the Lost Tribes of Israel, like the quest for the Holy Grail, is one of the enduring motifs underlying Western views of the wider world. It has spawned legends that have been used to explain the origin of myriad people around the globe, from ancient times until the present. Each tribe of Israel claimed descent from one of the twelve sons of Jacob, and the land of Israel was eventually divided up between them. The tribes disappeared from history centuries before Christ, but the Bible foretold that one day they would be reunited in the final redemption of the people of Israel. Their subsequent history became a tapestry of hearsay, and the belief persisted that they had been “lost” in some remote part of the world. In his new book, Tudor Parfitt travels the world to trace the history of this compelling myth. Tudor Parfitt is the author of Operation Moses and Journey to a Vanished City.

Ancient Book of Jasher

Referenced in Joshua 10:13; 2 Samuel 1:18; and 2 Timothy 3:8 Createspace Independent Pub

There are 13 ancient history books that are mentioned and recommended by the Bible. The Ancient Book of Jasher is the only one of the 13 that still exists. It is referenced in Joshua 10:13; 2 Samuel 1:18; and 2 Timothy 3:8. This volume contains the entire 91 chapters plus a detailed analysis of the supposed discrepancies, cross-referenced historical accounts, and detailed charts for ease of use. As with any history book there are typographical errors in the text but with three consecutive timelines running though the histories it is very easy to arrive at the exact dates of recorded events. It is not surprising that this ancient document confirms the Scripture and the chronology given in the Hebrew version of the Old Testament, once and for all settling the chronology differences between the Hebrew Old Testament and the Greek Septuagint.
