Obviously, manual is more engaging, with the downside being you can't disengage when you're stuck in traffic. DSG offers the ability to just stick it in auto, but to be honest, it's jerky and awkward at low speeds if left to shift on its own. DSG requires more maintenance (every 40K).

The MK7 is faster and more refined, and the Sport trim included everything I had gotten used to in my old GTI — like adaptive headlights and proximity entry, alongside a cool limited-slip differential. I've got a '15 GTI 6 speed. I swear by a
manual transmission and would never
consider a DSG. I understand some of
the appeal of the DSG but it's taking
away almost all the driver involvement. I
run a Thule roof rack and its great. The
feet don't compromise the door seals
