Cutting Deep The Cut Series

Cutting Deep is the first book in this series and man does this series start off with a bang!! I have to admit I have a love/hate relationship with this book..Lol But love defiantly wins out. I'm not usually a huge fan of the love triangle but the way Miss.Anderson lays out this story and the evolution of the characters it really does work.

As you examine the deep-cut blade, you’ll see there are two rows of numbers. One set in blue (1-10) and one set in red (11-20). Unlike the normal ratchet blade, you do not need a tool to adjust the deep-cut blade; just twist it with your fingers. The rim immediately surrounding the blade has a red section and a blue rim.

It appears that the router doesn't want to cut deep enough. With a .010" overcut, there's still a few thousandths of material left, almost like an onion skin, keeping all the pieces together. This is getting quite frustrating, as cutting 21 pieces free off the router bed after cutting is not my idea of a good time.

All the dimensions are proportional so a 24 tpi thread would have a .0365" depth of cut for a sharp pointed tool and a.0295" depth of cut for a conformal tool. Since the Seko chart show a less deep cut, it is most likely "steel safe" (takes off less material rather than more). I would recommend using their numbers to start. Bob View attachment ...
