### Musical instruments and Accessories shop | Music Box store ...

Music box, also called musical box, mechanical musical instrument that is sounded when tuned metal prongs, or teeth, mounted in a line on a flat comb are made to vibrate by contact with a revolving cylinder or disc that is driven by a clockwork mechanism. As the cylinder or disc revolves, small pins or other projections mounted on its surface pluck the pointed ends of the metal teeth, causing them to vibrate and produce musical notes.

### Music box | musical device | Britannica

A musical box (UK usage; music box in US English) is an automatic musical instrument in a box which produces musical notes by using a set of pins placed on a revolving cylinder or disc to pluck the tuned teeth (or lamellae) of a steel comb. The earliest known mechanical musical instruments date back to 9th-century Baghdad.

### Music Boxes & Musical Jewellery Boxes From The Music Box Shop.

Inside the box has an unusual style of stopper, to stop the music playing when the box is closed. This stopper can be seen on the image of the inside of the box; the box uses a small rod to stop the movement playing. The rod fits through a small hole in the transparent screen (which protects the musical movement within the box) to stop the butterfly on the musical movement rotating, thus stopping the music from playing. Approximate Dimensions: 9.5 x 7.5 x 5.5 cm

### Musical Boxes and Mechanical Musical Instruments available ...

At The Music Box we also offer short and long-term rentals of guitars and keyboards. We mostly offer the service for our students who may just be starting out and want to rent an instrument before making a purchase. We charge these rentals on a month-to-month basis and most start at \$30 per month.
