The Amazing Liver and Gallbladder Flush *Ener-Chi.com*

In this greatly expanded edition of his international bestseller, Andreas Moritz reveals the most common but rarely recognized cause of illness - gallstones congesting the bile ducts in the liver. Besides leading to gallbladder diseases and gallstone attacks in at least 20 million Americans each year, in many cases, liver bile duct congestion sets the stage for even more serious, seemingly unrelated, conditions, including obesity, diabetes, heart disease, and cancer. Most adults living in

the industrialized world, and especially those suffering a chronic illness, such as irritable bowel syndrome, heart disease, arthritis, multiple sclerosis, cancer, or diabetes, have in fact hundreds if not thousands of gallstones (mainly clumps of hardened bile that escape detection for they are invisible to x-rays, ultrasound, and CT scans) blocking the bile ducts of their liver. This book provides a thorough understanding of the liver and its complex functions, what causes gallstones in the liver and gallbladder, and why these stones can be held responsible for the most common diseases so prevalent in the world today. It provides the reader with the knowledge needed to recognize these stones and gives the necessary, do-it-yourself instructions to painlessly remove them in the comfort of one's home. Packed with images, the book also gives practical guidelines on how to prevent new gallstones in both the liver and gallbladder. The liver and gallbladder flush (cleanse) has led to extraordinary improvements in health and wellness among millions of people who have already given themselves the precious gift of a strong, clean, revitalized liver. Besides providing the practical procedures to cleanse the liver, gallbladder, kidneys, and intestines, Moritz explains in great detail

the origin of all types of common diseases and how to prevent or reverse them naturally. The book is packed with precious, time-tested approaches designed to return the body to a permanent state of balance and vitality; it includes a complete program of healthcare, which is primarily based on the ancient medical system of Ayurveda and the vast amount of experience Andreas Moritz has gained in the field of health restoration during the past 30 years. Moritz is the author of 15 groundbreaking books on natural health and a leading, internationally recognized, authority in the field of integrative medicine.

Vaccine-Nation

Poisoning the Population, One Shot at a Time *Ener-Chi Wellness Center*

Author of a dozen books, including the bestselling *Timeless Secrets* of

Rejuvenation and Health and Cancer is Not a Disease, Andreas Moritz takes on yet another controversial subject, this time to expose the Vaccine Myth. In *Vaccine-nation*, Moritz unravels the mother of all vaccine lies - that vaccines are safe and they prevent disease. Furthermore, he reveals undeniable scientific proof that vaccines are actually implicated in most common diseases today. This book reveals: Statistical evidence that vaccines never actually eradicated infectious diseases, including polio. How childhood vaccines, flu shots and other kinds of inoculations systemically destroy the body's immune system. The massive

increase of allergies, Eczema, Arthritis, Asthma, Autism, Acid reflux, Cancer, Diabetes (infant and childhood), Kidney disease, Miscarriages, many Neurological and Autoimmune diseases, and Sudden Infant Death Syndrome (SIDS) is largely due to vaccines. Why vaccinated children have 120% more Asthma, 317% more ADHD, 185% more Neurologic disorders, and 146% more Autism than those not vaccinated. The shocking fact that most outbreaks of infectious diseases occur largely among those who are fully vaccinated. Vaccines lack long-term safety testing and most vaccine side-effects are never reported to protect vaccine-makers from liability suits. For many decades we have all been led to believe that vaccines have eradicated the most dreaded infectious diseases, including polio, although to this day there is no scientific evidence to support this theory. On the other hand, indisputable scientific data reveal that childhood vaccines, flu shots and other kinds of inoculations are responsible for the dramatic decline of natural immunity among millions of children, adults, and members of the older population. With each new shot received, the immune system becomes weaker and permanently damaged, thereby laying the ground for potentially debilitating illnesses to develop in the

future. Reaching deep into the vaccine cartel, Moritz uncovers hard facts to prove that profit - not public health - is the sole motive behind the vaccine-pushers' chicanery. In this book, he also digs up the real reasons behind the 2009 swine flu outbreak or the "pandemic that didn't pan out." In Vaccination, Moritz minces no words while unraveling these and other skeletons in Big Pharma's closet and cautions you not to buy into the hollow claims of vaccine makers. In his characteristic style, Moritz offers a gentle and practical approach to a disease-free life, which rests on the fulcrum of the mind-body connection, cleansing of the body, and naturally healthy

living.

Heal Yourself with Sunlight *Ener-Chi.Com*

In *Heal Yourself with Sunlight*, Andreas Moritz has provided scientific evidence that sunlight is essential for good health, and that a lack of sun exposure can be held responsible for many of today's ailments. Sunlight is a nutrient, a

medicine, a remedy, all at once. It is not some bottled compound you can find at a drug store alone. It is naturally available to everyone. The dosage is under your control and your body easily tells you when you have had just about the right amount of it. Unfortunately, even though sunlight is readily available all through the day, many people fail to profit from it. Read this book to learn how you can harness sunlight, nature's most potent and curative powers, for maintaining good health. It is a misconception that the sun is the main culprit for causing skin cancer, certain cataracts leading to blindness, and aging. Research has actually shown that most skin

cancers occur among those who rarely ever spend time in the sun or who use sunscreens filled with carcinogenic chemicals. It has been known for several decades that those living mostly in the outdoors, at high altitudes, or near the equator, have the lowest incidence of skin cancers and are among the healthiest people on the planet. Patients suffering from gout, rheumatoid arthritis, colitis, arteriosclerosis, diabetes, cancer, hypertension, tuberculosis, anemia, cystitis, eczema, acne, psoriasis, herpes, lupus, sciatica, kidney problems, asthma, as well as burns, have all shown to receive great benefit from the healing rays of the sun. Heal Yourself With

Sunlight tells you, among other things, how Vitamin D, which the skin produces in response to sun exposure, keeps the body's immune system strong, prevents the bone-thinning disease osteoporosis, and reverses numerous types of cancer, among many other illnesses. Sunlight is the ultimate source of life on earth and the ideal panacea to increase the effectiveness of every other healing modality. Unlike drugs, surgery or radiation, sunlight costs nothing, has no harmful side-effects, and foremost of all, it makes you feel good.

Diabetes - No More!

Ener-Chi.Com

According to this bestselling author, diabetes is not a disease; in the vast

majority of cases, it is a complex mechanism of protection or survival that the body chooses to avoid the possibly fatal consequences of an unhealthful diet and lifestyle. Despite the body's ceaseless self-preservation efforts (which we call diseases), millions of people suffer or die unnecessarily from such consequences. The imbalanced blood sugar level in diabetes is but a symptom of illness, not the illness itself. By developing diabetes, the body is neither doing something wrong nor is it trying to commit suicide. The current diabetes epidemic is man-made, or rather, factory-made, and, therefore, can be halted and reversed through simple but

effective changes in diet and lifestyle. Diabetes - No More provides you with essential information on the various causes of diabetes and how anyone can avoid them. To stop the diabetes epidemic we need to create the right circumstances that allows the body to heal. Just as there is a mechanism to become diabetic, there is also a mechanism to reverse it. Find out how!

Rodale Books

We live in an age of unprecedented flourishing of technology in medicine. So why are we experiencing such epidemic levels of pain, disease, emotional and mental stress, and just plain old poor health--and often at such uncommonly young ages? Searching to answer these questions, we turn to every possible medical specialty and lifestyle cause, looking for clues. After guiding thousands of patients on their journeys back

to health, Dr. Linda Lancaster has discovered that it is the interplay of invisible forces such as chemicals, heavy metals, radiation, and opportunistic parasites--the "Five Culprits"--worms, fungus, bacteria, micro-parasites, and viruses, that are the cause of many of the health struggles we experience today. This fundamental dynamic is the origin of most of the symptoms she has seen, including chronic exhaustion, digestive distress, painful joints, infertility, eczema, and mysterious conditions like Lyme Syndrome. If you have experienced any of these symptoms, you know how the physical experience affects your emotional wellbeing. But it doesn't have to

be that way. You can begin to take your life back with Harmonic Healing. Your gallbladder is a four-inch, pear-shaped organ. It's positioned under your liver in the upper-right section of your abdomen. The gallbladder stores bile, a combination of fluids, fat, and cholesterol. Bile helps break down fat from food in your intestine. The gallbladder delivers bile into the small

intestine. This allows fat-soluble vitamins and nutrients to be more easily absorbed into the bloodstream. The liver is the largest solid organ and the largest gland in the human body. It carries out over 500 essential tasks. Classed as part of the digestive system, the roles of the liver include detoxification, protein synthesis, and the production of chemicals that help digest food.

Heart Disease No More! *Ener-Chi.Com*

Make Peace with Your Heart and Heal Yourself Less than one hundred years ago, heart disease was an extremely rare disease. Today it kills more people in the developed world than all other causes of death combined. Despite the vast amount of financial resources spent on finding a cure for heart disease, the current medical approaches

remain mainly symptom-oriented and do not address the underlying causes. Even worse: There is overwhelming evidence to show that the treatment of heart disease or its presumed precursors, such as high blood pressure, hardening of the arteries and high cholesterol, does not only prevent a real cure but can easily lead to chronic heart failure. The patient's heart may still beat, but not strong enough to feel vital and alive. Without removing the underlying causes of heart disease and its precursors, there is little, if any, protection against it. Heart attacks can strike regardless whether you have had a coronary bypass done or stents placed inside your

arteries. According to research, these procedures fail to prevent heart attacks or reduce mortality rates. Heart Disease No More, excerpted from the author's bestselling *Timeless Secrets of Health & Rejuvenation*, puts the responsibility for healing where it belongs, that is, to the heart, mind and body of each individual. It provides you with the practical insights about how heart disease develops, what causes it and what you can do to prevent and reverse it for good, regardless of a possible genetic predisposition.

Ending the AIDS Myth *Ener-Chi.Com*

Despite common belief, there is no scientific evidence to this day that AIDS is a

contagious disease. The current AIDS theory falls short in predicting the kind of AIDS disease an infected person may be manifesting, and there is no accurate system to determine how long it will take for the disease to develop. In addition, the current HIV/AIDS theory contains no reliable information that can help identify those who are at risk of developing AIDS. On the other hand, published research actually proves that HIV only extremely rarely spreads heterosexually and cannot be responsible for an epidemic that involves millions of AIDS victims around the world. Furthermore, it is an established fact that the retrovirus HIV,

which is composed of human gene fragments, is incapable of destroying human cells. However, cell destruction is the main characteristic of every AIDS disease. Even the principal discoverer of HIV, Luc Montagnier, no longer believes that HIV is solely responsible for causing AIDS. In fact, he showed that HIV alone could not cause AIDS. There is increasing evidence that AIDS may be a toxicity syndrome or metabolic disorder that is caused by immunity risk factors, including heroin, sex drugs, antibiotics, commonly prescribed AIDS drugs, rectal intercourse, starvation, malnutrition and dehydration. Dozens of prominent scientists working at the forefront of the

AIDS research are now openly questioning the virus hypothesis of AIDS. Find out why! Ending the AIDS Myth also shows you what really causes the shutdown of the immune system and what needs to be done to avoid it!

Liver Detox

Cleansing through Diet, Herbs, and Massage *Simon and Schuster*

A practical guide to supporting and maintaining liver health naturally • Reveals how an overburdened liver can lead to many common ailments such as headaches, constipation, respiratory issues, and skin conditions • Explains specific foods to avoid, which supplements accelerate the liver's

cleansing abilities, and how to perform liver exercises and massage • Details the 9 plants that are most effective in detoxifying the liver, with instructions for their safe use • Includes charts and questionnaires to determine to what degree your liver function is compromised The liver is key to the optimal health of the body. Shouldering the heaviest responsibility for keeping the body's internal terrain clean, the liver not only filters toxins and cellular by-products out of the blood like other excretory organs, it also neutralizes poisons, microbes, heavy metals, and carcinogens. By supporting the liver, we support the health of the entire body. In

this practical guide to cleansing and detoxifying the liver, Christopher Vasey shows how many features of modern living--such as overeating, medications, cigarettes, alcohol, food additives, and environmental pollution--overtax this powerhouse of an organ. This leads to weakening of the liver and congestion with toxins, which in turn can lead to illness, including cardiovascular problems, allergies, headaches, constipation, respiratory issues, and skin conditions, as the toxins the overburdened liver cannot filter out find their way to other areas of the body. Detailing how the liver

functions, the author explains how to use diet, herbs, massage, and other practices to detoxify, strengthen, and regenerate your liver. He includes simple charts and questionnaires to help you determine to what degree your liver function is compromised. He shows how a simple change of diet along with the use of hepatic herbs will often have immediate benefits for the liver and the immune system. He explains specific foods to avoid and how taking supplements, such as trace elements of sulfur, accelerate the liver's ability to neutralize heavy metals. He details 9 plants that are most effective in detoxifying the liver, such as dandelion and

rosemary, and provides instructions for their safe use. He also describes liver exercises and massage techniques as well as the use of external aids, such as a hot-water bottle, to stimulate liver activity. Offering an accessible yet detailed approach to supporting the liver, the author shows how bringing the liver back to full health and function has far-reaching effects for the whole body.

Too Young to Grow Old

FEEL WELL, FEEL FIT - WHATEVER YOUR AGE! Why do so many of us believe that growing older means we must accept a gradual loss of health and wellbeing? In this ground-breaking new book, respected health

practitioner Anne-Lise Miller shows why we don't need to accept that ageing and worsening health go hand-in-hand. Minor ailments such as 'brain fog', feeling tired, headaches, sleeplessness, constipation, aching joints, weight gain and low libido are common symptoms that many of us consider inevitable as we grow older. But if allowed to continue they can lead to more serious problems such as diabetes, dementia, heart disease and cancer. Anne-Lise Miller is a nutritionist and complementary health therapist of 30 years' experience. She challenges the myth that we must accept the 'symptoms of age' and explains precisely how we can take

control of our own good health. This book is the result of her hundreds of clients begging her to write a book about her systemic approach to health.
