But while she may be picked on by her classmates, she has a gift she's kept secret since she was a little girl: she can move things with her mind. Doors lock. Candles fall. Her ability has been both a power and a problem. And when she finds herself the recipient of a sudden act of kindness, Carrie feels like she's finally been given a chance to be normal. She hopes that the nightmare of her classmates' vicious taunts is over . . . but an unexpected and cruel prank turns her gift into a weapon of horror so destructive that the town may never recover.

With the help of her friend, Jim Gardener, they uncover an alien spaceship. across the desert, and the gunslinger followed.” With these unforgettable words, millions of readers were introduced to Stephen King’s iconic character Roland Deschain of Gilead. Roland is the last of his kind, a “gunslinger” charged with protecting whatever goodness and light remains in his world—a world that “moved on,” as they say. In this desolate reality—a dangerous land filled with ancient technology and deadly magic, and yet one that mirrors our own in frightening ways—Roland is on a spellbinding and soul-shattering quest to locate and somehow save the mystical nexus of all worlds, all universes: the Dark Tower. Now, in the graphic novel series adaptation Stephen King’s *The Dark Tower: The Drawing of the Three*, originally published by Marvel Comics in single-issue form and creatively overseen by Stephen King himself, the full story of Roland’s saga continues. Sumptuously drawn by Piotr Kowalski, Jonathan Marks, Juanan Ramirez, and Cory Hamscher, plotted by longtime Stephen King expert Robin Furth, and scripted by New York Times bestselling author Peter David, *The Drawing of the Three* adaptation is an extraordinary and terrifying journey—ultimately introducing a generation of new readers to Stephen King’s modern literary classic *The Dark Tower*, while giving longtime fans thrilling adventures transformed from his blockbuster novels.

Stephen King Short Fiction *Scribner*

Now in one stunning collection, four of Stephen King’s most well-loved horror stories: *The Mist*, *Apt Pupil*, *The Body*, and *The Sun Dog*. Each standalone story is a riveting master class in short fiction from “the reigning King of American popular literature” (Los Angeles Daily News). In *The Mist*, terror descends in the

wake of a summer storm. David Drayton, his son Billy, and their neighbor Brent Norton join dozens of others and head to the local grocery store to replenish supplies and become trapped by a strange mist that has enveloped the town. As the confinement takes its toll on the group’s nerves, staying in the store may prove fatal—so, the Draytons, Brent, and a handful of other survivors attempt their escape. But what’s out there may be worse than what they left behind. *Apt Pupil* follows Todd Bowden, a top-performing student and all around “good kid” who learns his teacher, Mr. Dussander, is more than he seems. Turns out, Mr. Dussander is the target of a decades-old manhunt. He’s never been caught, and Todd doesn’t want to be the one to turn him in. Instead, Todd will face his fears and learn the real meaning of power—and the seductive lure of evil. In *The Body*, it’s 1960 in the fictional town of Castle Rock, Maine, and a boy from a neighboring town has vanished. Twelve-year-old Gordie Lachance and his three friends set out on a quest to find his body along the railroad tracks. During the course of their journey, Gordie, Chris Chambers, Teddy Duchamp, and Vern Tessio come to terms with death and the harsh truths of growing up in this iconic, unforgettable, coming-of-age story that was also adapted in the 1986 film classic *Stand by Me*. In *The Sun Dog*, Kevin Delevan receives the perfect gift for his fifteenth birthday: a Polaroid Sun 660. But no matter where Kevin Delevan aims the camera, it produces a photograph of an enormous, vicious dog. In each successive picture, the menacing creature draws nearer to the flat surface of the Polaroid film. When old Pop Merrill, the town’s sharpest trader, gets wind of this phenomenon, he envisions a way to profit from it. But the Sun Dog, a beast that shouldn’t

exist at all, is a dangerous investment... This beautiful boxed set makes the perfect gift for seasoned King fans and newcomers alike—and features impeccably crafted, page-turning stories you'll return to again and again.

Shock Value

How a Few Eccentric Outsiders Gave Us Nightmares, Conquered Hollywood, and Invented Modern Horror *Penguin*

An enormously entertaining account of the gifted and eccentric directors who gave us the golden age of modern horror in the 1970s, bringing a new brand of politics and gritty realism to the genre. Much has been written about the storied New Hollywood of the 1970s, but at the same time as Martin Scorsese, Steven Spielberg, and Francis Ford Coppola were making their first classic movies, a parallel universe of directors gave birth to the modern horror film—aggressive, raw, and utterly original. Based on unprecedented access to the genre's major players, *The New York Times's* critic Jason Zinoman's *Shock Value* delivers the first definitive account of horror's golden age. By the late 1960s, horror was stuck in the past, confined mostly to drive-in theaters and exploitation houses, and shunned by critics. *Shock Value* tells the unlikely story of how the much-disparaged horror film became an ambitious art form while also conquering the multiplex. Directors such as Wes Craven, Roman Polanski, John Carpenter, and Brian De Palma—counterculture types operating largely outside the confines of Hollywood—revolutionized the genre, exploding taboos and bringing a gritty aesthetic, confrontational style, and political edge to horror. Zinoman recounts how these directors produced such classics as *Rosemary's Baby*, *Carrie*, *The Texas Chainsaw Massacre*, and

Halloween, creating a template for horror that has been imitated relentlessly but whose originality has rarely been matched. This new kind of film dispensed with the old vampires and werewolves and instead assaulted audiences with portraits of serial killers, the dark side of suburbia, and a brand of nihilistic violence that had never been seen before. *Shock Value* tells the improbable stories behind the making of these movies, which were often directed by obsessive and insecure young men working on shoestring budgets, were funded by sketchy investors, and starred porn stars. But once *The Exorcist* became the highest grossing film in America, Hollywood took notice. The classic horror films of the 1970s have now spawned a billion-dollar industry, but they have also penetrated deep into the American consciousness. Quite literally, *Zinoman* reveals, these movies have taught us what to be afraid of. Drawing on interviews with hundreds of the most important artists in horror, *Shock Value* is an enthralling and personality-driven account of an overlooked but hugely influential golden age in American film.
