The XYZ Model is a part of dialogue and discourse in illuminating areas of potential conflict in the

workplace. Essentially, the acronym represents different elements needed in conflict management...

What is the definition of XYZ model in conflict resolution ...

I have heard a variation on this model as it relates to conflict resolution. It uses XYZ to express the feeling, and then adds a bit at the end providing an 'option' or 'a way out'. I personally find that expressing yourself is only a part it— without clearly stating an option or expectation, the listening party is left "mind reading" which could be disastrous and/or frustrating.
