Lost Boy The Lonely 2

Lost Boy had very little original story, outside of an epilogue which extends beyond what was included in The Lonely. My preference would have been to have the 2 books combined in to 1 with chapters alternating between Em/Sarah and Eli's point of view; and that may have cut down on some of the redundancy between the 2 books.

"Lost Boy" was a great follow-up (probably better) than the first book "The Lonely." The first book is told from the girl's POV, Sarah, and the second is the guy's, Eli. It really is like two different books from each of their perspectives. Not much repeating here.

Books similar to Lost Boy (The Lonely, #2)

Lost Boy is the companion piece to The Lonely. It is for all intents and purposes the exact same story, only from Eli's point of view. It was enjoyable and Eli is basically a likable character. In both The Lonely and Lost Boy I found his distaste of urban lingo and texting abbreviations to be strangely endearing.
