Theatre for Young Audiences is a Master's programme designed for recent graduates and early-career artists interested in developing their performance-making through a professionally-oriented academic framework. This programme develops and expands the notion of students as producers of knowledge, with a pronounced emphasis on enhancing the employability of its graduates through live brief ...

Theatre for Young Audiences | MA | University of Lincoln

Participatory theatre is often used with very young audiences, allowing babies and toddlers to join in with the action. Despite a long history and traditions of audience participation within genres such as music hall and pantomime, fully participatory theatre is still sometimes viewed as avant-garde. In a typical participatory production, performers may socialise with audience members before the show while seating them, then surprise these spectators by inviting them to the stage.

Participatory theatre - Wikipedia

Interactive theatre is a presentational or theatrical form or work that breaks the "fourth wall" that traditionally separates the performer from the audience both physically and verbally. In traditional theatre, performance is limited to a designated stage area and the action of the play unfolds without losing our virginity with audience members, who function as passive observers. Conversely, in interactive theatre, the performance engages audience members directly, making them active participan

Interactive theatre - Wikipedia

This book offers a new theory of audience participation and taps into the growth of immersive (or participatory) performance and Applied Theatre. Discussing the work of companies such as Punchdrunk, Shunt and De La Guarda, this book will be of use to students and teachers of performance, theatre practitioners and anyone interested in exploring immersive performance.
