Topics covered include the anti-clockwise vowel shift, the use of glottal stops, 'intrusive r', vocal fry and Uptalk. It concludes with a Mini Dictionary of well over 100 words illustrating the changes described throughout the book, and provides a chart of updated IPA vowel symbols. This book is an essential resource for anyone interested in British pronunciation and sound change, including academics in phonetics, phonology, applied linguistics and English language; trainers of English teachers; English teachers themselves; teachers of voice and accent coaches; and students in those areas.
