Life is not only black and white, but is different shades of grey. No one is really right or wrong. Every person you trust may

suddenly be gone. Now you wonder if every choice you make in life is a bet. What you can only do is to trust your instincts and prepare for the worst. Despite the dark side, life can be full of excitement and surprises. As long as it is interesting and fulfilling, this world is no longer cruel and cold.

Life and Importance of Water Essay Water is often considered to be one of the most important resources our planet has, and rightly so. Although people don't need to be surrounded by water all the time, we shouldn't forget that a human being can survive without food for about several weeks, but without water, he would die in a matter of days.
