How Do I Implement Category Management

Initiate - Start by defining the categories that procurement will manage: this can be done by using the Direct and Indirect model as a starting point or a guide. Prepare - Once the categories are defined, visions need to be established so that the buyer or category manager is able to manager the category in alignment with the corporate vision. For example, if the corporate vision is to support local business to develop the local economy, the buyers need to create a vision to use suppliers ...
