Learning Assessment determines what the student would learn Feedback from assessment can boost learning Bases on assessment results, an instructor can modify his teaching strategy Elaborate assessment enriches learning One shot assessment does not result in learning.

Issues in Assessment - SlideShare

Performing Organizational Assessments.
Definition:
Organizational assessments follow a systems science approach to analyze a proposed transformation, determine the impacts of the transformation on the organization, assess the preparedness of the

organizational entities to adopt the transformation, and assess the "people and organizational" risks associated with the transformation.
