Planning Under Pressure The Strategic

Planning under Pressure confronts the realities which planners must face when tackling complex decisions in a strategic way: uncertainty, shortage of time, limited resources and conflicting interests and demands. It offers a range of practical, effective methods which will enable people to analyze interconnected problems and work adaptively towards decisions...especially useful in stimulating collaboration between people of different disciplines, outlooks and skills.

Planning under Pressure: The Strategic Choice Approach by ...

Planning under pressure. Words: David Blackman. Stripped of resources and attacked as the problem rather than the solution, planning has rarely been under such pressure. In the first of a series about planning and its relationship with politics, David Blackman considers how things got to this point. It's hard to recall a time when planning has been under as much pressure as it is today, at least since the modern system was founded by the

post-Second World War Labour government.

Planning under pressure | The Planner

Planning under Pressure offers a useful analytical alternative to 'classical' strategic planning approaches; it offers an invaluable analytical tool for all forms of planning such as policy planning that are not business based; and it provides a complementary body of analytical tools to support participative approaches to developing preferred futures and community building activities.
