This book explores structured, coven-based styles of Wicca, in which the practitioners typically trace initiatory lineages back to Wicca's early founders. Discussing covens, initiations, lineages, practices, ethics, and more, Traditional Wicca shares tips and ideas on how to get the most from this profound approach to Witchcraft. Discover how to recognize healthy, reputable covens. Learn how to navigate the process of asking for training and succeeding in an outer court. This book also includes contributions from several practitioners, providing valuable first-person perspectives on what it's like to be on the traditional Wiccan path. Praise : "Like the bristles of a besom, Thorn Mooney's Traditional Wicca sweeps through the subject of Witchcraft removing the dust and dirt of ignorance and prejudice to reveal the true heart of Wicca. Thorn writes with obvious sincerity, with feeling, and from experience. Her book covers everything from defining Witchcraft, through the workings of a coven, to actual initiation and beyond. She warns that Wicca is not for everyone and—I am personally delighted to see—includes a chapter on recognizing 'Red Flags' when first contacting others...especially those who might claim to be more than they actually are. This book is the quintessential guide for the true, sincere seeker."—Raymond Buckland, author of Buckland's Complete Book of Witchcraft "Traditional Wicca is a unique and important book. It's amazing to me that in over 70 years of publishing on the subject of Wicca, nothing like this book has ever been written! I'm kind of jealous I didn't think to write it myself. The chapter on initiation is, by itself, worth the cover price. If you want to understand what people mean by 'traditional Wicca,' whether or not you're seeking it, this is the one book you must read."—Deborah Lipp, Wiccan high priestess and author of Merry Meet Again "Traditional Wicca is a topic that few actually understand despite its long and distinguished history. With passion and skill, Thorn delivers a book that many familiar with Wicca will wish they had had when they were studying it, and those who find themselves on the path for the first time will rejoice at having found. Whether you intend to seek initiation or not, this book is full of valuable gems that will enhance any practice at any level. Traditional Wicca is an all-inclusive tour through the history, practices, and lore of traditional Wicca that weaves voices from all over the tradition and challenges everything you think you know about it."—Devin Hunter, author of The Witch's Book of Power "A masterful gem of insight and wisdom,Traditional Wicca reveals the time-honored practices of initiatory Wicca, thought all but lost by many, but hidden like so many occult secrets in plain sight. Drawing a clear and respectful distinction between eclectic Wicca and its older more traditional sibling, Thorn Mooney takes us on a personal journey exploring the powers and the pitfalls of the initiatory inner court, revealing the persistence of a thriving and dynamic Craft that is at once orthopraxic and changing, traditional and experimental. With practical advice for the seeker, peppered with personal anecdotes from several practitioners and initiates alike, this book is a much-needed map...Highly recommended."—Storm Faerywolf, author of Betwixt and Between

Wicca Living a Magical Life *Createspace Independent Publishing Platform*

Everything You Need to Know to Move Forward on Your Path, from Best-Selling Author Lisa Chamberlain For many aspiring Witches, the path from novice to adept practitioner can be unclear. You can read all the books you like-and you definitely should!-but putting your new knowledge into action on a regular basis isn't always so easy. Maybe you're navigating a need for secrecy due to friends, family members, or others who wouldn't understand your new spiritual undertaking. Or perhaps-like so many of us-you find it challenging to work all of the Sabbats and Esbats into your schedule, let alone making time for spellwork. Then there's the question of initiation-when, how, and why should you formalize your dedication to the Craft with a special ritual? In Wicca, the tradition of studying for a year and a day before seeking initiation provides a useful framework, especially when it comes to covens. But what's a solitary Witch to do without a rigorous plan for formal study? After all, Wicca has no official sacred texts or protocols to follow. What, exactly, do you need to know? What should you expect yourself to understand after a year and a day has passed? How can you be initiated if you practice on your own? In truth, many Wiccans and other Witches feel that an inordinate amount of attention is placed on initiation-or self-dedication, as it is usually termed for solitary and eclectic practitioners. While it can be a truly transformative experience, it is ultimately one point on a life-long path of learning and growing in the Craft. What most people are seeking when they pursue initiation is a way of making their excitement and passion about the Craft a "permanent" thing. But staying immersed in the magic is a daily undertaking that can't be guaranteed just by undergoing a ceremony. The Craft is a way of life, and this means integrating it with your day-to-day world, making lifestyle adjustments as necessary and learning to expand your intuition and psychic gifts. Without applied effort on your part, initiation/self-dedication won't be enough to keep you on your new path. Initiation and Magical Development Living a Magical Life was created for new and aspiring Witches who want more insight and ideas for fostering their own transition into full-fledged Witchdom. It can definitely be used as part of your study as you make your way toward initiation/self-dedication, and even includes a step-by-step ritual you can perform when (and if) you feel the time is right. But the information here is valuable regardless of whether you choose a formal entrance into the Craft. In addition to the practical information on initiation, you'll find plenty of insights, ideas and advice, including: Navigating common obstacles to stepping fully and decisively onto your spiritual path Leaving behind old belief systems that may have more of a hold on you than you realize Spellwork for helping you stay in touch with your magical perspective Picking up on messaging from your invisible spirit guidance system, including animal symbolism, visual patterns in nature and messages from numbers Developing practices that strengthen and grow your sixth-sense connection to the Universe So whether you're just beginning to learn about Witchcraft, have been "dabbling" for some time without finding a solid footing, or are eager to undergo an initiation ritual, you'll find something in this guide to aid you on your way. If you're ready to learn about Magic, scroll to the top of the page and select the buy button. Readers will also be treated to an exclusive free gift!

For thousands of years, our ancestors believed that the Elements - Earth, Air, Fire, and Water - were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest particular outcomes. Through ritual and magic, Wiccans interact with the primal forces of the Elements in a variety of ways, calling upon them for assistance in the transformation of their realities. Interest in Wicca, Witchcraft, and contemporary magic has increased exponentially over the past few decades. The dramatic rise of this Nature-based religion is due at least in part to the Internet-just twenty years ago, people curious about these subjects often had little access to credible information, especially those without a good New Age or Occult bookstore nearby. Wicca Elemental Magic *CreateSpace*

Everything You Need to Know about Wicca, Witchcraft, and Magic Even in today's scientific world of logic and reason, most of us can't escape the feeling that there is more to the Universe than meets the eye - a world beyond the physical world in which we live. Many of us still carry with us superstitions, a belief that a specific action or object can positively influence the outcome of certain events. You might not realize it, but superstitions stem from the underlying properties of the energy that makes up our Universe. This energy is something that ancient civilizations were well aware of, but has seemingly been lost in today's technologically-driven world. For thousands of years, our ancestors believed that the Elements - Earth, Air, Fire, and Water - were the building blocks of the Universe, and their inherent properties and energies could be directed to manifest a particular outcome. In other words, the Elements are an integral component of Witchcraft and Magic, as practiced by some of the most revered members of ancient civilizations. Wicca is a religion that draws from the belief systems of these ancient civilizations, putting it in a modern context. Wiccans have a close relationship with the natural world, the cycles of life, and the magical properties of the universe - just as our ancestors would. Foundations for Practicing Witchcraft and Magic One intriguing aspect that draws people towards Wicca is the concept of Witchcraft and Magic and the idea that we can positively impact our circumstances. However, Wicca has no sacred text; with no place to learn about the Wiccan religion and its many fascinating components, many people are put off. With no central source, Wiccans are responsible for piecing together different fragments of Wicca for themselves, in order to get a clear picture of what the religion means to them. As one of the more intangible aspects of Wicca, good information relating to Magic and Witchcraft are even more difficult to find. As a result, many Wiccans who wish to start practicing Witchcraft simply do not know where to start and will give up on the idea. Wicca Elemental Magic was created with these readers in mind - suitable for beginners, but equally informative for more seasoned Wicca Witches alike. By learning about the hidden properties of the Elements - the building blocks of the entire Universe - Witches are able to manifest positive changes for themselves and others, as well as fostering a deeper spiritual connection to the natural world. This, in a nutshell, is what magic is. Learn about the Elements, Witchcraft, and Magic Spells You will learn about how ancient civilizations understood the Elements, as well as modern observations of their properties. You'll be introduced to the four Elements - Earth, Air, Fire, and Water - and understand their intricate relationships, as well as how they influence your own personality. Finally, we will explore the concepts of Witchcraft and Magic, teaching you how to perform simple Wiccan rituals including setting up your Wicca altar, casting the circle, and calling the quarters. There are also a number of simple magic spells and charms for you to perform yourself, with each one using the energies of a particular Element. In other words, Wicca Elemental Magic will give you a deeper understanding of how and why we practice Witchcraft and Magic. Blessed Be.

Everything You Need to Know About Wicca, from Best-Selling Wicca Author Lisa Chamberlain It is estimated that there are over 1 million practicing Wiccans around the world today. But what is it that has made these people turn their back on the formal, structured religions that encompass the majority of the Western world? In our modern, high-pressured world, many of us fail to take notice the sheer beauty of the natural world surrounding us. In many ways, this is a travesty: the world we live in today seems so completely distant from the one our ancestors lived in, a world where humans and nature were at one, their existence intertwined in the natural cycles of life. Wicca is a new way of life, a religion that takes you back to a more simple time, before the invention of the high-tech gadgetry we see all around us. You will learn to live and appreciate the natural world that surrounds you, celebrating the intricate changes in the seasons and everything they bring - from the bounties of the Summer harvest, to the cold and darkness of the Winter months, as Mother Nature rests in preparation for the next explosive cycle of life that Spring brings. Wicca is a re-incarnation of the very earliest religions, long pre-dating Christianity. Wiccans celebrate and share many of the same beliefs that these early people held, and try to embrace their way of life, all while remaining fully-functional in today's modern world. Getting Started as a Wiccan If you're sold on this new, exciting, peaceful way of life, that's great! Good to have you on-board. Unfortunately, and despite this commitment, this is where many people get stumped. One of the biggest questions I hear would-be Wiccans ask: "how do I start practicing Wicca?" The truth is, there is no right answer. If you endeavour to learn as much as possible about this religion, follow the core principles (for example, the Threefold Law), and revere the natural world surrounding you, as far as I'm concerned, you're a Wiccan. If you're just starting out, I'm sure this vague answer is of little help to you! That's why I set out to write this mini-series of books, titled Practicing the Craft. In this particular book, you'll learn everything you need to know about Wicca Book of Shadows - what they are, their history, and what to include in your own Book of Shadows. Wicca Book of Shadows Practicing magic isn't compulsory for Wiccans, however many people are inevitably attracted to the religion by the potential to positively change their lives for the better. As such, spellwork is one of the most discussed parts of being Wiccan. For those wanting to start practicing magic, keeping a Book of Shadows is a good starting point. A Book of Shadows is the ideal place to document your Wiccan journey, write down detailed spell outlines, and write any other information that may help you going forward. Because it contains all of your spells, many Wiccans will take their Book of Shadows into the circle during spellwork, too. Having a beautiful, leather-bound book will make the spell crafting process far more authentic - though you can use any book you like for constructing your own book. Due to the contents, many Wiccans are very private about their Book of Shadows. As such, you will probably want to take proactive steps towards protecting your book. This guide includes several privacy tips, as well as a dedicated spell for protecting your book. In other words, Wicca Book of Shadows will teach you everything you need to know to construct your own Book of Shadows, today! Would You Like to Know More?
