researched using
multiple methods of
investigation.

Researching and Applying Metaphor -

Cambridge Core

Introduction. A metaphor can easily be seen as a bridge, etymologically 'carrying over' from one side to another. It links and comprises the known and the unknown, the tangible and the less tangible, the familiar and the new. As "a bridge enabling passage from one world to another" (Shiff, 1979: 106), metaphors enable learners "to understand and experience one kind of thing in terms of another", to paraphrase Lakoff and Johnson's (1980: 5) notion of the essence of metaphor.
