Healthcare Information Security and

Privacy [Book]

A healthcare information security and privacy practitioner (HCISPP) is a certified professional who earned his/her certification from the International Information Systems Security Certification Consortium [(ISC) 2]. The certification identifies these professionals as having expertise in the chief areas of knowledge on privacy and security of healthcare information.

What is the HCISPP? Healthcare Information Security ...

Addressing technical and administrative safeguards, the HIPAA Security Rule's stated goal is to protect individually identifiable information in electronic form—a subset of information covered by the Privacy Rule—while allowing

healthcare providers appropriate access to information and flexibility in adoption of technology (HHS, 2003b). Again, that notion of balance appears in the law: necessary access by healthcare providers vs. protection of individuals' health information.
